Carl P. Berger, architect, South Penn Square Building, will invite bids on May 7th for alterations and additions to Children's Hospital, Mary J. Drexel Home at Poplar and Twenty-second streets. Work will consist of new operating room, 25x30 ft. of brick and terra-cotta and stone, copper skylights, tile floors, marble wainscoting and hardwood finish.

Edwin F. Durang, architect, 1200 Chestnut street, has completed plans for an art gallery building for the Trinity College, to be erected at Washington, D. C. It will be three stories high, of brick and stone, and will measure 120x124 feet. The first floor will be an auditorium, on the second floor, the art gallery, and the third floor will be utilized for dormitories. Will be ready for bids soon.

Newman & Harris, architects, Real Estate Building, have completed plans and specifications and sent same out to builders for estimates for extensive improvements to the residence of Louis F. Benson, at 2014 De Lancey Place. John Duncan, Jno. R. Wiggins & Co., R. C. Ballinger & Co., Thos. M. Seeds, Jr., Jacob Myers & Son, J. P. Thompson are bidding; bids due May 14th.

Chas. E. Oelschlagel, architect, Harrison Building, has completed plans and specifications and sent same out for estimates for alterations and additions to 867 North Seventh street, for Arno Leonhardt. Plans provide for interior improvement and the building of a fourth story to the present residence. Bids due May 8th. Jas. S. Myers, Geo. F. Payne & Co., Stacey Reeves & Sons, W. R. Dougherty and Robt. Tarlo & Son, are bidding.

Louis C. Hickman, architect, 328 Chestnut street, has sent plans to Samuel Davis, Samuel Marten & Sons, John Hevener & Son, of Conshohocken, Pa., and C. F. Sharp, of this city, for new residence for Dr. Florence Donnelly to be built at Conshohocken, Pa. It will be two stories and attic high, 40x22 feet, and will be built of brick with all modern improvements. Bids due May 7th.

Cope & Stewardson, architects, 320 Walnut street, have completed plans and specifications for a handsome residence of the Elizabethan style of architecture for Francis L. Potts, to be built at Bryn Mawr, Pa. It will be three stories high, 150x60 feet, with a servant wing, 25x86 feet, and will be built of brick and stone. The house will be built on a terrace, and will have large balustraded porches. On

the front and rear a handsome stone porte cochere will be built. The interior will be in hardwood finish, with best plumbing, tile baths and every modern convenience and appointments. Bids due May 15th. Stacey Reeves & Sons, Doyle & Doak, W. R. Dougherty, J. E. & A. L. Pennock and J. S. Cornell & Sons are bidding.

Durhing, Okie & Ziegler, architects, South Penn Square Building, are working on plans for a new clubhouse for the Riverside Turn-Geinde, to be erected at Riverside, N. J. It will be three stories high, 50x100 feet, and will be built of brick and will have every appointment and conveniences. Will be ready for bids in about two weeks' time. They have also completed plans for a new stable for Mr. T. Zurbeng, to be built at Riverside, N. J. It will be two stories high, 30x60 feet, and will be constructed of frame and stone. This stable is to be built by the day's work. The above firm also announces that the hotel recently planned by them to be erected at Riverside, N. J., will also be done by day's work.

Chas. W. Bolton, architect, Witherspoon Building, is working on plans and specifications for a home for veterans and their wives, to be erected at 65th and Vine streets. It will be three stories high, 35x100 feet, with a wing 35x35 feet. It will be built of stone with slate roof, and will be heated by steam, wired for electricity and will have every appointment of its kind and will accommodate 90 inmates. Will be ready for bids in about ten days' time. He is also working on plans for a new residence to be built at Myersdale, Pa., for Mr. Collins. It will be two stories and attic high, 44x47 feet, and will be built of brick and contain all up-to-date improvements.

Morris & Vaux, architects, Stephen Girard Building, have completed plans and specifications and sent same out for estimates for alterations and additions to the plant of Dill and Collins, at Tioga and Richmond streets. Plans provide for a new four-story addition, 114x60 feet, a new three-story addition, 22x90 feet, and the building of an additional story, 60x120 feet, to the present plant. All to be built of brick and slow-burning construction, with steel posts and girders, terra-cotta work and slag roofs. They will be equipped with tower fire escapes, elevators, heated by steam, with every up-to-date factory appointment. Bids due May 11th at 11 o'clock A. M. R. C. Ballinger & Co., B. Ketchams & Sons, S. B. MacDowell, Stacey Reeves & Son are bidding.

PHILADELPHIA, WED'Y, MAY 6, 1903

THE "ARROW" HITS AND HURTS.

The "Arrow" is a booklet issued monthly in the interest of the "Taylor Old Style" roofing tin, by the N. & G. Taylor Co., of this city. The author seems to be well posted on both good and bad tin, as well as the trick of substituting bad tin for good.

He deals gently with the class of roofers who seek to make a year's profit on a single job, or who underestimate the cost of a job in order to make sure of getting it, with the sole intent of substituting any trashy tin within their reach, to the great detriment of both the honest manufacturer, as well as the honest and conscientious roofer. The "Arrow" is full of good, pointed things, as sharply pointed as arrows usually are.

ARCHITECTS' NOTE

It is reported that Col. DuPont, of Wilmington, Del., has bought a tract of land in that city and upon it a large and handsome office building will be erected and architects will be invited in competition to prepare plans for same.

Stearns & Caster, architects, Stephen Girard Building, have completed plans for and sent same to owner and builder, Wm. W. France, for two three-story brick residences with porches, to be erected at Oakland and Arnot street, Frankford, Phila.

Geo. I. Lovatt, architect, 418 Walnut street, will send out plans and specifications this week to builders for estimates for the handsome new Roman Catholic Cathedral to be erected at Harrisburg, Pa. (Details previously noted.) Bids are due in about two weeks' time.

H. L. Reinhold, Jr., architect, 430 Walnut street, has completed revised plans and sent same to builders Geo. Ash, Robt. Tarlo & Sons and E. J. Hedding, for the new residence of Albert Eyres, at Narberth, Pa. It will be two and a half stories high, of frame and stone. (Details previously noted.) Bids due May 9th.

William Copeland Furber, architect and engineer, 421 Chestnut street, is engaged on plans and specification for alterations and additions

to the residence of Mr. Bamberger at 1711 Girard avenue. Work will consist of a new front of Indiana limestone; the building of an additional story making it four stories high and general interior improvements. Will be ready for bids in about two weeks' time.

H. J. Wetherill, architect, 328 Chestnut street, is working on drawings for a new residence to be built at Bala, Pa., for J. Howard Rhoades, Esq. It will be two and a half stories high, 22x80 feet, and will be built of brick and shingle. It will have a porch on front; the interior will be in hardwood finish and will have all modern conveniences. Will be ready for bids in about two weeks' time.

VOL. XVIII.—No. 19.

PHILADELPHIA, WEDNESDAY, MAY 13, 1903.

\$5.00 PER YEAR.

ARCHITECTS' NOTES.

C. H. Rahn, architect, 410 Walnut street, has sent plans to builders Michelson & Son, H. C. Dahl, Mitchell Bros., and S. Cassals, for a pigeon house to be built at 226 North Sixty-fifth street, for Rittenhouse Bros. It will be two stories high, 17x125 feet and will be built of brick. Bids due May 15th.

It is reported that two magnificent hotels are to be erected at the ocean end of Kentucky avenue, Atlantic City, N. J. One which the Luray stood and the other on the site of the old Berkeley. It is said that Philadelphia architects are now preparing plans and operations will be commenced immediately after the close of summer.

J. F. Stuckert & Son, architects, 1421 Chestnut street, have completed plans and specifications and sent same to Wm. Steele & Sons, Lamb Building Company, and Kendrick & Roberts, Inc., builders, for estimates for altering the building at the southwest corner of Eighth and Chestnut streets, for Felix Isman. Bids due May 18th.

Heacock & Hokanson, architects, 931 Chestnut street, are working on plans and specifications for a store, office and dwelling, to be built at Coatesville, Pa., for W. C. Thompson. It will be three stories high, 23x100 feet, and will be built of brick and stone. It will contain all modern improvements. Local builders will erect this structure.

H. L. Reinhold, Jr., architect, 430 Walnut street, has completed plans and specifications and sent same to owner who will take bids for a large double dwelling to be built at Phoenixville, Pa., for Mr. J. L. Mull. It will be three stories high, 45x50 feet, and will be built of brick. It will have porch on the front and side and will contain all up-to-date improvements.

Thomas Bennett, architect, 1022 Walnut street, will receive bids until May 16th for an operation of twenty-two-story houses to be built at Forty-sixth street and Woodland avenue for W. S. P. Shields. They will be built of brick, 16x52 feet each and will have orch fronts, and will be heated by hot air, fired for electricity, with all modern improvements.

As noted in our recent issue, Geo. J. Lovett, architect, of 418 Walnut street, has sent plans to builders Doyle & Doak, Geo. F. Payne & Co., John McShaine, S. R. Riley, W. J. McHane, of this city; D. N. Rapp, Burger Bros., of Lancaster, Pa., Geo. W. Beard & Co., of Reading, and E. S. Long, of Wilkesbarre, Pa., or the new Catholic cathedral to be built at Harrisburg, Pa. Bids due May 21st.

Arthur Brockie, architect, 328 Chestnut street, has completed plans and specifications and sent same out to builders for estimates for Ward Building No. 1, for the Germantown hospital at Penn and Chew streets, Germantown. It will be built of brick, 113x42 feet, and

will contain all up-to-date hospital appointments and will accommodate 45 patients. Bids due May 9th at 9 o'clock. Jacob Myers & Sons, Thomas Little & Sons, W. J. Gruhler, Appleton & Burrell and Thomas Seeds, Jr., are bidding.

At Chambersburg, Pa., the Chambersburg Trust Co., T. M. Nelson, Esq., President, has selected Mr. J. A. Dempwolf, architect, of York, Pa., to design their new trust, bank and office building, adjoining the court house, which Mr. Dempwolf has lately remodeled and enlarged. The new building will be equipped with the best and most durable fittings, such as elevator, steam power, heating, electric appliances, including bank and office fittings, also marble and tile work. The building will cost about \$60,000.

Milligan & Webber, architects, 520 Walnut street, have completed plans and specifications and sent same out for estimates for bank, theatre and apartment house to be built at the southwest corner of Broadway and Sycamore street, Camden, N. J., for the Broadway Safe Deposit and Trust Company. It will be seven stories high, of brick, stone and steel, and will be fireproof. It will measure 60x180 feet. The first floor will be bank, theatre and cafe; the upper floors to be used as apartment house. F. S. Riggs, Jos. Bird, Machin & Brown, H. B. Shoemaker, Cramp & Co., are bidding. Bids due May 13th.

James Knox Taylor, Supervising Architect of the Treasury Department at Washington, D. C., has invited Albert Kelsey, Paul & Seymour Davis, William C. Pritchett, John T. Windrim, Edgar V. Seeler, Geo. Bispham Page, of this city; Harold T. Adams, of Atlantic City, to enter the architectural competition for the drawing of plans for the post office to be erected at the southeast corner of Pacific and Pennsylvania avenues, Atlantic City, N. J. It will be two story and basement, of stone and brick structure, 110x150. There is a Congressional appropriation of \$100,000 for the proposed building. The competition will close July 10.

Stearns & Castor, architects, Stephen Girard Building, have completed plans and specifications and sent same out to builders for a new parish house for the Protestant Episcopal Free School of St. John, to be erected at Elkhart and Emerald streets, West Philadelphia. It will be two story and basement high, 72x98 feet, and will be built of stone with slate roof. The basement will contain gymnasium, kitchen, locker room, etc. The first floor Bible and class and teachers' rooms and Sunday-school room. Second floor, gallery and class rooms. It will have all the up-to-date appointments. F. C. Hoover & Sons, Henderson & Co., Geo. C. Sipps, John R. Wiggins & Co. and Appleton & Burrell are bidding. Bids due May 21st.

BUILDING AND REAL ESTATE NOTES.

The barrel factory on Washington avenue, below Twenty-second street, was recently destroyed by fire, and it is expected that as soon as the insurance is adjusted it will be rebuilt.

Mr. D. McMullen, chairman Building Committee, Lancaster, Pa., will receive bids until May 14, 1903, for the erection of the new high school at West Chestnut and North Charlotte streets, Lancaster, to include ventilating and heating system.

At Philadelphia, bids will be received until May 14 for putting a roof on fireproof annex of storehouse No. 3 at the Schuylkill Arsenal, including such repairs to wall and upper story as may be necessary. Address Col. J. M. Marshall, Depot Quartermaster, U. S. A.

Jesse R. Pharaoh, builder, 342 Heed Building, has been awarded the contract to build the new residence at Washington, D. C., for Mr. William Rookstool, of this city. Contract price, \$10,000. Plans and specifications by C. E. Rahn, architect, 410 Walnut street. Work will proceed at once.

Ashton C. Tourison, builder, 28 South Mole street, has been awarded the contract to build the new stable at 318 West Johnson street, Germantown, for Axle Petre, Esq. It will be two stories high, 30x52 feet, and will be built of brick with slate roof. Plans by C. C. Zantinger, architect, 263 South Fourth street.

McDougal Bros., builders, 400 Chestnut street, will break ground in about one week's time for an operation of ninety-six two and three-story houses and one store, to be built at Forty-ninth and Kingsessing avenue. They will be pressed brick fronts and will measure 15x70 and 16x70 feet each, and will contain all up-to-date improvements.

Kendrick & Co., builders, 1709 Sansom street, will submit bids to Savery & Scheetz, architects, of the Stephen Girard Building, on May 14th for the new residence of Mr. Oscar T. Wood, to be built on Fayette street, Conshohocken, Pa. It will be three story, stone and shingle, with shingle roof, 25x41 feet and will have all modern improvements.

Kendrick & Roberts, Inc., builders, Keith Building, has plans posted for a new library building for the University of Georgia, to be built at Athens, Ga. It will be one story and basement high, of stone with slate roof, and will have the usual library appointments. Bids due May 23d. Plans by H. Blockly, architect, Empire Building, Atlanta, Ga.

Samuel Shivers, builder, with an office on the grounds, will erect 44 dwellings in the 33d ward for Mr. M. McCullough. Thirty-three will be built on Schiller street, between Seventh and Eighth streets. They will measure 14x28 feet. Eleven will be erected on south side of Tioga between Seventh and Eighth streets and will measure 14x41 feet. They are all two stories high, of brick. This operation will cost about \$46,000.

SACKETT'S PLASTER BOARD

The Sackett Wall Board Company, 116 Nassau street, New York City, N. Y., have recently opened an agency in Philadelphia, under the management of Mr. J. George Klemm, Jr., Rooms 614-15 City Trust Building, 929 Chestnut street.

In the short time Mr. Klemm has had the agency in this vicinity he has met with great success, having closed orders for Sackett's Plaster Board, to be used in a number of buildings, and in addition has had the Board specified by several prominent architects for future work.

Sackett's Plaster Board is used in place of wooden and metal lath for walls and ceilings, and is composed of alternate layers of strong wool felt and plaster.

Finished work on these Boards costs no more than a good grade of wooden lath and plaster, and is more satisfactory and cheaper than work done on metal lath. It will not warp, buckle or shrink, and it is impossible for walls and ceilings constructed of these Boards to fall, as the perfect adhesion between them and the plastering material makes a solid body that is securely held in place by the nails through the boards.

Sackett's Plaster Boards are non-inflammable, and are accepted as fire retardants where underwriters and municipal departments require a slow-burning construction.

Less than one-half the amount of water is used in constructing walls and ceilings with Sackett's Plaster Board as is required in plastering on wooden or metal lath, resulting in a great saving of time and reducing the warping and shrinkage of timber and trim to a minimum, and such walls are vastly warmer than if constructed on lath.

Samples and circulars can be had by applying to Mr. J. Geo. Klemm, Jr., Local Agent, 929 Chestnut street, Philadelphia.

COL. JIM DAVIS' NEW DIRECTORY

If this world of people only moved with half the energy which Col. Jim, the indefatigable publisher of Davis' Architect and Builders'

Directory, expresses in his business, it would take a long-headed fellow to predict what would be accomplished in this twentieth century. Everybody likes Col. Jim and every one likes his directory, not because they like him, but just because they wouldn't know how to get along without it. It's not only a valuable adjunct to the office of those in the building line but it's a short cut across lots to the men you must see.

It costs \$2.00 per copy and Col. Jim's office is at 703 Chestnut street.

BUILDING AND REAL ESTATE NOTES.

Mr. Thomas Scoville, 1520 Howard avenue, Allegheny, Pa., will receive bids until May 20, 1903, for installing a steam heating plant in the Twelfth Ward School Building at Allegheny.

Geo. A. Glenn & Co., contractors, have removed from the German American Trust Company Building, at Broad and Arch streets, to their large new office and yard at 928-39-32 North Eighth street.

J. Morris Rossiter, builder at Ardmore, Pa., has been awarded the contract for alterations and additions to the stable and farm house of W. T. Wright, at St. Davids, Pa. Plans by Arthur Brookie, architect, 328 Chestnut street.

Machin & Brown, builders, 401 Chestnut street, have filed bids with Geo. E. Savage, architect, of 22 North Fifty-sixth street, for alterations and additions to northwest corner of Sixteenth and Vine streets, for Chas. Cassidy.

A. Whitehead, builder, 1624 Latimer street, has been awarded the contract to build the one-story addition, 42x22 feet, to Geo. C. Thomas' residence at Twenty-first and Spruce street. Plans by C. M. Burns, architect, 717 Walnut street.

Lynch Bros., builders, Lippincott Building, are the lowest bidders and will probably be awarded the contract for the two-story stone addition to the present public school at Willow Grove, Pa. Plans by Chas. W. Bolton, architect, Witherspoon Building.

Robt. Tarlo & Son, builder, 413-15-17 S. Fifth street, have been awarded the contract to make alterations and additions to Arno Lonhard's residence at 867 North Seventh street. (Details previously noted.) Work will start at once. Plans by Chas. E. Oelschlager, architect, Harrison Building.

Arthur H. Williams & Sons, builders, 419 Locust street, have been awarded the contract to build the new residence for Bishop Mackay Smith, on Twenty-second street below Locust street. (Details previously noted.) It is estimated to cost \$75,000. Plans by Theophilus B. Gandler, architect, 328 Chestnut street.

Thomas Seeds, Jr., Chas. McCaul & Co., A. Raymond Raff, builders, have filed bids with Carl P. Berger, architect, South Penn Square Building, for alterations and additions to Children's Hospital of Mary J. Drexel Home, Poplar and Twenty-second streets. Contract will probably be awarded in a few days.

Alex. Ewing, builder, Twentieth and De Lancey Place, has been awarded the contract to make alterations and additions to the resi-

dence of Mrs. Fox, at 1871 De Lancey Place. Plans provide for a two-story rear addition of brick and general interior improvements. Plans by George B. Page, architect, Harrison Building.

Wilson Milner, builder, at Frankford, Phila., has been awarded the contract to build the new rectory for the Polish Roman Catholic congregation of St. Stanislaus, at Third and Fitzwater streets. It will be three stories high, 34x53 feet, and will be built of brownstone and pressed brick. Plans by Chas. E. Oelschlager, architect, Harrison Building.

Chas. B. Prettyman, of Land Title Building, this city, has bought the Hotel Victoria property on South Carolina avenue, near the beach, for \$60,000, Atlantic City, N. J. It is his intention to erect a handsome modern hotel on this site in the early fall. Mr. Prettyman informs us that his own architect will prepare the plans to govern the erection of this hotel.

A. Whitehead, builder, 1624 Latimer street, has been awarded the contract to build the handsome new residence for Mrs. Howard Roberts, to be built at 250 South Sixteenth street. It will be three stories high, with an ornamental brick front, and will have every modern improvement. Contract price, \$20,000. Plans by T. Melon Rodgers, architect, Devon, Pa.

KING'S WINDSOR CEMENT

FOR Plastering Walls and Ceilings

Elastic in its nature, can be applied with 25% less labor and has 12½% more covering capacity than any other similar material

J. B. KING & CO., No 1 Broadway, New York

This tough piece of Dixon's Silica Graphite Paint, obtained by cutting away the material it was painted on, shows what a hard, flexible covering it makes. It's the only paint that is made of flake graphite. It can be bent double without cracking. Heat or cold, acid or sulphuric smoke fumes don't hurt it.

SILICA DIXON'S Graphite PAINT

has been used 40 years by railroads, contractors and corporations owning large properties. It is equally desirable and economical for the owner of smaller properties. It endures three times as long as any other paint. Put it on roofs, fences, porches, spouting, smoke stacks and all exposed metal or wood work.

PROTECTING PROPERTY WITH GRAPHITE

How the Paint That's Made from it Saves Dollars for Property Owners.

Graphite, that wonderful second cousin to the diamond, has been put to many uses, from pencils to lightning rod tips, and it has proved its value in many tests of endurance in paints and likewise crucibles. Perhaps its relationship to the diamond explains why crucibles made of graphite endure under the extreme heat of the blast furnace and why graphite paint wears overlastingly in spite of frost, snow, sleet and sun, the corrosive action of salt air or sulphurous fumes from factories or locomotives.

Wherever wood or metal has been exposed to severe tests, as in roofs, bridges, boilers, smoke stacks, fences, porches, etc., where ordinary paints would have to be renewed constantly to protect the material, it has been found that graphite paint endures from five to fifteen years without renewal. Graphite paint has grown steadily in favor, slowly at first, but in the last five years the demand has increased tremendously. From being used by large property owners on factories, bridges, railroads, wharfs, etc., its fame has attracted smaller property owners, who now use graphite paint to protect their roofs, porches, fences and all exposed surfaces. The best known graphite paint has been on the market forty years, and is now shipped to every civilized country and to most of the uncivilized. This paint is made by the famous Crucible Company out of the famous Monroeville graphite from their mines in northern New York. It is the only paint made of flake graphite, and is the only one in which the minute bits of graphite suspended in the linseed oil are shaped like scales on a fish. When the paint dries these little scales overlap and overlap one another to make a coating hard and tough, and yet elastic. Dixon's Silica Graphite Paint has also as an ingredient a small proportion of silica, which adds to its endurance. It is made in four colors—dark green, dark red, black and natural, the latter being about the color of graphite as seen in a fine, soft lead pencil.

PHILADELPHIA, WED'Y, MAY 20, 1903

MARKETING GOODS SUCCESSFULLY.

There are many to-day in business who are quick to complain of the keen competition in all lines. They are also willing to agree that the times are not what they used to be, and they find it hard to take a glowing view of modern business conditions. But there are two sides to the question. To-day let the manufacturer make an up-to-date article, possessing merit, introduce it right, and he will find that a live sale awaits it. And he can make more sales in a week under modern conditions, than his co-worker, in the same line of a few decades ago, could in a year. As an instance of this:

John Lucas & Company, the well known Paint Manufacturers, recently placed on the market, a splendid article for removing old varnish and paint. They introduced it to their trade, in an up-to-date manner by good advertising, (the Record was one of the mediums used); the merit of the article was recognized at once and they report filling orders for tremendous quantities of this one product in all parts of the country. This looks as if there is business to be had to-day, and lots of it, for the manufacturer, who is the first to see, and place upon the market the requirements of his trade.

BUILDING AND REAL ESTATE NOTES.

The members of the Master Builders' Exchange and their friends held their annual shad dinner at Essington on Saturday last and it was very much enjoyed by those present.

Jesse R. Pharaoh, builder, Heed Building, has filed bids with Guy King, architect, 431 Walnut street, for a cafe building for Mullin & Schneider, at Sixty-third and Market streets. It will be one-story, 22x270 feet.

Cramp & Co., and F. L. Hoover & Sons, Inc., builders, are bidding on additional ventilation for the roof of the train shed of the Reading Terminal at Twelfth and Market streets, for the Philadelphia & Reading R. R. Co. Bids due May 22d.

Builders J. P. Thompson, Thomas Seeds, Jr., John R. Wiggins & Co., Jacob Myers & Sons, John Duncan and R. C. Ballinger have filed

bids with Newman & Harris, architects, for the alteration and addition to the residence of Lewis T. Benson, at 2014 De Lancey Place. Details previously noted.

L. H. Focht, builder, Heed Building, will submit their bid on May 30th to Alexander F. Smith, architect, of Reading, Pa., for a new theatre to be erected at Harrisburg, Pa., for John D. Mishler. It will be three stories high, stone and brick structure, 67x147 feet, and will accommodate about 200 people.

Cramp & Co., builders, 1421 Filbert street, has plans posted from James Knox Taylor, Supervising Architect, of the Treasury Department, for the extension of the United States courthouse and post office to be built at Montgomery, Ala. It will be three stories and basement high, 56x48 feet, and will be built of stone. Bids due June 1st.

Kendrick & Roberts, Inc., builders, Keith Building, have plans posted for a new public school building to be erected at Newport, N. J. It will be three stories high, 37x54 feet, and will be built of frame with brick foundations. Bids due May 22d. Plans by Samuel A. Brouse, architect, First National Bank Building, Trenton, N. J.

Wm. Steele & Sons, Harrison C. Rea, Jacob Myers & Son, builders, 1600 Arch street, are bidding on the new building for the De Witt Moore Gospel Association to be erected at Sixth and Germantown road. (Details previously noted.) Bids due May 23d. Plans by Duhring, Okie & Ziegler, architects, South Penn Square Building.

Samuel Davis, builder, Conshohocken, Pa., has been awarded the contract to build two new residences at that place; one for Mr. Oscar T. Wood, the other for Walter D. Wood. They will be three stories high, stone and shingle with shingle roofs, 25x41 feet each, and will contain all modern improvements. Plans by Savery & Sheetz, architects, Stephen Girard Building.

Thomas Reilly, builder, 1616 Thompson street, has been awarded the contract to build the new parochial school at Cheltenham and Sprague street, for the congregation of the Mission of St. Vincent de Paul. It will be built of brick and stone and will be three stories high, 87x147 feet, and will have every up-to-date school appointment. Work will proceed at once.

F. D. Williams, builder, 1838 Venango street, has broken ground for an operation of 20 three-story brick houses, to be built as follows: Sixteen houses, 16x63, to be built on south side of Ontario, west of Eighteenth street; one, 17x63, on south side of Ontario and Eighteenth street, and two, 16x63, on the southwest and southeast corners of Gratz and Ontario streets. They will contain all up-to-date improvements, and will cost about \$80,000.

J. E. & A. L. Pennock, builders, 305 Walnut street, have plans posted for a four-story apartment house to be built at Rura and Euclid avenues, Pittsburgh, Pa., for A. S. Miller, Esq. It will measure 99x60 feet, and will be built of stone and brick and will have all up-to-date improvements. Bids due May 22d. Plans by the Century Architect and Engineering Company, 1104 Park Building, Pittsburgh, Pa.

W. J. Smith, builder, was the lowest bidder for the new school. \$34,400 was his price, and was awarded the contract to build the three-story and basement public school at northwest corner of Lawndale and Hellerman streets, 35th ward. It will be built of stone with slate roof and will measure 99x45 feet, and will have every up-to-date schoolhouse appointment. Plans by Horace Cook, architect for the Board of Education.

Bids have been filed with Harry Reinhold, Jr., architect, 430 Walnut street, and contract will be awarded shortly for interior improvement and additions to the residence of Mrs. H. Williamson, at Villa Nova, Pa., as planned by him. Plans provide for a two-story addition, 14x80 feet, to be built to the rear. New porches are to be added, new mantels, interior woodwork, etc. It is estimated that this work will cost about \$2,800.

Lemuel Altemus, builder at Olney, Pa., has been awarded the contract to build the twin houses at Warwick street and Lendley avenue, Logan, Pa., for Mr. Andrew Kessler. They will be three stories high, 32x65 feet, built of light-face brick and stone trimmings, with porches on front. The interior will be in hardwood finish, with best plumbing, tile work, mantels, heated by hot air, etc. Plans by Carl P. Berger, architect, South Penn Square Building.

Wm. R. Steele & Sons, builders, 1600 Arch street, will erect a handsome new theatre at Thirty-ninth and Broadway, New York, for Felix Isman, of this city. The structure will have a handsome and ornamental front of brick and terra-cotta and will measure 75x98 feet. It will be handsomely finished on the interior; the stage will be equipped with the latest and most complete mechanical effects. The theatre will seat 1000 people and will cost \$250,000. Will be ready for sub-bids in about two months' time.

Alexander Wilson, Jr., operative builder, 5156 Haverford avenue, has broke ground for an operation of 58 two-story modern dwellings to be built in West Philadelphia. The houses will be put up as follows: Eight, each 16x46 feet, on west side of Fifty-first street, south of Baltimore avenue; one, 16x58 feet, to be built on the same street; twelve, each 16x58 feet, on the east side of Fifty-second street, south of Catharine; fifteen, each 15x46 feet, on the south side of Catharine street, west of Fifty-first, and twenty-two, each 15x46 feet, on the north side of Webster, west of Fifty-first. This operation will cost \$129,000.

Doyle & Doak, Benj. Ketchum & Sons, Kendrick Roberts, Inc., Geo. F. Payne Company, J. E. & A. L. Pennock, Burd P. Evans, builders, will submit bids on May 21st to Horace Trumbauer, architect, Land Title Building, for alterations and additions to the St. James Hotel, at southeast corner of 13th and Walnut streets, for Mr. John Stafford. Plans provide for the building of an addition 12 stories high to conform in style with the present structure in architecture, and will be erected on Walnut street adjoining the present hotel. The buildings now there will be demolished and upon this site the addition will be built.

ASBESTO-SPONGE FELTED
Sectional Pipe Covering

Made from pure, long-fibred Asbestos and a
small amount of granulated Sponge. As it
is very elastic, it is especially valuable where there
is danger from motion and vibration. It is adapted
for the highest steam pressure.

in conjunction with Engineer James Owen, of
Essex County, for rebuilding the draw over
the Passaic River at Bridge street.

At Montclair, Essex county, the congregation
of the Trinity Presbyterian Society will
erect a new church at Midland avenue and
Walnut street. The estimated cost is about
\$30,000. No plans have yet been selected. Mr.
D. V. Harrison is chairman of the building
committee.

—At Newark, the Public Service Corpora-
tion has been incorporated for amalgamating
the street railway and lighting companies of
Northern New Jersey. The capital is \$25-
000,000. Those interested are Thomas Mc-

Carter, of Newark; Thomas Dolan, of Phila-
delphia, and John J. Waterbury, of Morris-
town, N. J.

—At Camden, Lorigan & Hurley have taken
out a permit for the erection of fifteen dwell-
ings on the south side of Mechanics street,
east of Broadway. —Also for four brick
dwellings to be erected on Broadway, south of
Mechanic street, and for a brick store and
dwelling at the southwest corner of Broadway
and Mechanic street. —All will be two stories
high, well finished throughout and provided
with modern conveniences.

THROUGH DELAWARE

At Wilmington, a resolution has been of-
fered to provide for widening Tenth street
from Market to Tatnall street. —A permit
has been issued for the erection of fifteen two-
story dwellings on Seventeenth street by E.
C. Biddle & Co., of Philadelphia.

Lighting Company, of New York City has been
granted a franchise to construct an electric-
light plant in Hyattsville.

At Baltimore, Maryland, bids will be received
until May 26 for a fireproof, one-story addition
to the old United States Court House, by Sup-
ervising Architect Jas. Knox Taylor, Wash-
ington, D. C.

At Scranton, Pa., it is stated that the County
Commissioners have under consideration the
macadamizing of Arlington turnpike, at a cost
of about \$10,000, and that bids will be asked
for in a short time.

At Lebanon, Lebanon county, bids will be re-
ceived until June 1, 1903, by J. L. Beckley, City
Clerk, for lighting the streets with electricity.
About 125 open or closed arc lights and not
less than 50 incandescent lights to burn from
twilight to dawn, will be required. The bids
must be for a period of one, five and ten
years.

At Newark, N. J., it is stated that the Essex
County Park Commission has passed a resolu-
tion to request the Board of Freeholders to

ARCHITECTS' NOTES.

J. Elvin Jackson, architect, 719 Walnut street, will take estimates in a short while for alteration of residence into a store building at Eighth and Montrose streets, for G. Burrelle. Caldwell & Simon, architect, 1229 Walnut street, will soon be ready for bids for a two and one-half-story stone and timber residence, 40x50 feet, to be built at Folsom, Pa., for James Brennan. It will contain all modern improvements.

Chas Barton Keen, architect, 1604 Chestnut street, has sent plans out for bids for an automobile house to be built at Bryn Mawr, Pa., for T. E. McVitty, Esq. It will be one-story high and will be built of brick. H. Marion Zane is bidding.

Harry Macomb, architect, Real Estate Building, has sent plans to builders, W. F. Ingram, S. R. Riley, Nuttz & Worthington, and Stacey Reeves & Sons, for alterations and additions to the residence of Mr. William King, at 1523 Poplar street. Bids due May 29th.

J. K. Frankenfeld, architect, 5023 Germantown avenue, has completed plans and sent same to the owner, who will take bids for a new store building to be erected at Broad and Erie avenue, for Jos. B. Hobson. It will be two stories high, 22x111 feet, and will be built of brick.

Pugh & Downing, architects, Lippincott Building, will invite estimates in a short while for a stone building to be erected at Delmar, Del., for Dr. Ellegood, of that place. It will be two stories high, 20x50 feet, and will be built of frame and will have all the up-to-date improvements.

Morris & Vaux, architects, Stephen Girard Building, have sent plans and specifications out for bids for underground tunnel for heating system from Gymnasium to Founders' Hall, at the Haverford College, Haverford, Pa. Bids due June 1st. Robt. Scott, Faith & Co., of this city; L. S. Edwards, of Haverford, Pa., are bidding.

Isaac Pursell, architect, 110 South Fourth street, has sent plans and specifications to local builders for estimates for a new parsonage for the Wenonah Presbyterian congregation to be built at Wenonah, N. J. It will be two and a half stories high, of stone and will measure 30x40 feet, and will contain all up-to-date improvements. Bids due May 30th.

T. Frank Miller, architect, Lippincott Building, is working on plans and specifications for strengthening and the building of an addition to Chas. Bau Johnson Printing Works at Tenth and Lombard streets. The addition will be built of brick and fireproof construction. A new boiler house will also be built. Plans will be ready for bids in about two weeks' time.

Paul & Seymour Davis, architects, 907 Walnut street, have completed plans and sent same to Doyle & Doak, Mitchell Bros., and J. R.

Wiggins & Co., builders, for estimates for a one-story addition to the plant of the Ajax Metal Company at Richmond and Frankford avenues. It will be built of brick and slow burning construction and will measure 151x80 feet. Bids due May 29th.

We have been informed by Mr. A. M. Heston that the winner of the prize money in the competition for plans of the Carnegie Library, at Atlantic City, were as follows: Herbert D. Hale, \$300; Seymour & Paul A. Davis, \$275; Frank H. Keisker, \$225, of Philadelphia; Jardine, Kent & Jardine, of New York, \$200; Albert R. Ross, of New York, was the successful architect for the erection of this new library.

During, Okie & Ziegler, architects, South Penn Square Building, have completed plans and sent same out to builders for estimates for a new clubhouse to be built at Riverside, N. J., for the Riverside Turngemeinde. It will be three stories high, 50x100 feet, and will be built of brick with every appointment and convenience. Harrison C. Rea, Appleton & Burrell, of this city; Rodgers & Bros., of Stanwick, N. J., and Matthew Smith, and Geo. Shele, of Riverside, N. J., are bidding. Bids due May 29th.

Owing to being cramped for room and to accommodate his increasing business, M. H. Dickinson, 2d, architect and engineer, now located in the Real Estate Building, will move on or about June 30th to his large and handsome new offices 1420-21 Land Title Annex Building, Broad and Sansom streets. Mr. Dickinson has been commissioned by a syndicate of Pittsburgh and New York capitalists to prepare plans for a large and handsome hotel to be built near the Inlet at Atlantic City, N. J. It will be three stories high and will be built on a plot of ground measuring 200x475 feet. It is calculated to be one of the handsomest hotels ever erected on the coast. Two millions of dollars will be expended in building this handsome structure. The exact location and owners' names will be given later.

Wm. F. Kolle & Co., architects, Heed Building, are working on plans for a new brew house, mill, maltz storage and storage house racking room and wash house for the brewery of Mr. Jno. Welker, at Williamsport, Pa. It will be a four-story structure and will be fireproof in construction and will have all modern improvements. Will be ready for bids in about three weeks' time. Also working on plans for an entire new brewing plant to be erected at South Wilkesbarre, Pa., for the Polish Lithuanian Brewing Company, now located at Dansville, Pa. It will be a four-story structure, 238x54 feet, and will be built of fireproof construction and will contain a new brew house, maltz and mill storage, storage house racking room, wash house, boiler house, refrigerator house and ice plant, and will have all modern improvements. They will also be ready for bids

for this in three weeks' time. Local builders will be invited to bid.

BUILDING AND REAL ESTATE NOTES.

The First Regiment Armory at Broad and Callowhill streets was almost completely ruined by fire on May 20th. As soon as the insurance is adjusted it will be rebuilt.

Oakes & Tyes, builder, 45 North Thirteenth street, will probably be awarded the contract for fitting up two offices at Paterson, N. J., for the United Banking Company of Paterson, N. J.

The quarterly meeting of the members of the Master Builders Exchange was held last Tuesday, May 26th. An address was delivered by J. L. Ferrell on "Protection of Wood from Fire and Decay" which was very well received.

F. L. Hoover & Sons, Inc., builders, 629 Chestnut street, have plans posted for a Shrapnel shop to be built at the Frankford Arsenal, this city. It will be two stories high, 145x55 feet, and will be built of brick and steel. Bids due June 6th.

At a meeting held by the Art Club recently it was decided to expend \$100,000 for additions and improvements. At the present time the architect have not been selected but it is expected that he will soon be engaged when plans will be prepared and work proceed at once.

Frank E. Wallace, builder, 1021 Chestnut street, has filed bids with Geo. L. Lovatt, architect, for the light manufacturing building for Mr. Antonio Ricchezza, at 624 Washington ave. It will be a three-story structure, 17x164 feet, and will be built of brick and slow burning construction.

James Nagel & Sons, builders, at Allentown, Pa., have been awarded the contract to build the new edifice for the Olivet Presbyterian congregation at Easton, Pa. It will be a stone structure with the usual church furnishings. Contract price \$20,000. Plans by Chas. Bolton, architect, Witherspoon Building, this city.

Kendrick & Roberts, Inc., Keith Building, have plans posted for a large new warehouse for the Keystone Warehouse Company and to be erected at Buffalo, N. Y. It will be six stories and basement high, 228x100 feet, and will be built of brick and slow burning construction. Bids due May 20th. Plans by Wm. H. Cookman, architect, Philadelphia.

Nine bids were received and opened for the erection of the St. Patrick's Cathedral at Harrisburg. The amounts of the several bids have not been announced. The members of the building committee are Right Rev. John W. Shannahan, Rev. Father Welsh, Rev. Father Christ, Rev. Father Hunt, Rev. Father Kock, Rev. Father Reilly and Rev. Father Kaul. The committee adjourned to meet at the call of the president without awarding the contract.

PHILADELPHIA, WED'Y, MAY 27, 1903

While it is not the purpose of this journal to enter into politics, either in the interests of party or persons who are candidates for office, it has, nevertheless, certain reserved rights identified with the very best and most important interests of the city which, if political, it has a right to assert.

To forego this right would be equal to sinking its independence as well as the individuality of its proprietor.

It needed no apology when it endorsed the Hon. Edwin S. Stuart for Mayor and it made none.

It needs no apology now for its endorsement of Henry R. Shoch, who has been recently made the candidate of the Republican party for County Treasurer.

That Mr. Shoch, as a reputable citizen and a successful business man, who has for many years, contributed to the great work of expanding and developing this city, should be ambitious for political preferment and honor is quite natural, indeed, it is the prerogative of American citizenship and neither is an apology needed in this direction.

The rule of the eternal fitness of things is as applicable to men as to things and by this rule men should be judged.

The great oak thrives best where the soil is fittest and the man best fitted to handle the money of the people is the man who has developed into ripe experience under vexatious trials of a prolonged life of exacting business cares and responsibilities. It is in such soil to speak figuratively—that the man of quality, of rugged integrity and vast experience best thrives, for it is of soil the fittest to make the man.

Mr. Shoch has a host of friends in building circles, who are delighted with his success in reaching the nomination, and it is these men who will tell you that his word was always as good as his bond.

The architects have plenty of work on hand but as a rule they say that it is useless to give it out for publication as estimates and bids cannot be obtained owing to the strike, and even in cases where contractors are disposed to bid

the conditions are subjected to so many exceptions that the bids are of little practical value. It is thought, however, that the strike, owing to the vast amount of construction work involved, will be settled at an early day, if not, then many of the proposed enterprises will be abandoned altogether, while others will be indefinitely delayed.

There is a limit to all things and the building of houses is one of them. The present increased cost of material and labor, which has had no serious check upon construction work so far this year, has already reached a point wherein fractions begin to count as important influences in deterring enterprises of this character, for when the burden already too heavy is increased even by trifles the point of collapse becomes dangerously near and in such a calamity it is the working forces which pay the penalty.

A gentleman remarked early on Monday morning last, "We don't have to build." This as a result of estimates having been received for two small suburban dwellings at a cost of \$8,000 each.

This is the question in a condensed form, for while owners are not compelled to build, the wives and children of our working forces are compelled to eat and it will be poor comfort indeed to the striking carpenters of this city even if they should succeed in obtaining the ten cents per hour increase they now demand when they come to realize that as a mathematical problem it will take many months of laborious working hours before such increased pay can be made to equal the loss through months of idleness and waste.

The learned and eloquent Darrow, who so ably advocated the cause of the coal miners before the Labor Commission, has practically said in a recent speech that the labor unions of this country are in the hands of wild-eyed men who possess neither sense nor reason.

If these men think that business men can be made to sink their personality and submit to the unreasonable extortions of trade-union tyranny they, as well as their followers, will learn to their bitter cost that the proposition has many sides involving many interests and that when it gets up to the men who pay the bills and they conclude to stop, stagnation follows, and this will afford them ample time for reflection and regret.

BUILDING AND REAL ESTATE NOTES.

Mitchell Bros., H. C. Dahl, W. R. Dougherty, S. B. McDowell, Jos Price and C. W. Denny, builders, have filed their bids with C. E. Rahn, architect, 410 Walnut street, for a store dwelling to be erected at 235 South Fifth street, for Mr. Geo. W. England. It will be three stories high, 15x65 feet, and will be built of brick and contain all modern improvements.

D. A. McClelland, builder, 515-17 South Twentieth street, is estimating on a pair of three-story houses to be built on North Broad street, Oak Lane, Philadelphia. They will be built of brick and will measure 16x56 feet each. The interior will be in hardwood finish and they will contain all up-to-date improve-

ments. Bids due May 29th. Plans by private parties.

R. C. Ballinger & Co., builders, 218 North Thirteenth street, have been awarded the contract for alterations and additions to Dr. J. P. Crozier's residence at 1810 Spruce street. Plans by Bailey & Truscott, architects, 421 Chestnut street.

A. Raymond Raff, builder, 1635 Thompson street, has been awarded the contract to build the two-story brick building, 211x41 feet, with a back building, 51x97 feet, on Clarkson avenue east of the Philadelphia & Reading Railroad, Summerdale Station, for \$65,000. Plans by Stearns & Castor, architects, Stephen Girard Building.

Robt. Marple, builder, has been awarded the contract to make alterations and the building of a new front to the store properties at 1020-22-24 Market street, for F. W. Woolworth & Co., after change has been made will be opened as a five and ten cent store. (Details previously noted.) It is estimated to cost about \$20,000. Plans by W. L. Plack, builder, 1403 Filbert street.

H. Ketchum & Sons, 1029 Brown street, have been awarded the contract to make alterations and build additions to the plant of Dill & Collins, at Tioga and Richmond streets. There is to be a four-story addition, 114x60 feet; a three-story addition, 22x90 feet, and an additional story, 60x120 feet, to the present plant. All built of brick and slow burning construction. Plans by Morris & Vaux, architects, Stephen Girard Building.

H. Marion Zane, builder, Hale Building, has been awarded the contract for alterations to 1207-09 Chestnut street. Work consists of changing bulk windows, main entrance and interior improvements; also for interior alterations to store building at the northwest corner of Broad and Tasker streets; also for alterations and additions to building at 5241 Market street. The work will consist of converting residence into store and dwelling and the building of a rear addition of brick two stories high.

Alex Cowan, builder, 2227 South Twelfth street, will shortly break ground for an operation of 64 two-story porch front houses to be built as follows: 21 on east side of Twenty-fourth street from Tasker to Dickerson streets; 23 on the north side and 20 on the south side of Dickerson street between Twenty-third and Twenty-fourth streets. They will have a frontage of 15, 16 and 18 feet, and a depth of 60 to 69 feet. They will have hardwood on the interior with all up-to-date improvements.

A. Raymond Raff, builder, 1635 Thompson street, has been awarded the contract for additions and alterations to Children's Hospital, Mary Drexel Home, at Twenty-second and Poplar streets. First floor, semi circular in plan; new operating room, 30x25 feet; basement to contain storerooms. It will be built of brick, terra-cotta and stone, Gothic in style, copper skylight, tile floor, marble wainscoting, electric and gas lighting fixtures, hardwood on the interior. Plans by Carl P. Berger, architect, South Penn Square Building.

The Painter Earns his pay

and his bill is the same, whether he puts on a paint that wears one year or fifteen years. The most expensive thing about painting is not paint, but painters. If you pay just a little more for paint, you needn't trouble the painters again for years. Dixon's Silica Graphite Paint protects roofs from five to fifteen years without repainting. Here's another point,

DIXON'S SILICA GRAPHITE PAINT

often makes good the bad work of the tin-maker. Poor tin covered with Dixon's Graphite Paint will last longer than good tin coated with poor paint. Don't stop here—ask questions of your dealer.

ARCHITECTS' NOTES

Chas. J. Brooke, architect, 14 South Broad street, has prepared plans for a storage shed for the Davies Textile Company to be built in Frankford, Phila. It will be one story high, 20x120 feet, and will be built of frame.

Isaac Pursell, architect, 110 South Fourth street, has sent plans to H. Marion Zane for alterations and additions to Dr. Chas. M. Seltzer's residence near Hathero, Pa. Plans call for a three-story addition of frame and stone and general interior improvements. Bids due June 5th.

Emil P. Hartman, architect, 514 Walnut street, is working on plans for a bakery and dwelling to be built at Lester, Pa., for Mr. Chas. Lieb. It will be two stories high, 30x80 feet, and will be built of brick with all modern improvements. Will be ready for bids in a short while.

Isaac Pursell, architect, 119 South Fourth street, will invite bids in a short while for a new church for Temple Lutheran congregation to be erected at northeast corner of Fifty-second and Race streets. It will be one story high and will be built of stone and will have the usual church furnishings.

H. J. Wetherill, architect, 328 Chestnut street, is working on drawings for alteration to brick farm house at Fairton, Cumberland county, N. J.—Also for a manager's house at the same place. It will be two and a half stories high, 18x35 feet, and will be built of brick and will contain all modern improvements.

Jacob Naschold, architect, 504 Walnut street, has completed plans and specifications and is now ready for sub-bids on a new residence to be built at Thirty-fourth and Powelton avenue, for Mr. Max Riebenach. It will be three stories high, 22x63 feet, and will be built of brick and stone and will contain all modern improvements.

A handsome new bank is to be erected at Forty-ninth and Baltimore avenue. It will be a three-story structure and will be built of stone or brick, the exact size and the name of the bank has not yet been settled. Watson & Huckel, architects, 1208 Chestnut street, will prepare plans to govern its erection. We will give more details later.

Edward Hazelhurst, architect, Girard Building, has completed plans and sent same out for estimates for a dairy building to be built at State College, Pa., for the Pennsylvania State College. It will be three stories and basement high, 113x60 feet, and will be built of brick and terra-cotta, and will have all modern improvements. Bids due June 9th.

Kendrick & Roberts, Inc., are bidding.
Chas. W. Bolton, architect, Witherspoon Building, has completed plans and sent same out for estimates for a new edifice for the Snyder Avenue Congregational congregation to

be built at Third and Snyder avenue. (Details previously noted.) Bids due June 13th, at noon. Mickert & Son, of Glenolden, Pa.; Geo. Crozier, F. B. Davis, E. J. Hedden, Burd P. Evans and W. W. Rea, of this city, are bidding.

A handsome new church is to be built on a plot of ground on the southwest corner of Sixteenth and Christian streets, by the Cherry Street Colored Baptist congregation now situated on Cherry street between Tenth and Eleventh streets. The old structure is to be sold at public auction on June 4th. It is the intention of this congregation to build one of the finest edifices downtown. A meeting will be held in a short while when an architect will be decided upon who will prepare plans and the work will proceed at once.

Carl P. Berger, architect, South Penn Square Building, is working on plans for two stores and dwellings to be erected on the south side of Baltimore avenue east of Fifth street, for Misses Sophie and Anna Welte. They will be three stories high, 20x68 feet each, and will have a front of Pompeian brick and brownstone with copper bays and slag roofs. The interior will be in quartered oak and chestnut finish, with hot air heating, open stair hall and all up-to-date improvements such as plumbing, tile work, mantels, etc. The first floor will contain stores.

Caldwell & Simon, architects, 1229 Walnut street, have completed plans and sent same out to builders for estimates for a new residence to be built at Folsom, Delaware county, Pa., for Mr. James Brennen. It will be two and a half stories high and will be built of frame and stone and will contain all up-to-date improvements. Bids due June 6th. The following builders are bidding: Lynch Bros., J. Davies & Sons, A. S. Wade & Co., of this city; J. W. Meckert, E. G. Bockernkamp, of Norwood, Pa.; E. Bishop, of Lansdowne, Pa. and A. C. Lewis, of Swarthmore, Pa.

Mantle Fielding, architect, 110 South Fourth street, has completed plans and specifications and sent same out for bids for a large and handsome residence to be built at Chestnut Hill Phila., for Mr. Frederick Taylor. It will be three stories high, 57 x 140 feet, and will be built of brick and stone. The interior will be in hardwood finish and it will be wired for electricity, tile work, steam and hot water heating, with every modern convenience and appointment. The following builders are bidding: Chas. Gilpin, Wm. R. Dougherty, Wm. Gruhler and Stacey Reeves & Sons. Bids due June 13th.

C. E. Schermerhorn, architect, 430 Walnut street, is working on plans for ten houses to be built on the three-acre lot between Union and Highland avenues, intersected by Bryn Mawr, Birch and Maple streets, Bala, Pa., for W. G. Huey. They will be two and a half

stories high, of stone and frame; they will have every modern appointment and convenience. The dwellings will vary in size and design. Will be ready for bids in a little while.

—Also working on plans for a number of cottages to be built at Cape May. They will be stone with shingle superstructure and will cost between \$5,000 and \$7,000 each. We will give more details later.

Rowland W. Boyle, architect, 1624 Chestnut street, has completed plans and specifications and sent same out for bids for an addition to St. Gregory R. C. School at Fifty-second and Lancaster avenue. It will be two stories high, 12x42 feet, and will be built of brick with all up-to-date appointments. Bids due June 5th. The following builders are bidding: P. J. Hurley, W. J. McShane, John McShane, James Dougherty and J. J. Hayburn.—He is also working on drawings and will send same out the early part of next week for a dormitory building for St. John Orphan Asylum at Forty-ninth street and Wyalusing avenue. It will be three stories high with a finished basement and will measure 42x86 feet and will be built of brick and stone. The basement will contain recreation room; the first floor will contain four classrooms, which will accommodate 48 scholars each; the second and third floors will contain large dormitories. It will have best open plumbing work, heated by steam, lighted by gas and will have a tower fire escape.

BUILDING AND REAL ESTATE NOTES.

Kendrick & Roberts, builders, Keith Building, have filed bids with Watson & Huckel, architects, 1208 Chestnut street, for alterations and additions to house 115 South Sixteenth street, for Mr. Frank Off.

H. B. Shoemaker & Co., builders, 19 South Ninth street, have been awarded the contract to build the one-story, 12x18 feet, brick oil house at the Schuylkill River Range Light Station to cost about \$1,000.

PHILADELPHIA, WED'Y, JUNE 3, 1903

SUMMER'S THE TIME TO DO IT.

This is the proper time to arrange for the heating of your homes next winter. Don't leave it until fall when everybody wants their work done "at once."

Don't spend much money in renovating your old hot air system for it is a back number in both efficiency and economy, for large or small dwellings, when compared with hot water.

The man behind the gun regulates the efficiency of the gun but the gun should be a good one and its maker should know his business.

Just read the advertisement of John C. F. Traesche, 230 Arch street, Philadelphia, who makes a specialty of heating dwellings by hot water or steam, and his proposition is as clear as crystal glass, and it means heat and more than enough in the coldest weather.

No leaks and consequently no spoiled carpets. No tinkering or tearing out after the installation has been completed. No question as to efficiency and what is more his trust company's bond means the forfeiture of good money in case he fails.

Others may work cheaper, but cheap work is dear at any price in critical work of this character.

BUILDING AND REAL ESTATE NOTES.

Geo. Griffiths & Co., shovel factory, 511 Locust street, recently destroyed by fire, is to be rebuilt. Plans have been prepared and the owners are now ready for bids for same.

Chief M. T. Endicott, of Bureau of Yards and Docks, Washington, D. C., is now ready for bids for a coaling pier, to cost \$47,000, to be built at the League Island Navy Yard, Philadelphia. Bids due June 27th.

ARCHITECTS' NOTES

Wilson, Harris & Richards, architects and engineers, Drexel Building, have completed plans and specifications and sent same out to builders for estimates for boiler house and stack for the plant of Fels & Co., Seventy-second and Woodland avenue. The boiler house will be a one-story structure, of brick. Bids due in about 10 days' time.

Chas. W. Bolton, architect, Witherspoon Building, has completed plans and specifications and sent same out for bids for the new home for aged veterans and their wives to be erected at Sixty-fifth and Vine streets. It will be three stories high, 35x100 feet, with a wing 35x35 feet, and will be built of stone. Bids due June 13th. W. R. Dougherty, E. J. Hedden, W. W. Rea & Son, Burd P. Evans, and Samuel McDowell are bidding.

Heacock & Hokanson, architects, 931 Chestnut street, are working on plans and specifications for a new residence to be two and a half story high and will measure 40x44 feet, and will be built of brick and rough-cast, and will have a porch on front, the interior will be in hardwood finish and it will contain all modern improvements. It will be erected at Coatesville, Pa., and is for Mr. P. R. Baker. Local builders will be invited to bid in about two weeks' time.

Isaac Fursell, architect, 119 South Fourth street, has completed plans and sent same out to builders for estimates for a new church for the Temple Lutheran congregation to be erected at the northeast corner of Fifty-second and Race streets (details previously noted). The following builders have been invited to bid: Burd P. Evans, John R. Wiggins & Co., Jessie Pharaoh, F. L. Hoover & Sons, Machin & Brown, B. Ketchum & Sons, Metzgar & Wells and J. E. & A. L. Pennock. Bids due June 18th.

H. J. Wetherill, architect, 328 Chestnut street, has completed plans and sent same out to builders for estimates for the new residence for Mr. J. H. Rhoades, to be built at Bala, Pa. PHILADELPHIA, WED'Y, JUNE 10, 1903

THE WALKER & PRATT MANUFACTURING CO.'S NEW HEATING BOILERS.

The Walker & Pratt Manufacturing Company, 31-35 Union street, Boston, Mass., is the manufacturer of the Crawford and the Walker boilers, both of which are now gaining considerable popularity in this section.

Throughout the Eastern States these boilers have been recognized as standards for years and their efficiency is so well established for both hot water and steam house-warming purposes that hundreds of testimonials have been freely offered of a character as convincing as it is complimentary to both the concern and its boiler products.

Many of these testimonials have been selected because of their terse and unmistakable commendation of the Walker & Pratt Manufacturing Company's boilers, and that, too, from among a class of people in a very cold section of our country, who usually waste no words in fulsome commendation of things useful that do not meet every requirement under all possible conditions.

This, then, is a part of the great popularity of the Crawford and the Walker boilers, where they are best known and the booklet containing a number of these testimonials has been published through a desire to make their worth and merit properly known in this section.

BUILDING AND REAL ESTATE NOTES.

T. J. Fitzgerald & Co., Sewer Pipe, Flue Linings, etc., have removed their office to Room 516 Rothschild Building, 14 South Broad street, from 1404 South Penn Square.

It is said that Ernest Flagg, 15 Broad street, New York City, has completed the plans for a granite chapel to be erected at the Naval Academy, Annapolis, Md., at a cost of \$400,000.

The Grand Jury of Bucks county, Pa., has recommended the construction of a bridge across Poquessing Creek at Torresdale, Phila., to be paid for jointly by Bucks county, the State and the city of Philadelphia.

J. D. Lengle, builder, of Wayne, has been

awarded the contract to make alterations and additions to the Garrett Hill School at Rosemont, Pa. Plans and specifications by D. K. Boyd, architect, Harrison Building.

Scott & Kriebel, builders, Mutual Life Building, have been awarded the contract to build the two-story brick Colonial house on the West Chester pike near Flower Hill Observatory for Z. K. Schoell. Plans by Arnold H. Moses, architect, 136 South Fourth street. Work will proceed at once.

Metzgar & Wells, builders, Head Building, have been awarded the contract to build the two-story brick Colonial house on the West Chester pike near Flower Hill Observatory for Z. K. Schoell. Plans by Arnold H. Moses, architect, 136 South Fourth street. Work will proceed at once.

Robt. Tarlo & Son, builders, 415 South Fifth street, have been awarded the contract for alterations and general interior improvements to the residence of H. R. Williamson, at Villa Nova, Pa. Plans by H. L. Reinhold, Jr., architect, 430 Walnut street. Work will proceed at once.

H. B. Shoemaker & Co., builders, 19 South Ninth street, has filed bid for a new passenger station to be built at Auburn, Pa., for the Philadelphia & Reading Railway Company. It will be a one-story structure, of stone and frame with slate roof and will measure 46x21 feet. Plans by the company's engineers.

W. D. Haddock, builder, at Wilmington Del., has been awarded the contract to build the new residence at that place for W. W. Lobdell. It will be a three-story structure of brick and stone, with all modern improvements. Plans and specifications by Watson & Huckel, architects, 1208 Chestnut street, this city.

At a recent meeting of the Mask and W. Club Chas. Gilpin, builder, northeast corner of Fifteenth and Chestnut streets, was awarded the contract to make additions to their clubhouse at 310 Prince street and to proceed with same upon the adjustment of the labor trouble. Plans by C. C. Zantinger, architect, 263 South Fourth street.

The building committee of the Methodist congregation of Pitston, Pa., are requesting bids for their new church to be built at that place. It will be a brick and stone structure. Plans can be seen from June 3d to July 1st at the office of Mr. M. R. Keeler, secretary of the committee. Plans by Brown & Davis, architects, Cincinnati and Chicago.

Geo. F. Payne & Co., builders, 409 South Juniper street, have been awarded the contract to build a new warehouse for Griffin & Co. at the northwest corner of Race and Hicks streets, to replace the one destroyed by fire. It will be five stories high, 90x120 feet, and will be built of brick and slow-burning construction and will cost about \$200,000.

R. C. Ballinger & Co., W. W. Rea & Son, John Mortimer, Jno. Davis & Sons, Kendrick & Roberts, Inc., and Jacob Myers & Sons have filed bids with Duhring, Okie & Ziegler, architects, South Penn Square Building, for alterations and additions to the Sunday-school building of St. John P. E. Church, situated between Second and Third and Brown streets, this city.

Kaighn & Draper, James Reeves, J. R. Rodgers & Son, Kendrick & Roberts, Inc., and Guarantee Construction Company have filed bids with Thomas Stephen, architect, Masonic Temple Building, Camden, N. J., for a four-story, 60x100 feet, brick and slow-burning addition to the warehouse of the Keystone Leather Company at Sixteenth and Mickel streets, Camden, N. J.

Thomas Watson will erect an operation of thirteen two-story dwellings in West Philadelphia. ANTI-SWEAT Sectional Pipe Covering For Cold Water Pipes

Made especially for water-pipes that pass through atmosphere of higher temperature than the water in the pipes. This covering prevents condensation on the surface of the pipes, thus stopping dripping. It does not absorb moisture, and, therefore, in addition to stopping all dripping, it protects the pipe from rust and decay.

ARCHITECTS' NOTES

Adin Benedict Lacey, architect, has removed from 1020 Chestnut street to 1012 Walnut street.

Geo. T. Pearson, architect, 427 Walnut street, is working on plans for an addition to the bank building of the Northern Trust Company at Spring Garden and Marshall streets. The addition will be two stories high, of granite.

Kurt W. Fewekert, architect, 234 south Fourth street, is working on plans and will invite estimates in a short while, for additions to the storeroom of the American Brewing Company, at Thirty-first and Master streets. The addition will be four stories, of stone, 74x102 feet.

Paul & Seymour Davis, architects, 907 Walnut street, have been commissioned by the Board of Education of West Conshohocken borough, to prepare plans for the rebuilding of the two-story school house recently destroyed by fire. Plans will be ready for bids in about two weeks' time.

Stearns & Castor, architects, Stephen Girard Building, have sent plans and specifications to A. Raymond Raff, Jos. Ashby and James Bartleson, builders, for a two-story stone stable to be built at Wyncote, Pa., for Jos. Ashby. It will measure 40x50 feet, and will have the usual sanitary stable appointments. Bids due June 22d.

G. W. & W. D. Hewitt, architects, Bullitt Building, have completed plans and specifications and invited bids for the proposed addition to the Merchants' Warehouse at Delaware avenue and Chestnut streets, Roydhouse, Arrey & Co., Doyle & Doak, Armstrong & Latta, Geo. A. Fuller & Co., are bidding. Bids due June 22d.

Mantle Fielding, architect, 110 South Fourth street, is at work on revised plans for the large and handsome residence of Mr. Frederick Taylor, to be built at Chestnut Hill, Pa. The new plans are not for the increasing of the size of the house, but for more elaborate details. New plans will be ready for estimates in about one week.

Heacock & Hokanson, architects, 931 Chestnut street, are working on plans for a cottage to be built at Big Stone Gap, Va., for Mr. R. V. Rex. It will be one and a half stories high, 47x48 feet, and will be built of frame. It will contain 8 rooms and bath with open fireplaces, hardwood finish, etc. Will invite bids from local builders in a short while.

Seymour Paul Davis, architect, 907 Walnut street, has completed plans and specifications and sent same to the building committee, who will take bids for the new bank and office building to be erected at the corner of Northampton and Bangor streets, Easton, Pa., for the Eastern National Bank of that place. It will be seven stories high, with basement, 48x79 feet, and will be built of stone.

Horace Wells Sellers, architect, Stephen Girard Building, has completed plans and invited estimates for a barrel storage warehouse for the Millbourne Mills to be erected at Sixty-third and Market streets. It will be two stories high, 45x53 feet, and will be built of brick and iron, with a slag roof. John R. Wiggins & Co., Jacob Myers & Sons, and Mr. Gardiner are bidding. Bids due June 18th.

C. C. Zantinger, architect, 263 South 4th street, has completed plans and specifications and sent same out to builders for estimates for a new stable to be built at Chestnut Hill, for Jos. S. Clark, Esq. It will be two stories high, 64x90 feet, and will be built of brick and will have the latest sanitary stable appointments. Bids due June 26th. W. R. Dougherty, A. S. Tourison, Appleton & Burrell, Frank E. Wallace and Thomas Little & Son are bidding.

Rowland W. Boyle, architect, 1624 Chestnut street, will send plans out on June 22d for the dormitory building for St. John's Orphan Asylum at Forty-ninth street and Wyalusing ave. It will be three stories high, with a finished basement. It will measure 42x86 feet and will be built of brick and stone (details previously noted). The following builders have been invited to bid: John McShane, William McShane, James Doyle, P. Hurley and Michael McGee. Bids due about July 1st.

Chas. W. Bolton, architect, Witherspoon Building, has sent plans and specifications to Kendrick & Roberts, Inc., and E. J. Hedden, for the new stone tower for the Baltimore Avenue Baptist Church. Bids due June 19th.

—He is also working on drawings for an addition and improvements to the residence of Mr. B. F. McAtee, at South Bethlehem, Pa. Plans provide for a two-story addition of stone and frame and general interior improvements. Will be ready for bids in about one week's time.

C. E. Schermerhorn, architect, 430 Walnut street, has completed plans and specifications and invited estimates for extensive alterations and additions to building, measuring 57.6x27 feet, at the northwest corner of Broad and Fairmount avenue, for Mr. F. W. E. Stedem, which will be fitted up to suit the needs of a first-class drug store. Plans provide for new interior fixtures of mahogany, new marquis, new doorways, bulks, Mosaic work, etc. Bids due June 23d. Burd P. Evans, Robt. Tarlo & Sons, W. W. Rea and Frank T. Maguire are bidding.

Geo. L. Lovatt, architect, 418 Walnut street, is working on plans and specifications for a new house and stable to be built at 208 South Broad street, for Geo. W. Young. The house will be three stories high, 25x80 feet, and will have a front of brownstone with sides of Pompeian brick. The stable will be built in the rear, facing Carlisle street. It will be two stories high, 20x40 feet, and will also be brownstone with Pompeian brick sides. They

will have every modern improvement. Mr. Young will be ready for sub-bids in about one week's time.

Philadelphia Lodge No. 2, Benevolent Protective Order of Elks, has purchased the properties at 1320 Arch street, and the southeast corner of Juniper and Arch streets from Samuel R. Shipley and George K. Breintnall for \$150,000. They have a combined frontage of 42 feet 6 inches on Arch and Cuthbert street and 137 feet on Juniper street. On the site it is contemplated to erect a handsome club house and hall property to cost about \$200,000. It will be some time before an architect is commissioned to prepare plans for the erection of a new structure.

Watson & Huckel, architects, 1208 Chestnut street, have completed plans and specifications and sent same out to builders for estimates for a store building for E. M. Bush, to be built on Broad street, Quakertown, Pa. It will be two stories high, 44x56 feet, and will be built of brick with slag roof. The following builders are bidding: A. S. Wade & Co., of this city; Jos. Stonebach, M. H. Beihn and Chas. M. Taylor, of Richmond, Centre, Pa.; M. Heist, of Quakertown, Pa.; D. Stoneback, of Persick, Pa.; Chas. H. Edwards & Co., of Allentown, Pa., and J. S. Rogers & Co., of Stanwick, N. J. Bids due June 20th.

The Philadelphia Rapid Transit Company will build a line from Fifty-second street to city line via the old Lancaster road (Fifty-fourth street) and from Parkside avenue via Belmont avenue and city line. It is the intention to transform Belmont tract and surrounding property into a park similar to Willow Grove, with a large theatre or auditorium, Casino, band pavilion, etc. This decision to erect a line has greatly stimulated property purchases in Bala. On a recently purchased property on this line near Bala a Philadelphia architect has been commissioned to prepare plans for a handsome 200-room suburban hotel. We will give more detail in regard to this hotel later.

Pennsylvania will be represented at the world's fair at St. Louis in 1904 by a handsome building of classic Greek architecture which will cost \$75,000 to erect and \$25,000 to furnish. The Commissioners have accepted the designs of Philip H. Johnston, architect, Fidelity Building, this city, and appropriated \$100,000 for the erection and equipment of the building. The building will be 100 feet deep and 200 feet wide and will consist of two wings meeting in the center in a rotunda. The rotunda will be capped with a splendid dome. Mr. Johnston has plans in the course of preparation to govern the erection of this handsome structure and bids will be advertised for in a short while.

ANTI-SWEAT
Sectional Pipe Covering
For Cold Water Pipes

Made especially for water-pipes that pass
through atmosphere of high temperature
than the water in the pipes. This covering
prevents condensation on the surface of
the pipes, thus stopping dripping.
It does not absorb moisture, and, there-
fore, in addition to stopping all dripping, it
protects the pipe from rust and decay.

Always Specify U.S. Eagle NM or MF Brands of ROOFING TIN

The best ternes on the market to-day for all purposes. Made entirely by the palm oil process, hand dipped, perfect in coating of richest tin and new lead, they furnish the greatest protection, and require least repairs.

For more than sixty years the M F brand has been recognized as the standard ternes, because of its reliability under all conditions of weather, location and atmosphere. The U. S. Eagle N M (new method) ternes are the result of a still higher development of the M F process, giving a roofing material much nearer to copper in its resistance to corrosion. If you have not seen it, we would like to send you a sample.

ARCHITECTS' NOTES

Wilson Eyre, architect, 929 Chestnut street, is working on drawings for a new residence to be built at Rosemont, Pa., for Maxwell Wyeth, of this city. Details later.

Morris & Vaux, architects, Stephen Girard Building, will send plans and specifications out this week for a new public bathhouse to be built in the rear of 1615 South street, for the Western Soup Society. It will be two stories high and will be fireproof. It will contain swimming pools, shower bath, lockers, etc.

Paul & Seymour Davis, architects, 907 Walnut street, have completed plans and specifications for the two-story school to be erected at West Conshohocken, Pa., and sent same to the Board of Education, of that place, who will take bids for the erection of the same. Bids due July 6th.

Edwin J. Bertellette, architect, Heed Building, will invite bids shortly from local builders for an addition to the Pottstown Hospital at Pottstown, Pa. It will be two stories high of brick and fire-proof construction. It will contain operating, recovering, medical and private rooms, etc., and will have every up-to-date hospital appointment.

Holt & Shober, architects and engineers, 378 Bourse Building, have completed plans and specifications for refrigerating 6 wins vaults, the building of a power-house and the installing of the necessary machinery, boilers, etc., and a complete steam and hot-water system for the plant and residence of L. N. Renault & Son, at Egg Harbor, N. J.

Cope & Stewardson, architects, 320 Walnut street, have completed revised plans and specifications for the handsome new engineering building for the University of Pennsylvania to be located at Thirty-fourth and Locust streets. Stacey Reeves & Son, J. E. & A. L. Pennock, Wells Bros. & Co., and Doyle & Doak, builders, are bidding. Bids due June 29th.

Ballinger & Perrott, architects and engineers, 1200 Chestnut street, have made plans and specifications and sent same to the owners, Peters & Moore, of Dover, N. J., who will take bids for a two-story factory, 100x75 feet, a storage building, 45x75 feet, a pressing building 32x75 feet, a boiler house, 27x27 feet and an office building 50x34 feet, all to be built of brick and slow-burning construction, to be erected at the above place.

Chester A. Kirk, architect, Harrison Building, has completed plans and specification and sent same to the following builders for estimates: Cramp Co., H. Marion Zane, Doyle & Doak, Thos. Little & Sons, Stacey Reeves & Sons, Chas. Gilpin and a local builder, for a four-story frame hotel, 275x150 feet to be built at Browns Mills, N. J. It will be wired for electricity and contain all modern improvements. Bids due June 27th.

H. L. Reinhold, Jr., architect, 1004 Chestnut street, has completed plans and specifications and sent same to the owners who have invited bids for a new rectory for the M. E. Church at Glenside, Pa. It will be three stories high, 30x31 feet, and will be built of stone and shingle and will have the usual up-to-date appointments. Robt. Tarlo & Co., H. Marion Zane, Wm. Coll & Son, Lynch Bros., and Metzger & Wells are bidding.

Walter Smedley, architect, Stephen Girard Building, has completed plans and specifications and sent same out to builders for bids for a three-story stone factory, 210x67 feet; a boiler house, 20x30 feet; a drying house, 190x95 feet, and an elevator building to be erected at Fort Kennedy for the Asbestos Manufacturing Company. Shoffner & Son, S. B. McDowell, Jno. Davies & Son, and J. W. Fritzenrider, builders, are bidding. Bids due June 26th.

McIlvain & Roberts, architects, Land Title Building, are working on drawings for a handsome Colonial residence to be built at Merion, Pa., for Mr. Norman Ellison. It will be two and a half stories high, 30x40 feet, and will be built of stone. It will have a porch on the front and side, the interior will be in hardwood finish, will be heated by hot-air and wired for electricity, tile baths and all modern improvements. Will be ready for bids about July 10th.

Stearner & Castor, architects, Stephen Girard Building, have sent plans to Kendrick & Roberts, Inc., Oakes & Tyes, of this city and Geo. Gray, of Frankford, for alterations and additions to the residence of H. M. Betz, of Frankford, Phila. Bids due June 27th. Also A. Raymond Raff, Kendrick & Roberts, Inc., Jno. Wiggins Co., and H. T. Saunders will file bids with them on June 25th, for alterations to the residence of Mr. Chas. Mortimer, at Forty-second and Spruce streets.

Our statement that Mr. Chas. Balderson had been engaged to prepare the plans for the new Cunningham Piano Factory at Forty-first and Poplar streets, West Philadelphia, was correctly made at that time. Now we report that Messrs Watson & Huckle, 1208 Chestnut street, have been engaged as the architects and that a new site at Forty-ninth and Parkside avenue, has been selected for the factory, which will be five stories and basement, instead of six stories, as before reported.

Mantle Fielding, architect, 110 South Fourth street, has completed revised plans and specifications and sent same to builders for estimates for the handsome new residence of F. W. Taylor, Esq., to be built at Chestnut Hill, Philadelphia. It will be three stories high, 52x100 feet and will be constructed of brick and stone, the interior will be in hardwood finish, heated by steam and hot-water, tile baths, wired for electricity, with every modern

appointment. W. J. Gruhler, Chas. Gilpin, W. R. Dougherty and Stacey Reeves & Sons are bidding. Bids due June 30th.

Newman & Harris, architects, Real Estate Building, will complete plans and specifications and send same out for estimates this week, for a new residence to be built at Wallingford, Pa., for Mr. Robert Downing. It will be two and a half stories high and will be built of Avondale stone and half timber, and will be in the old English style of architecture, with terraces and porches. The first floor will be finished in hardwood, the second floor, with pine painted. It will be heated by hot air, wired for electricity, tile baths and with every modern appointment and convenience.

Isaac Pursell, architect, 119 South Fourth street, has completed plans for a new edifice to be built at Trenton, N. J., for the Second Presbyterian congregation of that place. It will be constructed of brick and stone, in the Norman style of architecture, with a tower. It will be two stories and basement and will measure 50x125 feet, and is estimated to cost about \$50,000. Chas. W. Kafer, I. S. Suttin, Chas. McIntire, Harper Clayton, Jas. W. Lanning, T. H. Prior & Son, W. Johnston, builders, of Trenton, N. J., and Kendrick & Roberts, Inc., of this city, are bidding. Bids due June 26th.

Duhring, Okie & Ziegler, architects, South Penn Square Building, have completed revised plans and specifications and sent same to J. Mortimer, Harrison C. Rea, Jno. Davies & Sons, D. A. McClelland and Jno. Owens, for alterations and additions to the Sunday-school building of St. John P. E. Church, situated between Second and Third on Brown street. Bids due June 20th.—The same firm is working on revised plans for the DeWitt Moore Gospel Association, to be erected at Sixth and Germantown avenue. The new plans provide for a larger structure than was formerly contemplated. They will be ready for bids in a short while.

Emil Hartman, architect, 514 Walnut street, has sent plans to Builders Ferdinand Werner, Geo. Kessler, W. Techlenburg, A. Raymond Raff and Geo. Lutz for a five-story brick textile mill, 102x72 feet, to be erected at Mascher and Glenwood avenue. Bids due June 27th.

—He has also completed plans and invited estimates from local and Reading builders for a stable to be erected at Shenandoah, Pa., for the Home Brewing Company, of that place. It will be three stories high, 80x75 feet, and will be fireproof and will accommodate 50 horses.—He will also send plans out the latter part of this week for a new stock, racking and washhouse to be built at Renova, Pa., for Bender Brewing Company, of that place. The stock house will be three stories high; racking house two stories high and washhouse two stories high; all to be constructed of brick and iron. Bids due about July 6th.

PHILADELPHIA, WED'Y, JUNE 24, 1903

ARCHITECTS' NOTES

Mr. George E. Savage, architect, has opened an office at 1704 Chestnut street.

H. L. Reinhold, Jr., architect, formerly of 430 Walnut street, has moved owing to being cramped for room and to accommodate his increasing business, to larger quarters at 1004 Chestnut street. His office will take up the entire third floor of this building.

Geo. I. Lovatt, architect, 418 Walnut street, has completed revised plans for the new Harrisburg Roman Catholic Cathedral and sent same to Doyle & Doak and W. J. McShane, of this city; Baird & Co., of Reading, Pa., and Coder & Miller, of Harrisburg, Pa., for bids. Bids due July 27th.

J. F. Stuckert & Son, architects, 1421 Chestnut street, have sent out plans and specifications to builders for estimates for a six-story store building to be erected at 32 North Eleventh street. It will be built of brick and iron with tower fire escape and all modern improvements. Bids due July 3d.

BUILDING AND REAL ESTATE NOTES.

Louis H. Meyers, of 2416 North Broad street, is now ready for bids for alterations and additions to his above residence. Plans provide for a two-story brick addition and general interior improvements.

Chas. Gilpin, builder, northeast corner of Fifteenth and Chestnut streets, has filed bids with Mantle Fielding, architect, 110 S. Fourth street, for alterations and additions to 916-918 Chestnut street, according to plans prepared by him.

The West Chester Street Railway Company will build a new power plant at Lenape, Pa. Engineer Rankin, of Coatesville, Pa., will be ready for bids for the erection of the same and the installation of the necessary machinery in a short while.

Jno. R. Wiggins & Co., and Jno. Gill, have filed bids with Otto C. Wolf, architect, 1025 Arch street, for alterations and additions to the Southwest corner of Thirteenth and Sansom streets, for James P. Nolan, according to plans prepared by him.

W. R. Dougherty, builder, of 1604 Sansom street, has been awarded the contract for alterations and additions to the Farmers' and Mechanics' National Bank at 427 Chestnut street. Plans by W. W. Potter, architect, 1012 Walnut street. Work will proceed at once.

R. C. Ballinger & Co., builders, 218 North Thirteenth street, have been awarded the contract to make alterations and additions to the Friends Meeting House at Forty-second and Powelton avenue, according to the plans prepared by Morris & Vaux, architects, Stephen Girard Building.

Lewis Havens' Sons, builders, Girard Building, have been awarded the contract to build the new bridge on the grounds of the Convent of Mount St. Joseph, at Chestnut Hill, Pa., according to the plans prepared by Harris & Richards, architects and engineers, Drexel Building.

It is reported that the Arcade Realty Company have purchased from the estate of Walter L. C. Biddle, the vacant lot, No. 18 South Broad street, for \$215,000. The lot measures 21x95 feet, and that the owner will erect upon the property an extension to the present Arcade Building which adjoins it on the south and west.

F. L. Hoover & Sons, builders, 629 Chestnut street, have revised plans posted for Shrapnel Shop, to be built at the Frankford Arsenal for the U. S. Army. It will be two and a half stories high, 54x143 feet and will be built of brick. Bids due at the office of Frank Heath, Major Ordnance Department of U. S. Army, June 29th.

Milton W. Young, builder, Overbrook, Pa., has been awarded the contract to build the handsome new Colonial residence at Overbrook Pa., for Mr. Arthur Peterson. It will be two and a half stories high of stone and will have every modern improvement. Plans by L. V. and D. K. Boyd, Associate Architects, Harrison Building.

W. R. Dougherty, Chas. Gilpin, Mr. McLaughlin, Kendrick & Roberts, Inc., Ferguson & Sons, builders, will file bids with Watson & Huckle, architects, 1208 Chestnut street, on June 25th, for alterations and additions to the building at the northeast corner of Twentieth and Ann streets, for Mr. Frank B. Off, according to plans prepared by them.

W. R. Dougherty, builder, 1604 Sansom street, will file bids with Guy King, architect, 431 Walnut street, on June 25th, for a brick store and dwelling to be erected at the southeast corner of Sixty-third and Market streets for Francis B. ANTI-SWEAT

Sectional Pipe Covering
For Cold Water Pipes

Made especially for water-pipes that pass through atmosphere of higher temperature than the water in the pipes. This covering prevents condensation on the surface of the pipes, thus stopping dripping. It does not absorb moisture, and, therefore, in addition to stopping all dripping, it protects the pipe from rust and decay.

The Tubular Heating and Ventilating Company, Philadelphia, Pa.

Dear Sirs: In sending you the inclosed check, to cover the small balance due you on account of extras, we take the opportunity to say that the two No. 6 Forbes Heaters purchased from you last fall have given the fullest satisfaction in every particular. They are in use in the "Madrid," a small apartment house in this city, containing twenty rooms that are heated by them, and we have found that they not only furnished plenty of heat, but did it with a very satisfactory coal bill. The fuel used was soft lump coal for the first fire in the morning but the rest of the day only slack from soft coal was used, costing \$2.50 per ton. We think the heaters a great success and do not see how you can improve upon them.

Very truly, etc.,

KING'S WINDSOR CEMENT

Elastic in its nature, can be applied with 25% less labor and has 12½% more covering capacity than any other similar material

FOR Plastering Walls and Ceilings J. B. KING & CO., No. 1 Broadway, New York

Always Specify U.S. Eagle NM or MF Brands of ROOFING TIN

The best terne on the market to-day for all purposes. Made entirely by the palm oil process, hand dipped, perfect in coating of richest tin and new lead, they furnish the greatest protection, and require least repairs.

For more than sixty years the M F brand has been recognized as the standard terne, because of its reliability

under all conditions of weather, location and atmosphere. The U. S. Eagle N M (new method) terne are the result of a still higher development of the M F process, giving a roofing material much nearer to copper in its resistance to corrosion. If you have not seen it, we would like to send you a sample.

OUR PRODUCTS ARE FOR SALE BY ALL FIRST-CLASS WHOLESALE METAL HOUSES

"A Fifty Year Roof," a comprehensive work on roofing, with scores of helps to writers of specifications and estimates, free on request.

ARCHITECTS' NOTES

Rowland W. Boyle, architect, 1624 Chestnut street, has completed plans and specification and sent same out to builders for estimates for the new dormitory building to be built for St. John Orphan Asylum, at Forty-ninth and Wyalusing avenue (details previously noted). The following builders have been invited to bid: Mr. O'Neil, Wm. and John McShane, Geo. Dietrich, Michael Magee, James Dougherty, P. J. Hurley. Bids due July 10th.

Heacock & Hokanson, architects, 931 Chestnut street, have completed plans and specification and sent same out to builders for frame school and dormitory building for Miss Martin, Chelton Hills, Pa. It will be three stories high, of frame and stone and will measure 47x18 feet and will have the usual appointments of a building of its kind. F. E. Wallace, D. W. Sperry, F. L. Hoover & Son, Inc., Wm. H. Krewson, W. S. Kohl, of this city, and Wm. Conrad, of Jenkintown, Pa., are bidding. Bids due July 9th, 5 o'clock.

At McKeesport, Pa., Architect H. J. Lohman, Bank of McKeesport, has prepared plans for five brick veneered dwellings to be erected on the Shady Place plant for the Tube City Real Estate & Improvement Company. They will be well finished throughout and will cost about \$5,000 each.—Also plans for a brick dwelling to be erected at McKeesport for Mr. Oscar Havekotte.—Also plans for a two-story brick parochial school building to be erected in Baldwin township for St. Wendelin's Roman Catholic parish.

Geo. E. Savage, architect, 1704 Chestnut street, is working on plans and will send same out to builders for estimates for the new edifice for the Ebenezer M. E. Congregation to be built at Fifty-second and Parrish streets. It will be one story and gallery, with a finished basement. It will be built of stone, slate roof and will measure 120x80 feet, and will contain audience and Sunday School room. The finished basement will be used for social purposes, with kitchen, dining room, etc. It will be heated by steam with a thorough system of ventilation, wired for electricity and every up-to-date improvement, and will cost about \$40,000.

Albert W. Dilks, architect, Mutual Life Building, has completed plans and specification and sent same out to builders for estimates for alterations and addition to the residence of Mr. Hunter Brooke, 1905 Spruce street. Plans provide for an addition to be four stories high of brick and general interior improvements such as plumbing, electric wiring, tile work, hardwood finishing, hot air heating, new mantles, decorating, etc. J. E. & A. L. Pennock, Thomas Little & Son, Stacey Reeves Son, R. C. Ballinger & Co., are bidding. Bids due July 10th.—The same architect is working on plans for extensive alterations and ad-

dition to the residence of H. M. Rolin, Esq., at Spring Lake, N. J.

Architect Frank A. Hersh is preparing plans for a modern residence for Mr. H. Bott, to be erected at Llysven, Pa. The building to be frame, sheathed and clapboarded with steam shingled roof. The first floor will contain large living rooms with face brick mantle and fireplace, spacious dining-room and kitchen and pantry provided with spacious cupboards, shelves, and sink. Provided with front and rear stairs. The second story will have three bed rooms, servants' room and bath room, each bed room will contain a closet. One room will be finished in the attic. The cellar will contain coal bins, heating, laundry, and servants' closet. The building to be fitted with modern plumbing and electric light.

—Architect Hersh has also let the contract to C. B. Bartley & Co., for a modern residence for Mr. William Gearhart to be located on the S. W. Cor. of Walnut avenue and Third street, same to be frame with slate roof, with a wide porch on two sides, the first floor to contain vestibule, reception hall, parlor, dining room, and kitchen. The second story to have three bed rooms, bath room and sewing room. The building to be piped for gas. Attic is to be finished.

Architects C. C. & A. L. Thayer, New Castle, Pa., have awarded the contract of the I. O. O. F. Home at Grove City, Pa., to H. Q. Hines & Co., of Stoneboro, Pa. The building will be 145x64 feet, three stories with finished basement, and will cost \$35,000. To be built of buff brick trimmed with brown stone, slate roof, cabinet mantels, modern plumbing, gas and electric light, dynamo run by gas engine, steam heat.—The same architects are receiving bids for an I. O. O. F. temple to be built at New Castle, Pa., size 80x89 feet, three stories, with all modern conveniences, material buff brick, brown stone trimmings, composition roof, steam heat, cost about \$30,000.—The same architects will close bids for a stone church at Beaver Falls, Pa., July 15th, size 43x143 feet.

—The same architects are preparing plans for a church and parsonage at S. Sharon, Pa., size 100x125 feet. Cost about \$25,000.—The same architects are receiving bids on an addition to the Shenango Valley Hospital at New Castle, Pa., to be 62x83 feet, four stories high, slate roof, steam heat, hard wood and composition floors, enameled brick, cabinet mantles, gas and electric fixtures, hot water heaters.—

—They have also let contracts for a brick and stone church at Millersburg, Ohio. Cost about \$15,000, and an eight room school building at E. Liverpool, Ohio.—They are also preparing plans for a seven-story business block for the Vodrey Bros., at E. Liverpool, Ohio. Size 50x80 feet buff brick, brown stone trimmings. The first floor will be one large store room, the other floors will be offices.

Architect Nathan Myers, Metropolitan Building, Market and Washington streets, Newark, N. J., has prepared plans for the following: A handsome residence for Mrs. E. G. Myers, at 39 Hillside avenue, which will cost about \$15,000. The front will be of cement stucco work on wire lath, with tile roof. The dining room and reception hall will be in solid oak paneling. The main bed room will be in bird's eye maple. The building is full three stories high and will be distinctly a city home.—Also plans for an eight family tenement at 118 Morton street, for Mr. Chas. Loebel, each compartment comprising of five rooms and rear porch, with dumbwaiter and rear stairway, and water closet on each floor. The building is estimated to cost about \$12,000.

—Also for an eight family tenement at 18 Jay street for Messrs. Oppenheimer & Wagner, will contain five rooms and rear porch to each apartment, with dumbwaiter, and the regular tenement improvements.—Also for a five story store and tenement building for Dr. A. R. Bianchi at the corner of Sheffield street and Seventh avenue, will contain five stores, and apartments of three, four and five rooms, and also a first class apartment with all modern improvements for the Doctor's private use. Each apartment will have its private porch and dumbwaiter, rear stairs, and water closet. The porch system will be in steel construction, and the building is estimated to cost about \$50,000.

—Also plans for a six story family frame flat building for Mr. M. Heinemann, at 19 N. Sixth street, will have six rooms and bath for each flat with all modern improvements, such as hot and cold water, gas, front and rear porches, with dumbwaiter, and rear stairs. The rooms will be large and airy. The building will cost about \$8,000.

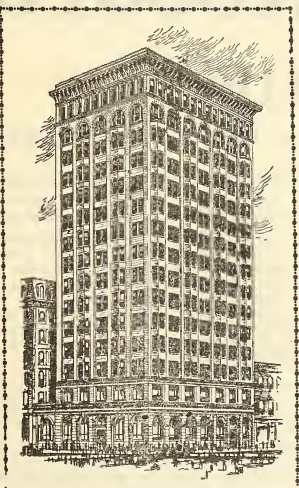

Architect W. G. Eckles, New Castle, Pa., has prepared plans for a dwelling to be erected at New Castle for Mr. Henry Fischer. It will be of brick with stone trimmings, slate roof, hardwood interior finish, furnace heat, cost \$3,500. The owner is receiving bids.—

Also preparing plans for a dwelling to be erected at same place for Mr. I. E. McCoy. It will contain twelve rooms, hard plaster, slate roof. Cost \$5,000. The architect is taking bids.—Also plans for dwelling to be erected at New Castle for Mr. J. B. Haley, at a cost of \$5,000. It will be of brick, hardwood interior finish, slate roof, hot water heating. Owner taking bids.—Also plans for a twelve-room brick and stone school building to be erected at Falls Creeks, Pa., at a cost of \$30,000. Hot air heating and ventilating, hard plaster, slate roof, dry closets. The general contract has been awarded to D. F. Swab.—

Also plans for an eight-room brick and stone school building to be erected at Sharon, Pa. Slate roof, hard plaster, steam heat, composition boards, flushing closets. A. Wishart & Sons, general contractors,

PHILADELPHIA, WED'Y, JULY 8, 1903

ARCHITECTS' NOTES

W. L. Plack, architect, 1403 Filbert street, has been commissioned to prepare plans for a new rectory building to be built on the grounds of the Lincoln University near Oxford, Pa. It will be three stories high, of brick, stone and terra-cotta. Further details later.

Duhring, Okie & Ziegler, architects, South Penn Square Building, are working on plans for a new school building to be erected at Berwyn, Pa., for the Board of Education of that place. It will be three stories high, of brick and will have the usual school house appointments. Will be ready for bids next week.

Newman & Harris, architects, Real Estate Building, have sent plans and specification to R. C. Ballinger, Jacob Myers Son, John R. Wiggins Co., J. P. Thompson, John W. Thompson and Chas. Gilpin, for alterations and addition to 1605 Walnut street for Dr. J. M. Anders. Plans provide for a new rear addition and general interior improvements. Bids due July 9th.

C. E. Schermerhorn, architect, 430 Walnut street, has completed drawings and specifications for a three-story stone and frame Colonial residence to be located at Elkin's Park, Pa., for Mrs. Wm. R. Brown. The house will be 50 feet wide and 40 feet deep with kitchen, laundry and conservatory in the rear. In addition, the first floor will contain a large reception hall, library, dining-room, parlor and butler's pantry. The second floor will contain four bedrooms, bathroom, sewing-room and a large hall, which will be used as a picture gallery. The third floor will contain a billiard and pool room, store room and servants' rooms and bathroom. The residence will be lighted by both gas and electricity, will contain first-class plumbing and a hot water heating system. It will be finished in oak throughout, with hardwood floors, slate roof, brick and stone fireplaces, plate and leaded glass, etc. Estimates will shortly be taken by the owner. A stable will also be erected later on. The cost of the operation will be about \$50,000.

1903 SEMI-ANNUAL REPORT

OF BUILDING CONSTRUCTION

AND TRANSFERS OF REAL ESTATE

From January 1st to June 30th inclusive, also giving the mortgage and ground rent incumbrance on the real estate transferred.

2974 New buildings of all kinds erected and in course of erection, at an estimated cost of \$19,134,514, exclusive of the cost of the land; only 74 more new buildings for the first six months of this year than were erected during the same months last year, but the amount invested in new buildings this year is greater by \$5,581,395.

1050 Alterations and additions (those costing \$300 and over are only included) costing \$1,575,000, a falling off from last year of 50, while the amount expended in these improvements this year is \$75,000 less than during the same months of last year. The total expenditure in building improvements so far this year amounts to \$20,709,514, while in our July report of last year our figures were \$15,203,119, the difference being \$5,506,395 in favor of 1903.

It is decidedly pleasant to speculate on what might have been the results thus far this year had it not been for the war of the Trade Unions.

In some respects, no doubt, the strikes have had a beneficial effect on real estate values through a curtailment of production, for there is no doubt that a great many more small dwellings would have been erected had it not been for the labor disturbance, how many more is, of course, mere speculation, but as straws are indicative of wind current it is safe to conclude that inasmuch as Messrs. Hazlett & Moss, 631 Walnut street, almost immediately after the ending of the carpenters' strike, financed three different operations, embracing 217 two and three-story dwellings involving an investment of \$600,000, a great deal more would have been accomplished had not the carpenters been led on a wild goose chase when, indeed, there were no geese to be captured.

It is an old maxim which says that the appetite grows on what it feeds, and this, perhaps, is the only logical explanation that can be given for the unexampled disturbance in labor circles throughout the country since the advent of 1903.

The singular feature presented is the well paid, under-worked skilled labor conditions in our own country, causing unrest and dissatisfaction, while at least one-half of the people of the rest of the world are gazing with envy upon the prevailing easy-working conditions in America and are making every effort to escape from their own environments.

That immigration to this country is heavy is not at all surprising, how could it be otherwise so long as men aim to secure for themselves opportunities which can never be reached in their own country.

It is highly improbable that the conditions in Europe for working people will be improved for many years. Meanwhile immigrants to this country will continue to pour in until it represents an enormous surplusage of both skilled and unskilled labor and this will be the solution of our own labor problem.

Another and most significant feature of the present great prosperity in our own country and which must have a telling effect upon our working people at no distant day is the durability of the work being done, whether in the construction of buildings, railroads or anything else; as improvements of this nature are intended to last for many years, there must come a time when there are quite enough and if this will not affect the already expanded working forces of the country what more can be needed.

How soon conditions will change no man can predict, of course, the country will continue to prosper so long as the harvest fields yield their crops of golden grain and the other countries continue to purchase what we have to sell. Of course the exports of manufactured products will add to our prosperity, but it is fair to assume that our foreign brethren will everlastingly continue in the stupid methods of their fathers, while every day of their lives they are given a lesson as to the value and expedition of American methods over their own.

It can, of course, be argued that methods in the old countries cannot be easily changed; they can never be changed until the very foundations on which their economical conditions have been erected are rooted out and they commence at the beginning.

It is said that a few men own nearly the whole of the acreage of England. Ancestral acres there mean waste as well as the want of utility. Hunting preserves, and inherited domains properly belong to the age of romance more particularly in a limited home area. They play no part in feeding the millions, and while the curative may never come in this direction, the population will continue to increase.

When the limited area of the countries of Europe—except Russia—is considered as well as the waste of land, their great populations, their misdirected labor, their vast armies and navies, the question of their food supply becomes serious. In the face of this it is not at all strange that emigrants to a number equal to the entire population of a small American city, have landed on our shores in a single day. That they will continue to come there is no doubt, and, while there are hosts of clever men who depreciate this fearful immigration, it must be recognized as a vast and potent influence in shaping the future of the United States.

For ourselves we cannot recognize any cause for alarm, as we have already recognized its nature, influence upon the supply and demand for labor, skilled and unskilled, and this indeed is the very result many of these self same clever men are wishing to be reached.

These gentlemen who stigmatize this recent acquisition to the nation's population should not forget that the immigrants of the early years were welcomed in precisely the same way, and yet the records of the army and navy departments will show that it was these immigrants and their sons who helped to swell the forces that fought the nation's battles. As the immigrants of the fifties reached the opportunity they desired and made the most of it in the acquisition of both wealth and position for themselves as well as their children, so also in another fifty years the immigrants of to-day will have become an important factor in the growth and prosperity of the nation.

Any title officer of a trust company can inform those who are anxious to learn that the Italian and Russian immigrants of a few years helped to swell the important small house buyers in our own city.

Any one is at liberty to depreciate or extol these influences at pleasure; they are the economical make-up of the whole country and must be recognized. Brains, energy and thrift are well directed labor and in Jew or Gentile, under equal opportunity, count for just as much in the migrant as in the native.

A story was recently told us of a German butcher

doing business in a small city in Germany, who visited his brother, a third-up pork packer of this city. He was amazed at the magnitude of the business and the system which controlled every corner of the establishment. As he was leaving, he asked the owner what he thought of it. He answered that he was not only surprised at the prompt business methods with which the plant was managed but that he now fully understood the difference between Germany and America. "Why," he said, "it is no wonder that you fellows grow rich here. You do more work in a week than we can do in a month here."

That pork packer was an immigrant a few decades ago, but he had been inoculated with American ideas and American hustle and had secured a foothold.

It is not many remove in America from the condition of an immigrant to that of an opulent business man if the essentials are not absent.

The whole question as to real estate, the supply and demand for dwellings, factories, forges, warehouses, rests upon these things and to figure without them is to figure in vain.

The whole country is growing at a terrible pace. The railroads tell the story. The exports emphasize the needs of those who live abroad as well as their inability to help themselves. The solution of the house problem, values, rentals, occupancy, the desirability of real estate as an investment, all reflect the same other things and the answer is to be found in them.

Why is it, if not for these other things, that two-story dwellings in the city of Philadelphia, the majority of Fifty-second and Vine streets at \$5,000.00 each for corners and \$4,500.00 for those inside. We have seen the agreements of sale and know whereof we speak. Of course, the market is not so active when completed, but it is not so long ago when the builders and owners of such two-story dwellings would have been condemned as being crazy if they had hoped to realize any such prices.

There are those who will say this is an exceptional case, if so there are a few exceptional cases for it can be put down for a fact that the people have acquired an appetite for property for both homes and for investment and have followed the transfers of real estate well know.

Look at the transfers for the six months of 1903, they show an average of 1,500 each month of the year thus far and the average monthly value is \$8,354.757.63. The total of 9,007 transfers and a total value of \$50,128,545.80 in six months indicate nothing to many people, but perhaps the fact that the transfers for the month of May, while in number 2,163 and the value \$3,164,099.05, the heaviest in a single month for years, will indicate more.

The fact is, along the whole line sentiment has changed, people are daily hunting for small dwellings and they are receiving the benefit of it. The rents are advancing on an average of ten per cent, and the advance is cheerfully paid; collections were never better, and perhaps the fact that the transfers for the cause of their ownership of small properties have now no desire to sell.

In the saving and loan institutions the number of depositors show a steady increase and while the money accumulation shows a decrease it is not serious and is said to be the result of strikes and the withdrawal of money for investment on stock of the Pennsylvania Railroad Company's recent issue and, in fact, there was of more of this than can be easily understood from such an incentive among people who save in this manner.

It is but natural that a decided preference should be given West Philadelphia as a residential section. People desire breathing room and flowers and trees and the mistake of erecting small houses on narrow streets similar to the cells in a prison corridor is more apparent than ever.

Philadelphia might have been made a most beautiful city and if the sentiment had prevailed to a general extent even two-story dwellings could have been constructed to allow for shrubbery and breathing area and they could have been easily sold at an increased cost to have justified it and this holds good for West Philadelphia to-day as it does for any operation north or south of Market street.

Messrs. Pennell say that everything points as before to a strong active market this fall with investors paying more and more attention to real estate as a source of money property. We see no prospects of reduction in price of any of the materials entering the construction of the modern dwelling house and we believe that the present scale of wages for the various classes of mechanics will continue for some years.

The opening of the new cross-town trolleys on Fifty-fifth street from Woodland to Lansdowne avenues, will divert the building ground lying between the points named.

As to the industrials Mr. W. Bruce Barrow says that during the months of April and May the demand was principally of the textile class, both for sale and rent, of large space, especially in the Kensington district. In the month of June the textile trade fell off and the demand was in the nature of foundries and machine shops equipped to purchase. The month of June was a big month for wharf properties, both to rent and purchase, especially for lumber yards. There is also quite a demand for central factory sites on which to erect factories.

There was never a better condition in the industrials along the river than at present. Many factories would be erected were it not for the greatly increased cost. Many sites have been purchased on which to erect but the plan of the owners run up against the architect and builder and get estimated cost it often ends there and the land

is held for future developments as to cost of construction.

Architects do not agree as to the outlook at present, some of them are quite optimistic, while others believe that the present low level of activity is but a lull and had a depressing effect upon owners who contemplated the erection of buildings and who were even prepared to go on in many instances.

There is, they say, noticeable absence of the enthusiasm which prevailed before the strike and which was characteristic at that time, a kind of conservatism is considered to be in the hand as well as promised, while others who, as a rule, are well favored with commissions, are without any at present. This is, it will be noted, according to Mr. W. Bruce Barrow's statement, as to the industrials if it is needed.

The strike of the anthracite coal miners cut like a two-edged sword against our manufacturing industries, the results extending so far that heavy imports had to be made to meet requirements.

It will be seen from our tables that our operative builders have not met expectations this year for the total number of two and three-story dwellings erected and in course of erection 2,668, against the 3,666 for the same months of last year, an increase of only 62. This does not seem to confirm the opinion of Messrs. Pennell and Co., that work of this character was not greatly impaired by the strike, for the noticeable scarcity of small dwellings since July, 1902, the sentiment which seems to be in almost every direction as to the needs of both the renting and purchasing public justified more confidence as well as more effort in this direction.

The erection of the ever popular two-story dwelling house this year is fairly well distributed from the twentieth year upward. The total number of these erected in 1903 against 2,112 for the same months last year, a gain of 150. West Philadelphia enjoys the distinction of having erected more of these than any other section of the city. The total number out of the total it is responsible for 1,222, leaving but 1,040 to be distributed among the other wards. The twenty-fourth ward, which has the largest number with its 797 two-story dwellings, carries the palm of glory. The Twenty-seventh ward with 393 comes next in order and the Fortieth ward comes next with only 32. The Twenty-fourth has none to its credit unless the building permits have lied outrageously. We desire to note that last July we were only able to accredit West Philadelphia with 802 new two-story dwellings, consequently there is a clear gain of 420 in that section of the city, over the same months of last year.

The gains in two-story dwellings are distributed among the wards of the city as follows: Seventh, 1; Tenth, 1; Twelfth, 1; Thirteenth, 1; Fourteenth, 1; Fifteenth, 38; Twenty-second, 120; Thirty-first, 9; Thirty-fourth, 388; Thirty-sixth, 154; Thirty-eighth, 83. The total number of two-story dwellings in the city is 15,731. The number of two-story dwellings this year are the Eighteenth, 6; Twenty-first, 17; Twenty-second, 128; Twenty-fourth, 7; Twenty-sixth, 27; Twenty-eighth, 58; Twenty-ninth, 11; Thirty-third, 69; Thirty-fifth, 6; Thirty-ninth, 157; Fortieth, 81; Forty-first, 150; Forty-second, 46.

It strikes the writer that a serious mistake has been made by our West Philadelphia builders in their apparent neglect of three-story dwellings this year, for while there is an increase of these this year compared with last year it is not so great. Last year for the same months there were 101, while this year there are 130, an increase of only 29.

This seems to be a sacrifice of valuable land as well as opportunity. No doubt they are correct if the nimble shilling idea is the only factor to be considered, but in West Philadelphia the home sentiment prevails among buyers to a greater extent than in any other section of the city, and too many of these are buying properties, however nice and inviting, that will prove in the near future entirely inadequate for their needs, besides the buyers in West Philadelphia are of the better class and are fully able to buy larger if not better homes than a two-story house.

The sentiment which controlled builders a few years ago are contrary to present conditions of the capabilities of the city and it is not to be wondered at that we recall the time when many of our successful business men were on the verge of despair and ruin, and who, in order to save their business, threw down homes and other properties into the auction rooms to be sold for the highest bid, regardless of the loss.

The total number of three-story dwellings so far this year is 406, against 404 for the same months last year, a loss of 88.

The wards which are responsible for this enormous loss are the Second, 1; Tenth, 2; Twelfth, 1; Thirteenth, 1; Sixteenth, 1; Seventeenth, 16; Eighteenth, 3; Twentieth, 1; Twenty-first, 2; Twenty-second, 65; Twenty-third, 91; Twenty-fourth, 14; Twenty-fifth, 1; Twenty-eighth, 43; Twenty-ninth, 14; Thirtieth, 1; Thirty-first, 2; Thirty-fourth, 4; Thirty-fifth, 4; Thirty-sixth, 7; Fortieth, 1; Forty-first, 1.

The gain it will be noticed are few. The Third gained 2; Fifth, 8; Fifteenth, 1; Nineteenth, 4; Twenty-third, 2; Twenty-seventh, 76; Thirty-third, 19; Thirty-fourth, 1; Thirty-fifth, 2; Forty-second, 1.

There are 13 four-story dwellings this year, costing \$203,000, against 8 last year, which cost \$213,386. This is estimated, but is the actual cost as was given to us by the architects and builders.

It can be truthfully said that as go the industrials so go does the dwelling end of the building proposition.

We find that this year we have already 138 industrial buildings, but not an industrial building exclusive of the cost of the land, of \$8,669,650. Last July we reported that there were 131 of these indus-

trial buildings, consequently there is a gain of 7 this year, and the investment is greater by \$999,054, hence it is conclusive that our manufacturers and capitalists were not deterred, even through the magnifying proportions of the coal and oil and the disturbing influences. Warehouses are 18 this year, or 5 more than last year, and the investment is greater by \$12,075. There are 9 more and 82 less than last year, and their cost is \$9,050 more than the cost of those erected for the same months of 1902. There are 47 factories, against 46 last year, and the investment this year amounts to \$1,103,200, against \$1,547,986, the cost of those erected last year. This is a falling off of \$354,786. There are 4 engine and boiler houses, against 16 last year, and the cost of this year cost \$563,350, while the 16 erected up to July last year cost but \$15,700, a gain this year in this direction of \$516,650, or more than enough to make up the loss in factories. There are 2 breweries and bottling houses in this report, while there were none in the last, a gain here of \$2,830. There are 25 foundries and shops, against 21 last year; those last year cost \$277,995, while the cost of the 25 erected this year is \$389,650, a gain in the investment of \$100,655. There are 37 stores (not stores and dwellings) this year, against 19 in our last July report, the investment in buildings of this character is \$5,115,700, against \$2,859,000, the cost of the 19 erected for the same months last year, an enormous gain right here in the industrial buildings of \$5,559,710.

There are 8 school houses costing \$858,083, while there were only 2 last July, costing \$184,000.

There are 74 stables this year, costing \$111,000, in our last July report we accounted for 71, costing \$105,500.

There are 4 churches, costing \$246,600, last July we also reported 4 but their cost was only \$65,490.

By miscellaneous buildings we mean those without classification; the cost of these is never estimated as we directly aim in every instance to obtain the actual cost. There are 66 of these this year, against 61 in our July report of last year. The cost of the 66 this year is \$2,875,683, against \$2,813,532, the cost of the 61 last year, an important gain in the investment of \$62,151.

Alterations and additions costing \$300,000 and over, but 1,050 this year, costing \$1,575,000 last year, there were 1,100 and the cost was \$1,650,000, the loss in these is unimportant except that it makes quite evident that the renters have become less insistent as to repairs and improvements of this character as a result of the scarcity of small dwellings.

We invite attention to our table of transfers and we desire to emphasize the statement that it actually represents the deeds of record.

The number of transfers is an important increase over the record of last July, when there were but 7,576. The value of the properties transferred this year, up to and including June 30th, is \$50,128,545.80.

This in itself is evidence enough to confirm any statement that can be made as to the constantly improving condition of the real estate market.

These transferred properties bear a mortgage incumbrance of \$17,276,126.42 or 34.4 per cent. This item of 34.4 per cent. of mortgage incumbrance on over \$50,000,000 worth of real property conveyed this year is important because the \$44,000,000 conveyed for the first six months of 1902 bore a mortgage incumbrance of 39.1 per cent, in 1901 it was 39 per cent, in 1900, 39.7 per cent, in 1899, 38 per cent, in 1898, 36.8 per cent, in 1897, 39 per cent, 1896, 34.5 per cent, in 1895, 30 per cent, in 1894, 27.3 per cent, in 1893, 22.1 per cent, 1892, 20 per cent.

The ground rents this year amount to \$192,684.45, which, on a six per cent. basis, represent a further incumbrance on the real estate conveyed this year of \$3,211,407.50.

We add the following table of transfers since 1880 inclusive, because it is regarded as important by many of our readers:

Transfers.	Value.
1889-8,419	\$42,374,824.05
1890-8,160	\$42,063,784.01
1891-7,471	\$38,947,911.77
1892-6,864	\$36,493,098.08
1893-6,698	\$36,169,493.08
1894-6,187	\$31,851,553.02
1895-6,574	\$42,100,081.05
1896-7,359	\$47,163,126.75
1897-6,597	\$41,495,275.42
1898-6,542	\$43,398,754.74
1899-6,065	\$32,306,875.92
1900-6,392	\$34,649,137.49
1901-6,768	\$42,867,708.17
1902-7,576	\$41,164,093.34
1903-9,007	\$50,128,545.80

The auction sales of real estate up to June 30th inclusive, amount to \$1,743,980.24; last year for the same months they amounted to \$1,770,788.21; for the same months of 1901 they were \$2,028,191.00.

The mortgage incumbrance on the properties sold during this year amounts to \$1,770,788.21, while the \$278.08 ground rents represent a further 6 per cent. incumbrance of \$163,316.33.

The following is a Table of Conveyances by Months.

1905.	No. of Transfers	Amount of Transfers.	Mortgage Incumbrances on Transfers.	Ground Rent Incumbrances on Transfers.	Sales of Real Estate at Auction.	Mortgage Incumbrances on Real Estate at Auction.	Ground Rent Incumbrances on Real Estate at Auction.

ARCHITECTS' NOTES

David Knickerbacker Boyd, architect, Harrison Building, has completed plans and sent same out to builders for estimates for addition to 2203 South street, for Mr. Joseph Holland. Plans provide for a four-story addition and addition to the rear to be built of brick. Appleton & Burrell, Thomas Little & Son, W. R. Dougherty, Geo. L. Sipps are bidding. Bids due July 13th.

Cope & Stewardson, architects, 320 Walnut street, have been commissioned to prepare plans for a new gymnasium and physical and chemical laboratories for the University of Missouri, at Columbia, Mo., for which the Legislature has appropriated \$175,000. They will match the present buildings in design. It is estimated that the gymnasium and physical buildings will cost about \$75,000 and the chemical laboratory about \$25,000.

Newman & Harris, architects, Real Estate Building, have completed plans and sent same out to builders for estimates for a new residence for Mr. Robert Downing to be built at Wallingford, Pa. It will be two and a half stories high, of Avondale stone and half timber in the old English style of architecture (details previously noted). Chas. Gilpin, Jacob Myers & Son, Thomas Seeds, Lewis Havens & Sons, R. C. Ballinger, of this city, and F. E. Mahan, of Ardmore, Pa., are bidding. Bids due July 13.

Chas. E. Oelschlager, architect, Harrison Building, has completed plans for extensive alterations to Wm. LUMBER

BUILDING LUMBER A SPECIALTY

Alex. Chambley, builder, 707 Walnut street, has been awarded the contract for alterations and additions to the residence of Dr. L. A. Potolski, at 1111 Lehigh avenue. There will be a two-story brick addition 15x33 feet built and general interior improvement made. Plans by Chas. Oelschlager, architect, Harrison Building.

William Steele & Son, builders, 1600 Arch street, have plans posted for a seven-story manufacturing and store building to be erected at 721-723 Arch street. It will measure 41x139 feet and will be built of brick and slow burning construction. It will have brick tower fire escapes and every up-to-date factory appointment. Bids due July 11th.

Isaac Smyth, manufacturer of the Eclipse Duplex Filter, has opened an office for the sale of these filters at 508 N. Broad street. The manufactory is at 2813 Dauphin street.

F. L. Hoover & Sons, Inc., 629 Chestnut street, have filed bids with Isaac Pursell, architect, 119 S. Fourth street, for a new rectory for St. Martin Protestant Episcopal Church at Oak Lane. It will be two and one-half stories high, of stone and pebbledashed, and will measure 31x57 feet, and will contain all modern improvements. Contract will probably be let this week.

Burd P. Evans, builder, 706 N. Ninth street, has been awarded the contract for the new South United Presbyterian Church to be built at Seventeenth and Snyder avenue and for the Congregational Church to be built at Third and Snyder avenue. Plans for both these edifices were prepared by Chas. W. Bolton, architect, Witherspoon Building (details previously noted). Work will proceed at once.

Armstrong & Latta, contractors, Land Title Building, have been awarded the contract to erect a two-story brick fan house and a one-story tool house, each to measure 50x26 feet, at the West Philadelphia shops of the Pennsylvania Railroad. They will also build a new pier 900x52 feet and a concrete bulkhead at Pier No. 7, Canton, East Baltimore, for the Philadelphia, Baltimore & Washington Railroad at a cost of \$50,000.

Thos. Little & Son, builder, 222 Ranstead street, have been awarded the contract to build the handsome new bank building for the Central Trust and Savings Company on the northwest corner of Fourth and Market street. It will be six stories and basement high, 28x32 feet. It will have a granite base and will be built of limestone and terra-cotta and brick. The first and second floor will be built for banking purposes. The upper floors, offices. It will be equipped with elevators, heated by steam, wired for electricity and will have every appointment and convenience. Plans by William Copeland Furber, architect and engineer, 421 Chestnut street.

Hurluck & Son, builders, Stephen Girard Building, have been awarded the contract for the new bath house for the Bedford Mission, to be built at 621-23 Kater street, according to plans of Walter Smedley, architect, Stephen Girard Building. Also for alterations and additions to the Pennsylvania Industrial Home for Blind Women at Saunders and Powelton avenues, according to plans of Wilson, Harris & Richards, architects and engineers, Drexel Building.

WHAT ARE BACTERIA?

The purifying agency in the septic tank for sewage is the anaerobic bacteria. What, then, are the bacteria themselves? They are minute forms of vegetable life allied to the algae and they can be roughly classified as (1) parasitic (needing a living host); (2) saprophytic (living on dead animal or vegetable matter); and (3) those which adapt themselves to circumstances and exist indifferently as parasites or saprophytes. Bacteria are also distinguished

according to conditions under which they live. They may be either anaerobic (living without air—that is without free oxygen) or aerobic (existing with free oxygen). They vary in size from one-fiftieth-thousandth of an inch to one-twenty-five-thousandth of an inch in diameter. Multiplication usually takes place by division. Each half grows to the size of the original bacterium, and then splits in two. They grow very rapidly. With plenty of food and proper conditions, a single bacterium will multiply itself to almost incredible numbers. In twenty-four hours one bacterium would produce 16,000,000; in two days, 47,000,000,000, and in a week the number expressing them would be made up of fifty-nine figures. The work the bacteria do in the purification of sewage is first to break down and then to oxidize the foul matters of which it is composed. Nearly all sewage is made up of various compounds of carbon, hydrogen, nitrogen and oxygen and the action of the bacteria is nature's way of reducing highly complex compounds to their original elements.—*From Fire and Water.*

THE OZONE PROCESS OF WATER PURIFICATION.

A test of the purification of water by the ozone process was recently made at Niagara Falls, N. Y. The ozone generator consisted of a rotary ozoner—a cylinder of cast-iron, three feet in length and eighteen inches in diameter. It has twenty-five iron disks, each having a segment removed, in order to prevent the arching of the electric current which passes through it. The iron disks are on an iron shaft, operated by a current of electricity of 50,000 volts, revolving fifty times a minute, forming series of brush discharges. The air is passed through the machine and, coming into contact with the brush, discharges; the oxygen is removed, leaving the ozone. This flows in two pipe lines, one enters the top of a tower of brick and then meets a stream of water, both being conveyed through an emulsor. The contact of the water with the ozone changes the latter into a spray, which aerates the water and removes a portion of the impurities. The water is then allowed to trickle down through several tons of finely crushed granite, and meets a current of ozone injected into the tower from the second pipe line. This removes all impurities which remain after encountering the first pipe line of ozone. Before any water is run through the tower it is first filtered. After the water passes through the tower, it drops in a large basin in the purified form.—*Exchange.*

The Tubular Heating and Ventilating Company, Philadelphia, Pa.

Dear Sirs:—In sending you the inclosed check, to cover the small balance due you on account of extras, we take the opportunity to say that the two No. 6 Forbes Heaters purchased from you last fall have given the fullest satisfaction in every particular. They are in use in the "Madrid," a small apartment house in this city, containing twenty rooms that are heated by them, and we have found that they not only furnished plenty of heat, but did it with a very satisfactory coal bill. The fuel used was soft lump coal for the first fire in the morning but the rest of the day only slack from soft coal was used, costing \$2.50 per ton. We think the heaters a great success and do not see how you can improve upon them.

BUILDING LOTS FOR SALE

In considering ground for a building operation for the present year we would like to direct attention to some very desirable locations that we have on **Fifty-eighth Street**, between Baltimore Avenue and Woodland Avenue, in the Fortieth Ward.

Along the line of this street we own somewhat over **Fifty Acres** of desirable building ground that is now ripe for improvement. **Fifty-eighth Street**, with its excellent double-tracked trolley service connecting with all east and west lines for one fare, is unequalled for desirable conditions by any other location the same distance from the centre of the city. In addition to the trolley service we have Angora Station, Pennsylvania Railroad, only three blocks north of our ground, with trains into Broad Street Station in a little more than ten minutes' ride.

Our ground will cut up so as to suit any demands, whether large or small. We have some lots suitable for **six-room houses**, some suitable for **eight-room houses** and a little further up some fine lots that would be best adapted for **twin houses**. If you have any idea of buying for an operation this year we can make you very low prices with most attractive terms.

Pemberton & Company

414 and 415 Girard Bldg. Broad and Chestnut Sts.

Now is the time to make a purchase for the coming year before the price of ground advances. At present we can offer the cheapest ground in West Philadelphia that is located on a double trolley line and ready for immediate improvement.

DRESS LIKE A GENTLEMAN

and you will save, because of durability, besides which, if we make your clothes the material will be first-class, the fit perfect, the cost but a fraction more than ready-made and the satisfaction of knowing and feeling that you are well dressed is a heap of satisfaction, as it always is to any self-respecting man.

The new building will be eight stories high, with white marble exterior, and will cost \$1,000,000. It will be located back of the Borough Hall and will have entrances in Court and Joralemon streets.—The trustees of the Bellevue and Allied Hospitals will receive bids until July 15th for the erection of a New Harlem Hospital.—It is stated that Cyrus L. W. Eidlitz, 1123 Broadway, has prepared plans for a twenty-two-story building to be erected at Forty-second street and Broadway for the New York Times Publishing Company.

should be adapted to your circumstances, age and occupation.

If you need to emphasize Protection you will buy a Life Policy.

If you wish to combine Savings and Investment with Insurance you will buy an Endowment Policy.

If you are advanced in years and wish to be relieved from financial care you will buy an Annuity Contract assuring you an annual income for life.

If you are undecided as to the kind of Policy, or if you do not now feel able to carry the kind you think you want, THE PENN MUTUAL has a low premium Policy well suited to your case. This Contract enables you to start your Insurance now, and to have your payments credited on any other Policy you may wish to select later—the premium rate of the new Policy to be that of your present age.

ARCHITECTS' NOTES

E. F. Durang, architect, 1200 Chestnut street, has been commissioned to prepare plans for a new chapel for the Sisters of Charity Convent at Merion, Pa. It will be built of stone with all modern improvements.

Paul & Seymour Davis, architects, 907 Walnut street, plans have been accepted by the United States Government official at Washington, D. C., to govern the erection of the handsome new post office to be built at Atlantic City, at a cost of \$150,000. Plans will be ready for bids in about six weeks' time.

Arthur L. Nicholson, architect, of this city, plans have been accepted in competition for the new office-building to be built on Market street near Delaware avenue, Wilmington, Del., for the DuPont Powder Company, of that place. It will be twelve stories high and will cost about \$600,000. Details later.

Ballinger & Perrot, architects and engineers, 1200 Chestnut street, have completed plans and specifications and sent same out to builders for estimates for alterations and additions to Warren Webster & Co.'s plant at Camden, N. J. The following builders are bidding: Cramp & Co., Chas. Gilpin, A. Raymond Raff, Burd P. Evans, Kaighn & Draper and H. L. Forte. Bids due July 17th.

Thomas Stephen, architect, Masonic Temple Building, Camden, N. J., is working on plans for a four-story brick and slow burning construction addition, measuring 60x190 feet, to the Keystone Leather Company's plant at Sixteenth and Mickel streets, Camden, N. J. Will be ready for bids in about two weeks' time.—Also working on plans for alterations and additions to the office building of the South Jersey Electric Traction Company at Bristol, Pa. Plans provide for a two-story brick addition and improvements.

Harry Reinhold, Jr., architect, 1004 Chestnut street, has completed plans and sent same out to builders for estimates for the six-story factory to be erected at 211 North Eleventh street, for D. A. Baker, the sign man. It will be six stories and basement high, 17x80 feet, and will be built of brick and slow burning construction. The following builders are bidding: Thomas Seeds, Lynch Bros., Kendrick & Roberts, Inc., B. Ketchum, Andrew Beck, Robt. Tarlow & Son, Jos. Bird, Lewis Havens & Sons, Smith & Hardican and Chas. W. Denny. Bids due July 18th.

Wm. Copeland Furber, architect and engineer, 421 Chestnut street, has completed plans and specifications and sent same out to builders for estimates for additions to shops of the Remington & Sherman Company at Beach and Vienna streets, Philadelphia. Work will include concrete and stone masonry, brick work, concrete sub floors, cut stone sills work, carpenter and mill work, painting and glazing, hardware, structural steel work, galvanized

iron work and skylights and slag roofing. The following builders have been invited to bid: Royhouse, Arey & Co., Thomas Little & Son, Henderson & Co., Jacob Myers & Sons, J. E. & A. L. Pennock. Bids due July 18th, at noon.

Architect J. R. Ogden, 1003 Atlantic Avenue, Atlantic City, N. J., has prepared plans for Mr. W. C. Sharp, 7 North Florida avenue, Atlantic City, N. J., for a four-story brick hotel, 23x94 feet. It will have all of the modern hotel requisites, steam heat and will be located at 2008 Pacific avenue, that place. Owner will take sub bids on all work except carpenter work.

Thomas Stephens, Architect, Masonic Temple Bldg., Camden, N. J., has plans in the course of preparation for a six or seven thousand dollar house for Lewis C. Coates, to be built at Seventh and Penn streets, Camden, N. J. It will be three stories high and will be built of brick faced with Connecticut brownstone, and will have all modern improvements.—Also working on plans for alterations and additions to the residence of Selvin Twitchell, at Cooper and Federal streets, Camden, N. J. Ready for bids in a short while.—Working on plans for a bowling alley for the Camden Republican Club to be built at Third and Cooper streets. It will be one-story high, 18 x100 feet, and will be built of brick.—At work on plans for theatre bowling alley and amusement room for the Order of Elks to be built at Broadway and Federal streets, Camden, N. J. It will be two stories high, of brick, with all modern improvements.—Also working on plans for three houses to be built at Collingswood, N. J., for Walter Patterson. They will be two and a half stories high, of frame and stone with all modern improvements.

BUILDING AND REAL ESTATE NOTES.

S. Casals & Co., builders, Lippincott Building, will build five two-story houses on the north side of Vine street west of Fifty-fourth street, for James McBride. They will measure 16x60 feet, and will be built of brick with all modern improvements. This operation will cost about \$15,000.

Jno. R. Wiggins & Co., Machm Brown, Kendrick & Roberts, Inc., builders, have plans posted for a purpose emergency house for the Phila. Rapid Transit Co., to be built at 13th and Mt. Vernon streets. Plans show one of two stories and one of three stories to be built of brick and stone. Bids due July 20.

Jos. Ashby, builder, at Fox Chase, has been awarded the contract to build the three-story frame parsonage, 25x33 feet, west of B, north of Loney street, for the Fox Chase Methodist Episcopal Church, at a cost of \$4,500 (details previously noted). Plans by Stearns & Castor, architects, Stephen Girard Building.

W. J. Gruhier, builder, 77 Herman street,

Germantown, has been awarded the contract to erect the large residence at Chestnut Hill for F. W. Taylor, Esq. It will be three stories high and will be constructed of brick and stone (details previously noted). Plans by Mantle Fielding, architect, 110 South Fourth street.

The Bernard's Water Company of Bernardsville, N. J., has been incorporated to supply that place with water. The capital is \$100,000. Among the incorporators are Calvin D. Smith, Parmenas C. Henry and Luther Childs.

Jacob Myers & Sons, builders, Witherspoon Building, have filed bids with the Baldwin Locomotive Company, for a new power-house to be built at Twenty-sixth and Aspen streets, for the company. It will be one-story high, 50x40 feet, and will be built of brick and slow burning construction. Plans by the company's engineers.

H. B. Shoemaker & Co., builders, 19 South Ninth street, have been awarded the contract to build the new fire house for the city at York road and Champlott avenue. It will be a three-story structure of stone, 32x73 feet (details previously noted), and will cost \$16,000. Plans by Philip Johnson, architect, Fidelity Building. Work will proceed at once.

J. S. Rodgers & Company, builders, at Stanwick, N. J., have been awarded the contract to build the new clubhouse at Riverside, N. J., for the Riverside Turgemeinde. It will be three stories high, 50x100 feet, and will be built of brick with the usual appointments and will cost about \$20,000. Plans by Duhring Okie & Ziegler, architects, South Penn Square Building.

James Doyle, builder, 878 North Forty-sixth street, has been awarded the contract to build the new dormitory building for St. John R. C. Orphan Asylum, at Forty-ninth and Wyalusing avenue. It will be three stories high, with a finished basement, 42x86 feet, and will be built of brick and stone with all modern improvements. Plans by Rowland W. Boyle, architect, 1626 Chestnut street.

Appleton & Burrell, Thomas Seeds, Jr., Thomas Little & Son, W. J. Gruhier, Fred Elvidge, Reynolds & Caldwell, Jacob Myers & Son and Doyle & Doak have filed bids with Arthur H. Brockie, architect, 328 Chestnut street, from revised plans prepared by him, for a three-story brick, 113x46 feet, fireproof addition to the Germantown Hospital at East Penn and Chew streets, Germantown.

Jefferson Medical College has bought the store properties 1023-25-27 Walnut street from F. Wayland Ayer for \$80,000. The properties will be used as a site for the erection of a nurses' home for the institution. Nothing will be done toward its erection until the completion of the new hospital building at Tenth and Sansom streets. The properties purchased have a frontage of 50 feet with a depth of 107 feet to Moravian street.

PHILADELPHIA, WED'Y, JULY 15, 1903

HARDWOOD FLOORS, GRILLES AND PARQUETRY.

Messrs. Moore & Hunt, 38 South Eighteenth street, this city, are rapidly extending their hardwood flooring, parquetry, grille and screen business as a result of special efficiency, as well as extensive resources in this line. The present year has not only proven to be an extremely prosperous one for this firm, but it has been highly favored with orders for a high class of work for many of the finest residences in both the city and country.

The hardwood floor idea among the rich and capable meets with such favoritism that while the flooring is extremely durable when properly cared for, it is often the case that fashion, taste and desired change of pattern in parquetry work, cuts such a figure that small attention is paid to the condition of the old floors however good in many cases where owners grow tired of them.

The Moore & Hunt establishment offer many advantages in the way of selection in both parquetry and grille work and in fact special effort is made in the direction of artistic designs with the view of pleasing those with cultivated taste. Architects should keep this fact in mind.

FIRE LOSSES FROM JANUARY TO JUNE.

June was a bad month for the insurance companies, and conspicuous for its many destructive fires—that is, fires in which the loss amounted to \$10,000 or more. Of these there were 192, of which at the unusually large number of thirteen the loss was from \$200,000 to \$1,000,000—the latter figure representing the forest fires in Aroostook county, Maine, while at twenty—also an unusually large number for such big figures—the loss was from \$100,000 to \$200,000. The fires at which the loss was from \$10,000 to \$20,000 numbered fifty-four; from \$20,000 to \$30,000, thirty-nine; from \$30,000 to \$50,000, twenty-eight; from \$50,000 to \$75,000, twenty-six; from \$75,000 to \$100,000, twelve. The worst fires were the forest fires,

of which the loss at only one set is given, it being apparently impossible to arrive at anything like a correct estimate of the loss from that cause all over the country and Canada. It ran very high up into the millions of dollars. The other very destructive fires during the past month were those at Bakersfield, Cal., business portion of the town, \$600,000; Ottawa, Ont., printing establishment and other, \$422,000; Milwaukee, Wis., malting plant, \$383,000; Buffalo, N. Y., storage warehouse, \$375,000; Rochester, N. Y., business block and church, \$342,000; Milwaukee, Wis., dry goods store and other, \$336,000; Ravenna, O., coach and hearse factory, \$262,000. During the first six months of this year, as will be seen from the table given below, the losses were more than \$3,000,000 less than for the same period in 1902, one set is given, it being apparently impossible to first half year of 1901. The table is as follows:

	1901.	1902.	1903.
January	\$16,574,950	\$15,032,800	\$13,166,350
February	13,992,000	21,010,500	16,090,800
March	15,036,250	12,056,600	9,907,650
April	11,352,800	13,894,600	13,549,300
May	22,380,150	14,866,000	16,366,800
June	9,590,000	10,245,350	14,684,350
Total	\$88,026,150	\$87,095,850	\$83,761,250

July has begun with some very heavy losses from quite a large number of destructive fires.—*Fire and Water.*

Cramp & Co., builders, 1421 Filbert street, have been awarded the contract to build the new shrapnel shop at the Frankford Arsenal, this city. It will be two and a half stories high, 54x143 feet, and will be built of brick and will cost about \$40,000.

Wm. Russell, builder, Thirtieth and Chestnut streets, has been awarded the contract for interior finishing of 1015 Chestnut street for Jacob Bros., which will be opened as a drug store. Plans by Savery & Scheetz, architects, Stephen Girard Building.

Frank F. Healey, builder, Drexel Building, has been awarded the contract for alterations and additions to 3d and Federal sts., Camden, for the Reed estate. The work will amount to about \$7,000. Plans by Thomas Stephens, architect, Masonic Temple, Camden, N. J.

McLaughlin & Son, 722 South Seventeenth street, builders, have been awarded the contract for alterations and improvements to 115 South Sixteenth street, and 250 South Twentieth street, for F. B. Off. Plans by Watson & Huckel, architects, 1208 Chestnut street.

Class A. Ash, builder, of Coatesville, Pa., has been awarded the contract to build the store and office building at Coatesville, Pa., for W. C. Thompson.—Also Wm. Brunner, builder, of North Wales, has been awarded the contract for alterations and additions to St. Peter's Evangelical Lutheran Church, at North Wales, Pa.—Mr. W. J. Elliott, builder, of Coatesville, Pa., has been awarded the contract for a new residence for Mr. P. R. Baker, to be built at that place. (details previously noted). Plans and specifications for all the above work were prepared by Heacock & Hokanson, architects, 931 Chestnut street.

C. E. Schermerhorn and Watson K. Phillips, associated architects, 430 Walnut street, Philadelphia, Pa., have completed drawings and specifications for a handsome three-story stone residence, to be located on Mt. Pleasant avenue, Ambler, Pa., for Mrs. Mary A. and Miss Ardella E. Craft. The house will be 58 feet wide and 36 feet 6 inches deep, exclusive of porches and kitchen wing. The first floor will contain a large reception hall, music room, library, dining-room, kitchen, butler's pantry, cold storage room and toilet. The second floor will contain five bedrooms with private baths, linen closet and clothes press. In the third floor will be located a large billiard-room, guest chambers, servants' quarters, bath, trunk and tank rooms. The front porch, which will be a feature, will be 12 feet wide and will extend across the front and return on each side, one side of which will form a porte cochere. The principle rooms will contain large open fireplaces of brick, tile and stone. The bathrooms and toilet will have tiled floors and sides. A feature of the reception hall will be an arcade with paneled ceiling from which will rise a circular stairway continuing to the third floor. The basement, which will contain a well-equipped laundry, will also contain two warm-air generators, designed to give a uniform summer temperature throughout, in the severest weather. The first floor will be finished in quartered white oak, second floor in white pine, third floor red oak. Floors will be of quartered white oak. The residence will contain both gas and electric lighting systems, and a modern plumbing and drainage system. James Bartleson, of Ambler, Pa., has been awarded the contract for the erection of the residence which will cost between \$16,000 and \$18,000. A stable will be built in the near future.

Dear Sirs:—In sending you the in-
closed check, to cover the small balance
due you on account of extras, we take the
opportunity to say that the two No. 6
Forbes Heaters purchased from you last
fall have given the fullest satisfaction in
every particular. They are in use in the
"Madrid," a small apartment house in this
city, containing twenty rooms that are
heated by them, and we have found that
they not only furnished plenty of heat, but
did it with a very satisfactory coal bill.
The fuel used was soft lump coal for the
first fire in the morning but the rest of the
day only slack from soft coal was used,
costing \$2.50 per ton. We think the heaters
a great success and do not see how you can
improve upon them.

Easy Working Ternes

U. S. Eagle N M, and M F, are the perfect ternes for easy and satisfactory work. Bearing a very heavy coating of pure tin and new lead—hand dipped—they are very pliable and flexible; and for the same reason are impervious to water and weather. For more than 60 years M F was the world's standard for roofing, but U. S. Eagle (New Method) is an improvement on this excellent product that makes it near copper in its rust-resisting properties. The

U. S. Eagle N M, and M F

ternes being so much superior to any other brand ever produced, we would like to place a sample in the hands of every architect, contractor, builder and roofer who is not acquainted with this great advance in roofing. Free, prepaid, on request. Our products are for sale by all first-class wholesale metal houses.

ARCHITECTS' NOTES

Paul & Seymour Davis, architects, 907 Walnut street, have completed plans and sent same to the owners who will take sub bids for a one-story fireproof boiler-house to be built at Bristol, Pa., for Wm H. Grundy & Co.

W. F. Smith, architect, northeast corner of Broad and Arch streets, is working on revised plans for the new residence of Mrs. L. S. Parry, of Jenkintown, Pa., to be erected at Riverton, N. J. It will be stone and frame and will contain all improvements.

Heacock & Hokanson, architects, 931 Chestnut street, have been commissioned to prepare plans for a \$40,000 church and Sunday-school building for the Master Street congregation and to be built at the northeast corner of Sixtieth and Master streets. It will be one-story and basement high and will be built of stone.

Addison Hutton, architect, Stephen Girard Building, has been commissioned by Messrs. Leeds & Co., proprietors of the Hotel Chalfont, situated at North Carolina avenue and the Boardwalk, Atlantic City, N. J., to prepare plans for a six-story brick addition to the present hotel. Plans will be ready for bids in about six weeks. Further details later.

T. Frank Miller, architect, Lippincott Building, is working on plans for a handsome new residence to be built at Melrose, Pa. It will be three stories high, 35x40 feet, and will be built of stone with slate roof. It will have a porch front and will contain 16 rooms, with all modern conveniences, such as open plumbing work, heated by hot water, tile baths wired for electricity, etc. Will be ready for bids the latter part of this week.

Albert W. Minks, architect, Mutual Life Building, has completed plans and specifications and sent same to the owner who will take bids for a handsome Colonial residence for Miss Louisa d'A. du Pont to be built near Wilmington, Del. It will be three stories high and will be built of stone, the interior will be in hardwood finish, heated by steam, best plumbing work, wired for electricity, plate glass windows and every modern convenience.

Ballinger & Perrot, architects and engineers, have completed plans and specifications and sent same out to builders for an addition to the plant of Robt. Hamilton & Son, at 707 Tasker street. The addition will be three stories and basement high, 34x67 feet, and will be built of brick and slow burning construction. The following builders have been invited to bid: Geo. W. Crozer, Appleton & Burrell, Cramp & Co., Burd P. Evans, J. Sims Wilson, H. Brocklehurst and D. A. McClelland. Bids due July 27th.

A number of Philadelphia and Wilmington architects have been invited to submit plans in competition for the handsome new Y. M.

C. A. Building to be erected on the irregular shaped lot, measuring 108x76x70x85 feet, at Delaware avenue and Tatnall street, Wilmington, Del. It will be four or five stories high and will be built of brick, stone and terracotta and will cost about \$80,000. All plans are to be in the hands of the secretary of the Y. M. C. A. on or before August 20, 1903.

D. K. Boyd, architect, Harrison Building, has completed revised plans and sent same to Appleton & Burrell, W. R. Dougherty, Thos. Little & Son, and Geo. L. Sipps for alterations and additions to the factory of Joseph Hollar & Sons, 2203 South street.

Watson & Huckel, architects, 1208 Chestnut street, have plans in the course of preparation for the remodeling of 1211 Walnut street. This property was recently purchased by the firm. The lot measures 26x28½ feet, and runs through to Sansom street. The first floor will be changed into a store; the second floor remodeled into offices for the owners and the upper floors for apartments.—The same firm have plans nearly ready for a three-story brick, stone and terra-cotta, Colonial style residence to be built at Penn and Wakeling streets, Frankford, Phila., for Mr. Chas. E. Walton. It will have all modern improvements and will be ready for bids in a short while.—They have also planned a greenhouse and palmhouse to be built at the Overbrook Seminary for Father Shulte. Will be ready for bids shortly.

Geo. E. Savage, architect, 1704 Chestnut street, has completed plans and specifications and sent same out to builders for estimates for alterations and additions to Seventh Baptist Church situated at Seventh and Kaighn avenue, Camden, N. J. The work consists of building an addition to the present church to be two stories high, 35x60 feet, of brick and stone and terra-cotta, and altering the old edifice. A new steam heating plant will be installed. It will be wired for electricity with new pews, etc. The following builders have been invited to bid: J. S. Rodgers & Son, Stanwick, N. J.; F. H. Cornelius, of Camden, N. J.; H. B. Shoemaker & Co., Lynch Bros., of this city. Bids due July 27th.—Mr. Savage is also taking bids for installing a steam heating plant at the northwest corner of Eleventh and Chestnut streets. John Borden & Bro., Robt. Scott, Francis Bros. & Jellett, Philadelphia Steam Heating Company and David Burns are bidding.

Henry Dagitt's, architect, 435 Chestnut street, plans have been accepted in competition for the handsome \$1,000,000 theatre to be built on Fifteenth street above Chestnut street, adjoining the Pennsylvania Building, for W. J. Gilmore. The new theatre will have a frontage of 35 feet on Fifteenth street, and a depth extending along Ransdell street of 132 feet. The facade will be in the French renaissance style and will be constructed of white brick with gray granite base. The vestibule entrance is on

Fifteenth street and will open into a large foyer. The interior will be finished and decorated in the style of Louis XV, and it will have a seating capacity of 1,900 persons. There will be two balconies. The ceiling will be 70 feet above the auditorium floor, the stage will have a depth of 38 feet and a width of 72 feet and will be equipped with all the modern appliances for up-to-date plays. All the dressing rooms will be constructed on Ransdell street side of the playhouse. Plans will be ready for bids in about three weeks.

BUILDING AND REAL ESTATE NOTES.

RIGHT AT HOME TESTIMONIALS

The Tubular Heating & Ventilating Company, 232 Quarry street, this city, is publishing in its weekly advertisements in this journal, a series of right at home testimonials, which conclusively establish the merit and efficiency of the Forbes Hot Air Furnaces, of which it is the patentee and manufacturer.

It is a particularly strong point with the Forbes Furnace that every inch of the metal used in its construction is utilized as a radiating surface, the heat from which is garnered into a radiator at the back of the fire, the heated air from which is distributed as may be desired. It is this immense radiating surface housed in as it is by the outer casing, which enables its manufacturers to maintain for the Forbes Furnace the unusually low height of 4 feet 3 inches from the floor to its extreme height, giving heat elevation to the pipes of an unusual degree.

As a gas consumer it is said to possess rare qualities, for every possible sign of coal gas is consumed and made to yield just that much more heat.

Hence it is fair to assume that if all of the gaseous elements of the coal consumed are utilized, thus preventing even so much as a trace escaping to the chimney or elsewhere, that the Forbes Furnace gets out of the coal consumed all the heat that there is in it and it justly belongs to the very top notch of successful house heating appliances.

BUILDING AND REAL ESTATE NOTES

David J. Nolan's residence at Willow Grove, Pa., was recently destroyed by fire. As soon as the insurance is adjusted he will rebuild from old plans. It will be a two-and-a-half-story house, of stone with all modern improvements.

John R. Wiggins & Co., P. J. Hurley, builders, are bidding on the two-story brick and slow burning factory, measuring 63x80 feet, to be erected on Ludlow street west of Forty-fourth street, for Jos. H. Hines. Bids due July 24th.

H. B. Shoemaker & Co., W. H. Eddleman and J. P. Thompson, builders, have filed bids

with Architect J. P. Sinkler, Pennsylvania Building, for a new frame terrace to be built at the University Barge Club, West Fairmount Park, according to plans prepared by him.

Armstrong & Latta, contractors, Land Title Building, will erect a two-story cold storage building, 100x94 feet. It will be built of stone and brick and will be erected at the southwest corner of Ninth and Girard avenue, for the Cudaly Packing Company. It will cost about \$30,000.

Henderson & Co., builders, Heed Building, will break ground shortly for the new Northeast Manual Training School, to be built at Seventh and Lehigh avenue (details previously noted). Their price was \$326,957. Plans by J. Horace Cook, architect of Board of Public Education.

H. B. Shoemaker, builder, 17 South Ninth street, has plans posted for a two-and-a-half-story brick laboratory, 40x52 feet, to be erected at Sixth and Windsor streets, Reading, Pa., for the Philadelphia & Reading Railway. Bids due in Chief Engineer W. H. Hunter's office, this city, July 27th.

Mitchell Bros., builders, 2125 Race street, will erect a one-story foundry building, 80x138 feet, on the south side of Richmond street, west of Frankford avenue, for the Ajax Metal Company. It will be built of brick and slow burning construction and will cost about \$23,000. Plans by Seymour & Paul Davis, architects, 907 Walnut street.

D. W. Sperry, builder, 1305 Arch street, has been awarded the contract to build the new parsonage for the Glenside Methodist Episcopal congregation at Glenside, Pa. It will be two and a half stories high, 30x31 feet, and will be built of frame and pebble-dashed, with all improvements. Plans by H. L. Reinhold, 1002 Chestnut street, this city.

Chas. Gilpin, Appleton & Burrell, John N. Gill, Geo. Kessler and Cramp & Co., have filed bids with Ballinger & Perrot, architects and engineers, 1200 Chestnut street, from revised plans prepared by them for the new Forest Laundry plant to be built at the northeast corner of Columbia avenue and Camac streets (details previously noted).

Kendrick & Roberts, Inc., builders, Keith Building, have been awarded the contract to build the new four-story brick and stone building at Sixth and Germantown avenue for the De Witt Moore Gospel Association, according to plans prepared by Duhring, Okie & Ziegler, architects, South Penn Square Building. Work will proceed at once.

H. B. Shoemaker & Co., builders, 17 South Ninth street, have been awarded the contract for the administration building of the Belmont filtration plant on Belmont avenue near Ford road. It will be a brick and stone structure, 148x53 feet, and will cost \$49,890. In the building will be laboratories for testing water. Work will start at once.

Mrs. Wm. R. Brown, of Elkins Park, Pa., is now ready for bids for the handsome new house to be built at that place for her. It will be three stories high, of stone. It will have a porch on the front and sides, the interior will be in hardwood finish and it will have all mod-

ern improvements. Plans by C. E. Schermerhorn, architect, 430 Walnut street.

F. L. Hoover & Sons, Inc., D. W. Sperry, F. T. Maguire and W. W. Younge, builders, have filed bids with Horace Trumbauer, architect, Land Title Building, for alterations and a two-story brick addition, 30x20 feet, to the house of Edward and Robert Toland, at Ardmore, Pa., according to plans prepared by him. Contract will be awarded in a short time.

Henderson & Co., builders, Heed Building, have been awarded the contract and started work on the new patrol house for the Thirty-Second District Police Station at Sixty-fifth and Woodland avenue. It will be one-story high, 48x64 feet, and will be built of brick and will cost \$10,000. Plans by Philip H. Johnson, architect, Fidelity Building.

Robt. Tarlow & Sons, builders, 509 South Fifth street, are the lowest bidders on the new factory for D. A. Baker, to be built at 209 North Eleventh street. It will be six stories and basement high, 17x88 feet, and will be built of brick and slow burning construction. Mr. H. L. Reinhold, architect, 1002 Chestnut street, took out a permit to erect this factory.

H. F. Wohlsein, Woolworth Building, Lancaster, Pa., has been awarded the contract to build the new passenger station at Prince street, Lancaster, Pa., for the Philadelphia & Reading Railway. It will be one-story high, of brick, 30x48 feet, with the usual appointments and will cost about \$10,000. Plans by Wm. Hunter chief engineer for the company.

Doyle & Doak and Wm. Steele & Sons, H. M. Kister, George L. Sipps, builders, are bidding on the building of a seven-story addition and the strengthening of the fourth, fifth and sixth floors of the building situated at the northeast corner of Tenth and Filbert streets, for S. Sternberger, according to the plans prepared by Collins & Autenreith, architects, 410 Walnut street. Bids due July 27th.

Appleton & Burrell, builders, 1204 Chancellor street, have been awarded the contract for the extensive alterations to 1320 Walnut street, for Mr. Joseph M. Fox. The front will be converted into an art gallery for the Rosenbach Company, while an apartment house addition will be built in the rear (details previously noted). Plans by David K. Boyd, architect, Harrison Building.

The interior of the Grand Opera House, Broad and Montgomery avenue, is to be entirely overhauled and remodeled. John F. Betz, owner, has awarded the contract to Ellwood M. Smith, at \$10,000. There are to be new floors, the parquet circle is to be enlarged, and new seats will be put in. The walls and ceiling are to be redecorated. There will also be new electrical fixtures, and a heating plant.

ASBESTOS "FIRE FELT" PIPE COVERING

Recently published tests show an annual saving by use of this covering amounting to about 50c. per square foot of pipe surface, equal to about \$50.00 per hundred lineal feet of 2" pipe. The first cost is less than 10c. per square foot or a net return of 200% on the investment. Once on the pipes, the covering needs no further attention. Can you afford to leave your pipes uncovered?

TUBULAR HEATING AND VENTILATING CO. GENTLEMEN:—One year ago I had my old heater removed and a Forbes put into its place. I found a very great difference, all in favor of the Forbes. It produces much more heat, while its coal consuming capacity is not as great. Besides these improvements over the old one, I find it to be so much more easily attended to. I know no heater on the market that is the equal of Forbes'.

ARCHITECT NOTES.

A gas plant is about to be built at Tuckerton, N. J., for the Tuckerton Gas Company of that place. It will be one story high of brick. A. M. Worstall, Witherspoon Building, is the engineer.

The Deal Fire Company of Deal Beach, N. J., will build a fire house and gymnasium at that place. Clyde S. Adams of 1202 Locust street, this city, is working on the plans. It will be three stories 45x100 feet and will be built of frame.

Rowland W. Boyle, architect, 1624 Chestnut street, has been commissioned to prepare plans for altering two dwellings into a convent for the Sisters of St. Joseph, for the congregation of Our Lady of Victory, at Fifty-third and Vine streets.

Frank Keisker, architect, has moved from the Arcade Building to the third floor, Room 303, of the Quinn-Sharpless Building, 42 South Sixteenth street, where he will be associated with Arthur L. Nicholson, architect, who has also opened an office in the above-named building.

Mantle Fielding, architect, 110 South Fourth street, is working on plans for a new colonial residence for Mr. Ellis D. Williams, to be built at Jenkintown, Pa. It will be built of stone and will be three stories high and will contain every appointment and convenience. Will be ready for bids in a short while.

Isaac Pursell, architect, 119 South Fourth street, is working on revised plans for the rectory for the St. Martin P. E. Church to be built at Tenth street and Oak Lane, Oak Lane, Phila. It will be built of stone and will be two and a half stories high and will contain all modern improvements.

William F. Koelle Co., architects, Heed Building, have been commissioned to prepare plans for a new plant for the Shamokin Brewing Company of that place. It will comprise a five-story brew house and stock house, racking room, wash house, boiler room, stable bottling house and office building equipped with all the latest improved machinery, etc., and will cost about \$100,000.

Rowland W. Boyle, architect, 1624 Chestnut street, will be ready the early part of next week for bids on the stone work of the foundation and excavating of the new convent of the Little Sisters of the Poor, to be built at Fifty-third and Chester avenue. It will be a five-story structure, of Port Deposit stone. Mr. Boyle will be ready in the course of a week or two for bids for the superstructure of this convent.

Watson & Huckel Co., architects, 1208 Chestnut street, have been commissioned to prepare plans for the new hotel at Spring Lake, N. J. It will be a four story structure and will cost about \$300,000, further details later. The above firm informs us that the contract for the new Cunningham piano fac-

tory to be erected at Forty-ninth and Parkside avenue will be awarded to the successful bidder on August 1st.

V. B. Lee, architect, 929 Chestnut street, has been commissioned by Hanscom Bros., grocers, of 1315 Market street, to prepare plans for altering the building at 1012-14-16-18 Filbert street. The basements will be a laundry, the first floor will be fitted up as a restaurant, the second floor as order department, the third floor as coffee roasting plant and the fourth floor as bakery. This work will be done by day work. Work will be started in a short while.

Stearns & Castor, architects, Stephen Girard Building, have completed plans and specification and sent same out to builders for estimates for a new edifice for the Epworth M. E. Congregation to be built at Race and Vodges street. It will be one story high 82x80x109x83 feet and will be built of stone with slate roof and will have the usual church furnishings. J. B. Jordan, R. J. Murphy, Kendrick & Roberts, Inc., Applegate & Baker, Mitchell Bros., Metzger & Wells and W. J. Gruhlcr are bidding. Bids due August 1st.

Ballinger & Perrot, architects and engineers, 1200 Chestnut street, have posted plans and are taking sub-bids on the new Union Mission Hospital to be built on Fourth street below Montgomery avenue for John B. Stetson Company. It will be a handsome ornamental brick building 65x102 feet, three stories and basement high with a roof garden. All bids due July 31.—The same firm will send plans and specification out this week for a foundry building to be built at Trenton, N. J., for the Reed Engine Company. It will be one story high, 75x130 feet and will be built of brick and slow burning material.

W. W. Bretherick, architect, 905 Walnut street, is working on plans and will send same out next week for a three-story stone residence to be built on Seventh street, Darby, Pa. It will have a porch on front. The interior will be hardwood finish and it will have all up-to-date improvements. He is also working on plans for a stable to be built at Twenty-fourth and Naudain streets for Wm. Logan. It will be three stories high, 18x66 feet and will be built of brick. Will be ready for bids next week.—He is also taking sub-bids on two cottages to be built at Colwyn, Pa., for Miss A. Whipp. They will be two-stories high, of brick with all modern improvements.

Edwin F. Bertolette, architect, Heed Building, has completed plans and specification and sent same to builders, John R. Wiggins Co., Dietrich & Bower, F. S. Riggs and Frank Stahl, for completion of the German Evangelical Lutheran Church and parsonage to be built at the northeast corner of Fifth and Indiana avenue. The church will be two stories high and the parsonage three stories

high, both to be built of stone and will have the usual appointments. Bids due August 1st.

Addison Hutton, architect, Stephen Girard Building, is working on plans and specification for a cold storage and ice plant for the State Lunatic Hospital at Harrisburg, Pa. It will be two stories and basement high 150x40 feet and will be built of brick, with slate. Will be ready for bids in about 10 days.

BUILDING AND REAL ESTATE NOTES

PHILADELPHIA, WED'Y, JULY 29, 1903

A NEW PLANT TO MANUFACTURE MAGNESIA COVERING.

It seems that from a statement made by the *Evening Telegraph* in its issue of July 15th, that the Asbestos Manufacturing Company, of this city, has at last solved the problem of how to utilize carbonate of magnesia in order to obtain for pipe and boiler covering the greatest possible amount of heat retaining efficiency.

Of course the value of carbonate of magnesia for this purpose has been recognized for many years and this fact, above all others, has stimulated this company through a prolonged series of costly experiments because its managers believed that the proper degree of efficiency had never been reached, owing to the absence of proper intelligent effort in the direction of heat saving efficiency.

To buy coal for the mere gratification of burning it without the least attention or regard for either the cost or the terrible waste of heat and power because of the loss of heat, became such a serious proposition to the commercial world that any old thing for a covering which promised much and accomplished little, was acceptable to those who fully realized what this waste meant.

It now appears that the Asbestos Manufacturing Company has been secretly and patiently working on its own lines and has completed results which enable it to offer a product which is said to have no equal as an economizer of fuel, or in other words, every unit of heat engendered by combustion is not only utilized in the creation of heat and power but there is absolutely no waste.

So sanguine has this concern become through its demonstrative experiments that it has commenced the erection, at Port Kennedy, Montgomery county, of a modern plant on land which it owns and which is said to possess an inexhaustible supply of dolomite rock or a magnesia carbonate of lime of great purity.

It is estimated that the plant, when completed, will yield a daily product of at least 25,000 pounds of this very valuable material, all of which will be utilized in the manufacture of pipe covering. It is also stated that the

amount invested in the plant and business will ultimately reach a cool million of dollars.

It is understood that Mr. Michael Ehret, who organized the Asbestos Manufacturing Company and others, is financially behind this new magnesia covering plant to be erected, which, it is stated, will be the largest of its kind in the whole country.

"INDUSTRIAL PLANTS."

We are in receipt of an important little monthly published by Architects Ballinger & Perrot, of this city and entitled "Industrial Plants." It contains several pages of interesting reading as well as illustrations of industrial plants which were erected under their supervision.

Much information of value to manufacturers is also given, including simple formulas relating to such subjects as the strength of floors, the capacity of cisterns, the strength of tanks, the mixture of concrete, etc.

Another important feature of the booklet is the four column list of references which are given with the view of presenting to investors a long series of examples of architectural work designed, planned and executed under the supervision of that office.

BUILDING AND REAL ESTATE NOTES

H. B. Shoemaker Co., builder, 17 South Ninth street, have plans posted for interior improvements to 911-13-15 Market street for Mr. R. Goldberger. Bids due August 7th; plans by Geo. M. Nelson, architect.

It will be three stories and basement high 34x67 feet, and will be built of brick and slow burning construction. Plans by Ballinger & Perrot, architects and engineers, 1200 Chestnut street.

Lewis Havens' Sons, builders, Girard Building, have been awarded the contract to build the addition to the building of the Northern Trust Company, at the southeast corner of

Marshall and Spring Garden streets. It will be one story high of brick and will measure 44x37 feet and will cost about \$38,000. Plans by Geo. T. Pearson, architect, 427 Walnut street.

Wm. R. Dougherty and Stacey Reeves & Son, Kendrick & Roberts, Inc., have filed bids with the Pintsch Compressing Company, of 160 Broadway, New York, for a new gas plant to be built on Thirtieth street below Walnut street, this city. It will be two stories high, 68x24x132 feet, and will be built of brick. Plans by the company's engineer.

W. R. Dougherty, builder, 1604 Sansom street, has plans posted for porch addition to the residence of Mr. John A. S. Brown, at 1524 North Seventeenth street. Bids due July 31st. Plans by Chas. Barton Keen, architect, 1604 Chestnut street. Also bidding on machine and smith shop for the Pennsylvania Railroad Company to be built at the West Philadelphia Park Shop. The structure will be one-story high, 150x50 feet, built of brick and galvanized iron with slag roof. Bids due August 1st. Plans by company's engineer.

The Asbestos Mfg. Co., 426 Market street, has let the contract for the buildings for its new plant to be erected at Port Kennedy, Montgomery county, Pa., to S. L. MacDowell 2144 N. Twentieth street, this city. Excavations are being made for the foundation work. Estimates will be made in about two months for electrical work, plumbing, elevators, plastering, piping for heating, painting, and general machinery except boilers and engines. Walter Smedley, of Stephen Girard Building, is the architect.

At a meeting held last Tuesday by the property committee of the Board of Education the following contract was awarded: For the new school house at Oxford & Hodge streets, Frankford, to Builder Saml. Gourley, Twenty-first and Ridge avenue. His price was \$34,737. It will be stone, two stories with the usual school house appointments. For the alteration and additions to school at Ninth and Bainbridge streets to builder E. H. Sturts, 2614 Ridge avenue. His price was \$28,500. Plans for the above work was prepared by J. Horace Cook, architect for the Board of Education, City Hall.

Kendrick & Roberts, builders, Keith Building, have been awarded the contract to build Temple Lutheran Church at Fifty-second and Race streets. It will be one story and basement high of stone. Plans by Isaac Pursell, architect, 119 South Fourth street. Also the contract for store building for E. H. Bush, at Quakertown, Pa., and an addition to the shop building of the Philadelphia Rapid Transit Company at Schuylkill avenue and Christian street. It will be one story 238x50 feet and will be built of brick and slow burning with slag roof. They have also filed bids with S. A. Brouse, architect, at Trenton, N. J., for an 8-room addition to school number 1 at Ridgefield Park, N. J., and for a new school to be built at Port Lee, N. J. It will be two stories high of stone with slate roof and will have the usual appointments of a building of its kind.

TUBULAR HEATING AND VENTILATING CO
228 QUARRY ST., PHILADELPHIA, PA.

GENTLEMEN:—As to No. 3 Heater placed
in my home last fall, beg to say has given
very good satisfaction indeed. In fact, we
use no more coal than we previously used
with three stoves before placing your heater.
As we had considerable sickness through
the winter, found the heat healthy, there
being no escape of gas. You will kindly
understand we live in a corner seven-roomed
house, and while I know nothing about
heaters, I will but add it is very satisfactory
indeed. Believe me to be,

Sincerely yours,

JOHN H. CANING.

Easy Working Ternes

U. S. Eagle N M, and M F, are the perfect ternes for easy and satisfactory work. Bearing a very heavy coating of pure tin and new lead—hand dipped—they are very pliable and flexible; and for the same reason are impervious to water and weather. For more than 60 years M F was the world's standard for roofing, but U. S. Eagle (New Method) is an improvement on this excellent product that makes it near copper in its rust-resisting properties. The

U. S. Eagle N M, and M F

ternes being so much superior to any other brand ever produced, we would like to place a sample in the hands of every architect, contractor, builder and roofer who is not acquainted with this great advance in roofing. Free, prepaid, on request. Our products are for sale by all first-class wholesale metal houses.

ARCHITECTS' NOTES

The Hudson County Trust Company, of Harrison, N. J., of which Mr. William Davis is president, has not yet selected an architect for its new building to be erected on Harrison avenue. Mr. Davis is chairman of the building committee.

The Board of Freeholders, of Passaic, N. J., has decided to erect a new school building to cost \$50,000. Architects will be invited to send in competitive plans. Mr. George B. Wilson, of Burgis Place, Passaic, N. J., is chairman of the building committee.

Chas. L. Hillman, architect, Provident Building, has completed plans for a new administration building for the Keswick Colony of Mercy, near Whiting, N. J. It will be a two-story brick and frame building, 32x84 feet. Will be ready for bids in a short while.

Herbert J. Wetherill, architect, 328 Chestnut street, is working on plans for new fronts to 11 and 13 North Eleventh street, for Mr. H. L. Dougherty. Plans provide for the converting the two stores into one. The front will be galvanized iron and plate glass. Will be ready for bids in about two weeks' time.

Two plans have been submitted for the combined firehouse and clubhouse to be built at Cynwyd, Pa. It will be a two-story building about 50 feet square, to be built of brick and stone. Bids are now being taken by the owners for the erection of this structure and it is estimated to cost about \$6,000. The plans were prepared by Field & Medary and Chas. L. Hillman, architects, of this city.

Horace J. Cooke, architect, of Board of Public Education, has completed plans and specifications and sent same out to builders for extensive alterations and additions to school building on Bainbridge street between Ninth and Tenth streets. Bids due August 10th. The following builders are bidding: Saml. Courtney, W. J. Smith, John H. Jordan, Mr. Christie, Chas. O'Neil.

Mantle Fielding, architect, 110 South Fourth street, is preparing plans and specifications and will take charge of proposed improvements in connection with alterations and addition to an old Virginia mansion lately purchased by a New York owner, situated in the Shenandoah Valley, Va. Work will compose a system of water drainage, heating, plumbing and interior improvements. Will be ready for bids in a short while.

Lawrence V. Boyd, architect, Harrison Building, is working on plans for a large Colonial residence to be built in the vicinity of Philadelphia. It will be two and a half stories high, of stone and pebble-dash. It will have a porch on the front, the interior will be in hardwood finish. It will be heated by hot water, wired for electricity and will contain four tile bathrooms, best open plumbing work, etc. Will be ready for bids about September 1.

Bailey & Truscott, architects, 421 Chestnut street, have completed plans and specifications and sent same out to builders for estimates for a new residence for Mr. J. C. Jocker, Jr., to be built at Mt. Airy, Phila. It will be two and a half stories high, of stone and brick, with slate roof, porch on sides and rear. The interior will be in hardwood finish. It will be heated by hot air and will have all modern improvements. Bids due in about 10 days' time.

F. L. Hoover & Son, inc., Lewis Treffinger, Samuel E. Nice, D. W. Sperry, William Higgar and Jonas Martin, builders, will file bids with Horace Trumbauer, architect, Land Title Company Building, on August 7th, for the new building for the Bucks County Historical Society to be built at Doylestown, Pa. The structure will be Colonial in design, one and a half stories high, 51x33 feet, with two wings 19x32 feet each. The building will be built of brick and marble.

Watson & Huckel, architects, 1208 Chestnut street, have completed plans and specifications and sent same out to builders for a new house for Mr. Chas. S. Walton, to be built at Penn and Wakeling streets, Frankford streets. It will be three stories high and will be built of brick and pebble-dashed, with slate roof, porch front and all modern improvements. Bids due August 8th. The following builders are bidding: C. West, C. R. Osborn, Jno. Davies & Son, W. S. Roberts, Burd P. Evans.

Ralph H. White, architect, Pennsylvania Building, has completed plans and sent same out to builders for bids for a new commission warehouse to be built at the southeast corner of Front and Spruce streets, for D. J. Wheaton. It will be three stories high, with a mansard roof, and will measure 19x40 feet. It will be built of brick and stone trimming. The old building on the present site is to be demolished. Geo. F. Payne & Co., Frank Riggs, Jacob Myers & Son, Wm. McShane, Henderson & Co., and A. S. Wade & Co., are bidding. Bids due August 6th.

T. Mitchell Hastings, architect, 328 Chestnut street, has completed plans and sent same out to builders for a new stable for Mr. Francis L. Potts, to be built at Bryn Mawr, Pa. It will be one and a half stories high, and will measure 82x65 feet, including courtyard. It will be built of stone with red tile roof and will have the latest and most approved sanitary stable appointments. The following builders have been invited to bid: Chas. Gilpin, W. R. Dougherty, J. E. & A. L. Pennock, F. L. Hoover & Son, Inc., and Geo. Watson & Sons. Bids due August 12th.

Wilson, Harris & Richards, architects and engineers, Drexel Building, have completed plans and specifications and sent same out to builders for estimates for a large stable to be

built at Rosemont, Pa., for John H. Converse. It will be two stories high, 102x63 feet and will be built of stone. The first floor will contain stalls, carriage and harness rooms; the second floor, coachman's quarters. The following builders have been invited to bid: Lewis Havens' Sons, W. A. Hurlock & Son, Geo. F. Payne & Co., Stacey Reeves & Son, John R. Wiggins & Co., Milliard Croll and G. C. Ristine. Bids due August 14th.

Duhring, Okie & Ziegler, architects, South Penn Square Building, are preparing plans for two new wings to the public school house at Riverside, N. J. Also working on plans for a Sunday-school building to be three stories high, 70x110 feet, and to be built of brick and stone for the Linden Baptist Church, at Camden, N. J. They have also completed plans and sent same to builders, F. E. Wallace, N. M. Bean, Harrison C. Rea, John Davies & Sons, J. M. Wright and Harry Brockelhurst, for a new parish house for St. Ambrose Protestant Episcopal Mission situated at Ontario and Howard streets, this city. It will be three stories high, in the old English style of architecture and will be built of brick and stone. Bids due August 7th.

C. E. Schermerhorn, architect, 430 Walnut street, has completed plans and specifications and sent same out to builders for estimates for two houses to be built on Wynnewood street north of Windsor avenue, Narberth, Pa., for Mr. Edward T. Maguire. One house will measure 33.6x43.4 feet, and will be stone to the first floor, the balance shingle. It will be three stories high and will contain 13 rooms and bath; the other house is 36 feet square and will be three stories high and will be built of stone with slate roof and will contain 15 rooms with bath. They will be heated by hot water, wired for electricity, contain first-class plumbing, including toilets on the first floor. They will also contain brick and tile fireplaces, paneled ceilings and wainscoting, leaded glass and will cost about \$8,000 each. Burd P. Evans, and D. W. Sperry, of this city; J. D. Lengh, of Wayne, Pa.; D. A. Fretz, of Cynwyd, Pa., builders, are bidding.

BUILDING AND REAL ESTATE NOTES

J. E. & A. L. Pennock, builders, 305 Walnut street, have plans posted for a passenger station to be built at Columbia, S. C., for the Seaboard Air Line Railway. It will be one-story, 173x24 feet, built of pressed-brick and stone, with metal roof. Bids due August 8th. Plans by the Company's engineers.

Henderson & Co., and W. R. Dougherty, builders, have filed bids for smith and pattern shop for the Southwark Foundry & Machine Company. It will be four stories high, 158x99 feet, and will be built of brick and iron with slag roof. Plans by Furnace & Evans Company, architects, 401 Chestnut street.

PHILADELPHIA, WED'Y, AUG. 5, 1903

BUILDING AND REAL ESTATE NOTES

A. Whitehead, builder, 1624 Latimer street, has been awarded the contract to make additions to the plant of Dorman Bros., at 1516 North Howard street.

J. E. & A. L. Pennock, builders, 307 Walnut street, have been awarded the contract to build the new power-house at Hot Springs, Va., for the Chesapeake & Ohio Railroad Company at a cost of \$35,000.

Jno. D. Kauffie, builder, Lansdowne, Pa., has been awarded the contract to build the new terrace at the "Lilacs" Boat Club, West Fairmount Park, according to plans prepared by J. P. B. Sinkler, architect, Pennsylvania Building.

A Raymond Raff, builder, 1635 Thompson street, has been awarded the contract to build the addition to the plant of Warren, Webster & Co., at Camden, N. J. (details previously noted). Plans by Ballinger & Perrot, architects and engineers, 1200 Chestnut street.

The time for opening bids for the new vaults (except vault doors), cash-room, office of the United States Treasury and work incidental thereto in the United States Treasury Department Building, at Washington, D. C., has been extended from August 5th to August 17, 1903.

It is reported that the Philadelphia & Reading Railway Company will erect a pier along the wharves. The proposed structure will have two decks and will be 150 feet wide and about 326 feet long. Wm. Hunter, chief engineer of the company, is having plans prepared.

Watson & Huckel, architects, 1208 Chestnut street, have awarded the contract to Builder McLaughlin & McNamara, 4305 Germantown avenue, for store and dwelling for J. J. Seeds, to be built at Germantown avenue and Bush street (details previously noted), according to plans prepared by them.

William Ferguson & Son, builders, 405 South Twenty-first street, have been awarded the contract for alterations to St. James' Protestant Episcopal Church at Twenty-second and Walnut streets, according to plans prepared by G. W. & W. D. Hewitt, architects. The work will cost \$30,000.

W. R. Dougherty, builder, 1604 Sansom street, has plans posted for a sand house to be built at the Shelpot shops of the Philadelphia, Wilmington & Baltimore Railway, near Wilmington, Del. It will be two stories high, of brick and galvanized iron, and will measure 14x16 feet. Bids due August 10th.

The following local builders are bidding on the proposed new free library to be built at Pacific and Illinois avenues, Atlantic City, N. J. (details previously noted). Bids due August 10th. Plans by Albert R. Ross, architect, New York. L. H. Henry, Daniel Knauer, Stiles & McClay, Edward S. Lee and Nicholas Young.

Jacob Myers & Sons, builders, Witherspoon Building, have been awarded the contract for additions to Mr. Silas H. K. Curtis' residence at Wyncote, Pa. The addition will consist of an organ and bellows chamber to be built of Indiana limestone, with slate roof. Plans by Bailey & Truscott, architects, 421 Chestnut street.

John C. Leshar, builder, of Ashbourne, Pa., has been awarded the contract to make alterations and additions to the residence of W. M. Ostrander, Esq., at Elkins' Park, Pa. Work consists of two new tile bathrooms and improvements. Work will be started at once. Plans by L. V. Boyd, architect, Harrison Building.

Bids have been filed by R. C. Ballinger & Co., W. R. Dougherty, B. Ketchum & Son, Plummer Jeffries, S. B. MacDowell and Stacey Reeves & Son, builders, with Morris & Vaux, architects, Stephen Girard Building, for Trades Building to be built at Cheyney, Pa., for the Institution for Colored Youths, according to plans prepared by them.

Lynch Bros., builders, Lippincott Building, have been awarded the contract to build the new private school at Chelton Hills, for Misses Martin. It will be two and a half stories high, of stone and brick and will measure 40x48 feet, and will have the usual school-house appointments. Plans by Heacock & Hokanson, architects, 931 Chestnut street.

Builders F. L. Hoover & Son, Jos. F. Myers, W. J. Gruhler, John Kauffin and W. R. Dougherty, have filed bids with Mantel Fielding, architect, 110 South Fourth street, for the new Colonial residence to be built at Jenkintown, Pa., for Mr. Ellis D. Williams. It will be three stories high, of stone and will have all modern appointments.

Appleton & Burrell, builders, 1216 Chancellor street, has been awarded the contract to build the addition to the Germantown Hospital at Penn and Chew streets, known as Ward Building No. 1. It will be three stories high, of brick, with the usual hospital appointments. Work will proceed at once. Plans by Arthur Brockie, architect, 328 Chestnut street.

The Hoffman Engineer Company and McMullin & McDermott were awarded the contracts to build the approaches, foundations, walls, etc., and work that is necessary, so that the handsome new passenger station can be built at Washington, D. C., for the Pennsylvania and Baltimore & Ohio Railroads jointly.

Their contract price was \$2,000,000. Work will proceed at once.

Doyle & Doak, builders, 1509 Sansom street, have been awarded the contract to build the new \$500,000 Engineering Building at Thirty-third and Locust streets, for the University of Pennsylvania. It will be three stories high, with attic and basement, and will measure 100x300 feet. The building will have a front of brick and Indiana limestone and it will be fire-proof. Plans by Cope & Stewardson, architects, 320 Walnut street.

As noted by us sometime ago, we said that Robt. Tarlo & Son, builders, of 415 South Fifth street, was the lowest bidder and would probably be awarded the contract for the David A. Baker Factory Building at 209 North Eleventh street. The above firm has now signed the contract to erect this structure. It will be six stories high, of brick and slow burning construction and will cost about \$18,000. Plans by Harry Reinhold, Jr., 1004 Chestnut street.

Robt. Tarlo & Son, builders, 415 South Fifteenth street, have been awarded the contract to build the addition to shops of the Remington & Sherman Company, at Beach and Vienna streets. The work will include concrete and stone masonry, brick work, cut stone sills work, carpenter and mill work, painting and glazing, hardware structural steel work, galvanized iron work and skylights, and slag roofing. Plans by Wm. Copeland Furber architect and engineer, 421 Chestnut street.

Dietrich & Bowser, builders, 939 North Seventh street, have been awarded the contract to build the Pennsylvania Building at the St. Louis Exposition, St. Louis, Mo. The specifications called for two bids designated as Items 1 and 2. The specification for Item No. 2 called for material of a more expensive nature than did Item No. 2. Their price was \$70,000 and \$73,000, and to be completed within 110 days from day of notice to begin work. Plans by Phil H. Johnson, architect, Fidelity Building.

E. J. Hedden, builder, 14 South Broad street, has been awarded the contract to build the new edifice for the Ebenezer M. E. congregation at Fifty-second and Parrish streets. It will be one-story and gallery high, with a finished basement and will be built of stone with slate roof and will measure 120x80 feet, and will cost, when finished, \$30,000. The above contract does not include steam heating and plumbing, they will be awarded in a few days. Plans by Geo. E. Savage, architect, 1704 Chestnut street.

Kendrick & Roberts, Inc., Jno. Davies & Sons, P. J. Hurley, of this city, have filed bids with Thomas Stephens, architect, Masonic Temple Building, Camden, for the addition to the Keystone Leather Company's plant, at Sixteenth and Mickel streets, Camden, N. J. The addition will be four stories and basement high, 60x90 feet, and will be built of brick and slow burning construction. It will have a fire escape and all up-to-date factory improvements. Bids have also been filed with him for theatre-bowling alley and amusement room for the Order of Elks, to be built at Broadway and Federal streets, Camden, N. J.

ASBESTOS "FIRE FELT" PIPE COVERING

Recently published tests show an annual saving by use of this covering amounting to about 50c. per square foot of pipe surface, equal to about \$5000 per hundred lined feet of 24" pipe. The first cost is less than 25c. per square foot or a net return of 200% on the investment. Once on the pipes, the covering needs no further attention. Can you afford to leave your pipes uncovered?

TUBULAR HEATING AND VENTILATING CO.

DEAR SIRS: Having worked on heaters for twenty-five years, and put up all kinds, can say for the Forbes Warm-Air Furnace—it is PERFECT, is all that can be said, as we have been putting them in for the last three years, and letters of congratulation have come to us, and wanting to give us their references, but I find the heater and proper construction will do more for its recommendation than all references. Good goods and proper construction will recommend themselves.

Yours respectfully,
FRANK H. HERMAN & SON

ARCHITECTS' NOTES

J. R. Ogden, architect, 1003 Atlantic avenue, Atlantic City, N. J., will be ready in a short while for estimate for 4 cottages to be erected on Maryland avenue north of Baltic for S. M. Escoffery. They will be three stories high and will contain all modern improvements. One will be heated by steam heat.

Chas. E. Oelschlager, architect, Harrison Building, has completed plans and specifications for a three-story addition, 20x131 feet, to the Philadelphia Laundry and Toilet Company's Building, situated at 1020-31-33 Vine street. Bids due Friday, August 14th, at 5 P. M. The following builders are bidding: Joseph Bird, Alexander Chambley, P. J. Hurley, J. H. Jordan and Mitchell Bros.

Geo. Bisphan Page, architect, Harrison Building, has completed plans and specifications and sent same out to builders for estimates for alterations and additions to the residence of Henry Potts, Esq., at 905 Clinton street. Bids due August 13th. The following builders have been invited to bid: W. R. Dougherty, Jacob Myers & Son, Appleton & Burrell and J. P. Thompson.

C. E. Schermerhorn, architect, 430 Walnut street, has prepared plans and specification for a two-and-a-half-story frame house with stone base to be located corner of Union & Birch avenue, "Walnut Hill," Bala, Pa., for Mr. Alfred James. The house will be finished in red oak. It will be heated by hot water, wired for electricity, open plumbing, exterior bevel siding and dipped shingles and will cost \$5,000. Owner will take bids.

Isaac Pursell, Architect, 119 South Fourth street, is working on plans for the remodeling of the center building of the Home for Feeble minded Women at Vineland, N. J. Bids will be advertised for this work in about one week's time.—The same office is working on plans for a new schoolhouse to be built at Blackwood, N. J. It will be two stories high and will be built of frame and will have the usual schoolhouse appointments and will cost about \$6,000. Will be ready for bids in about one week's time.

Duhring, Okie & Ziegler, architects, South Penn Square Building, have completed plans and sent same out for bids for two new wings to the public school house at Riverside, N. J. Bids due August 18th. Geo. Schlie and Geo. Arandt, Alex. Bright, of Riverside; J. D. Lipincott, of Burlington, N. J., and Lewis Johnson, of Delanco, N. J., are bidding.—They will also send out plans and specifications on August 14th for a Sunday-school building to be three stories high, 70x100 feet, to be built of brick and stone for the Linden Baptist Church, of Camden, N. J.

Stearns & Castor, architects, Stephen Girard Building, have completed plans and specifications and sent same out to builders for the

parish house at Elkhart and Emerald streets, for the Protestant Episcopal Free Church of St. John. It will be three stories and basement high, 65x97 feet, and will be built of stone and brick with slate roof. The basement will contain gymnasium and locker room. The first floor, Bible and infant class; second floor, main Sunday-school room and third floor, gallery. Bids due August 20th. The following builders are bidding: Appleton & Burrell, Henderson & Co., F. L. Hoover & Sons, Inc., Philadelphia Contracting Company, James Orr, Cornelius Keily, Jas. McNutt, Kendrick & Roberts, Inc., and Robt. Beatty.

BUILDING AND REAL ESTATE NOTES

Chas. Gilpin, builder, Northeast corner of 15th and Chestnut street, has plans posted for a three-story fireproof warehouse to be built at the Schuykill Arsenal, for the United States Army. Bids due at the Department of Quartermaster, 1420 Arch street, August 28th.

W. W. Rea & Son, builders, 1815 Francis street, have been awarded the contract for the erection of the new house for aged veterans and wives at Sixty-fifth and Vine streets. It will be three stories high of brick and stone and all modern improvements. Plans by Chas. W. Bolton, architect, Witherspoon Building.

G. W. & J. M. Zane, builders, 30 South Fifteenth street, will build an operation of 188 houses, to be two and three stories high of brick with all modern improvements, at Twenty-sixth and Cumberland streets on the site of the old Dingee brick yard. They will contain all modern improvements.

W. J. Gruhler, builder, 77 Herman street, Germantown, has been awarded the contract to build the new residence at Jenkintown, Pa., for Mr. Ellis D. Williams. It will be three stories high, of stone and will contain every appointment and convenience. Plans by Mantle Fielding, Jr., architect, 110 South Fourth street.

P. J. Hurley, builder, 1216 Chancellor street, has been awarded the contract to build the two story and basement enameling works 42x80 feet, at Forty-fourth and Ludlow streets for Joseph H. Hines. It will be built of brick and slow burning construction and will have all up-to-date improvements. Work will proceed at once.

J. S. Rodgers & Company, of Stanwick, N. J., have been awarded the contract to build the four-story brick and slow-burning construction addition to the Keystone Leather Company, plant at Sixteenth and Mickel streets, Camden, N. J., according to plans prepared by Thomas Stephen, architect, Masonic Temple Building, Camden, N. J.

H. M. Kister, builder, 129 South Seventh street, has been awarded the contract to build a seven-story addition and strengthening of the fourth, fifth and sixth floors of the building situated at the northeast corner of Tenth

and Filbert streets for S. Sternberger, according to plans prepared by Collins & Autenreith, architects, 410 Walnut street.

R. C. Ballinger & Co., builders, 213 North Thirteenth street, have been awarded the contract to build the Industrial Building for the Institute for Colored Youths at Cheyney, Pa. It will be three stories and basement high, 90x42 feet, and will be built of stone with slate roof. Plans by Morris & Vaux, architects, Stephen Girard Building.

A \$70,000 bridge is about to be built across the Philadelphia & Reading Railway tracks at Seventeenth and Indiana avenue. The contract for this work was awarded to McQueen Gray. For this contractor Jno. B. Fraim will begin work the first of next month and will have it finished in six weeks. The bridge will be a steel span 160 feet long and 50 feet wide and about 21 feet above the tracks.

Wm. J. McShane, builder, 1517 South Thirteenth street, has been awarded the contract to build the commission warehouse at the southeast corner of Front and Spruce streets for D. J. Wheaton. It will be three stories high, with mansard roof, 10x40 feet, and will be built of brick and stone trimmings. Plans by Ralph H. White, architect, Pennsylvania Building.

Oakes & Tyas, builders, 45 North Thirteenth street, have plans posted for a new brick front and general interior improvements to the residence of Mr. W. Evans, at 727 Spruce street. Bids due August 6th.—They have been awarded the contract to build new bulks and make minor improvements to the residence of Mr. Giffert, at 250 North Fifteenth street.

Negotiations are under way pending for the purchase, by Philadelphia capitalists, of the electric railway system at Ithaca, New York, which comprises fifteen miles of line and is capitalized at nearly \$1,000,000. Chandler & Leland, stock and bond brokers in the Philadelphia National Bank Building, are understood to be the intending purchasers.

Chas. Gilpin, builder, northeast corner of Fifteenth and Chestnut streets, has been awarded the contract for alterations and improvements to 623 Walnut street, for Judge W. Porter, agent. Work will proceed at once.

The Wm. H. Hoskins Company has been awarded the contract for furnishing the interior steel filing equipment for the Land Title & Trust Company's new annex.

Edw. Fay, builder, 2666 Richmond street, has been awarded the contract for alterations and additions to the school building on Bainbridge street between Ninth and Tenth streets. His price was \$19,328. Not cementing cellar, deduct \$400. As the appropriation for this work was \$19,000, he was awarded the contract less the price of the cement work. Plans by Horace J. Cook, architect for the Board of Education.

Proprietor, Publisher and Editor.

PHILADELPHIA, WED Y, AUG. 12 1903

That a radical change is taking place in the distribution of the country's negro population is apparent from the great influx of colored people into this city.

Indeed, it is asserted, with evidence enough to justify the statement, that while Philadelphia used to rank as the 28th in the list of cities, as to negro population, that now it is the second in that respect and is only outranked by New Orleans.

It is the popular idea throughout the entire South, that Philadelphia is a perfect Mecca for colored people, and the result is quite apparent.

The sentiment among the white people of the South is to drive out the riff-raff colored class and it is being done effectually, while the respectable and industrious class is treated kindly and encouraged in every direction.

The fact is, that Philadelphia has been made the dumping ground for the criminal negro class of the entire South and this is responsible for the heavy increase of crime in our city, a large part of which is committed by these adventurous and shiftless negroes.

The negro criminals recently figuring in the city's criminal records have come from the South with but very few exceptions, and while other cities and towns in this vicinity have suffered in this direction it is small when compared with our own experience.

THANKS!

Dear Sir:

Please accept this little tray with our compliments. Do not be afraid to use it. It is made from our "MF" Roofing Tin, and is practically indestructible. Keep it on your desk as a continual reminder that "MF" Roofing Tin is still the most reliable and therefore the most favored of all roofing material.

W. C. CRONEMEYER, Agent,
American Tin Plate Co.,
Pittsburg, Pa.

We acknowledge the receipt of the tray with our thanks for Mr. Cronemeyer's kindly thoughtfulness. The tray expresses, as was intended, the durable quality of the MF roofing

tin, manufactured by the American Tin Plate Company. Mr. Cronemeyer's address is Carnegie Building, Pittsburg, Pa.

ROOFING TIN

For more than sixty years **MF** ternes were the world's standard for roofing, because no condition of weather, or atmospheric property, or location seemed to affect them. Frequently an **MF** Roof lasted fifty years without sign of corrosion. Read the following unsolicited letter just received from Mr. Jos. F. Jewar, salesman for Tanner & Sullivan, Indianapolis:

"The writer, a traveling salesman for the above firm,

had something come under his observation this week that may be worth your knowing as agent for the American Tin Plate Company.

"While at Wabash, Indiana, this week a customer of mine showed me a sheet of roofing plate taken from an old building. This sheet is 14x20 of the old Welsh **MF** Terne, marked on the under side with the date on which the roof was laid, i. e., 1854, and was in perfect condition; almost as good as the ordinary plate before putting on the roof. Of course this may not be of any benefit to you in any way, but to me it seemed it would show the lasting qualities of a good tin roof, this being in use for 49 years."

Good plates, careful hand work, lots of honest tin and lead alloy, and rigid inspection did it. The **MF** brand originated in Wales, but American ingenuity is never satisfied with "good enough," it strives for further improvement; the **U. S. Eagle N M** (new method) is the result—the finest ternes ever made—all that can be done to this date toward making perfect roofing plates. There is the same old-time good service in **MF**—somewhat more in **U. S. Eagle N M**. **MF** remains the best of all ternes, with the single exception of **U. S. Eagle**. Our products are for sale by all first-class wholesale metal houses.

ALWAYS IN ADVANCE

Rosecrans, 3 Union Square West, have prepared plans for the new Y. M. C. A. Building to be erected at Monroe and Bedford streets, Brooklyn, at a cost of about \$300,000. There will be general offices, a gymnasium, parlors, rooms for educational work and an assembly room with a seating capacity of twelve hundred. There will be a large swimming tank, bowling alleys, two thousand lockers, a fine roof garden and a well equipped restaurant. The upper floors will be fitted up as dormitories.—The Fleischman Realty and Construction Company, No. 7 East Forty-second street, has been awarded the general contract for the erection of the new armory for the Seventy-first Regiment. It will occupy a site on the southeast corner of Park avenue and Thirty-fourth street. The cost will be about \$650,000.

THE MUSIC OF ARCHITECTURE

The decorative carving makes some interesting discoveries. He finds that a few forms answer every purpose. So far as line and mass are concerned, one plant is much like another. The lotus and papyrus do nearly all the decorations of Egypt. The acanthus and honeysuckle are the right and left hand of the Greek and Roman decorator. The flora of Romanesque and Gothic architecture is extremely simple. The Renaissance goes on twisting and turning the Greek acanthus forever. What does it matter? We are not concerned with botany, but with the decorations of buildings. Too much variety will destroy the simplicity of our architectural music. The designer also observes that, according to Ruskin's law, decoration is most suitably placed at the points of rest. The column is too busy to bear much ornament. The architrave and arch are too busy also. There are points where the tension is not so great. The capitals are at rest and the spandrels are at rest; there are spaces where friezes and panels may be used to advantage.

Permitted to imitate nature, the sculptor will not stop until he has reached the chief of nature's productions, man himself. And once you touch the human body in any form of Fine Art all the stops are pulled out. Every form of human emotion, every phase of human passion, all human history are at your disposal. During the great artistic periods the people at large have been illiterate. The instructed classes have appealed to the uninstructed by the aid of sculpture and painting. The temples of Egypt are wreathed with the records of her people. The Parthenon is a golden book, spacious as Iliad, dramatic as Aeschylus, evanescent as Aristophanes. The columns and arches of Rome tremble under the tread of her troops. Throughout the Middle Ages the eyes of the people peer through the darkness of their ignorance to the walls of their churches, where in picture and statue and bas relief all that they know of the past and the future is told them. The decoration of the Gothic churches was the Bible of the people, the Bible that Shakespeare knew. All this cavern story is sung in unison with the architectonic harmonies of the splendid buildings on which it is placed.—Edward R. Smith, in the *Architectural Record*.

BUILDING AND REAL ESTATE NOTES

O'Neil & Co., real estate brokers, formerly at 5217 Haverford avenue, have purchased the northwest corner of Fifty-second street and Haverford avenue, which they now occupy for business purposes.

It is announced that the Corliss Engine Company has decided to erect their new plant at Fifth and Luzerne streets, by sub-contracts. All the work will be done under the supervision of the company.

A new company has purchased the Windsor Hotel, 1219-27 Filbert street. It is announced that the purchasers will expend \$300,000 in remodeling the building. The kitchen and dining-room will be enlarged and extensive improvements made.

Henderson & Co., builders, Heed Building, have plans posted for alterations and additions to the city fire house at Jackson and VanKirk streets, in the Forty-first ward. Bids due August 21st. Plans by Philip Johnson, architect, Fidelity Building.

Harry Kates, builder, of Willow Grove, Pa., has been awarded the contract to build the new residence at Willow Grove, Pa., for David J. Nolan. It will be three stories high, 30x30 feet, and will be built of frame and shingle and will contain all up-to-date improvements. Plans by Ballinger & Perrot, architects and engineers, 1200 Chestnut street.

J. E. & A. L. Pennock, builders, 307 Walnut street, have been awarded the contract to build an additional story to the present rear building of the Penn Mutual Life Insurance Company at 927 Chestnut street. It will measure 60x60 feet, and will be 14 feet high, and will be built of steel and brick and will be fire-proof. Work will start at once.

The large manufacturing plant owned by the Rhodes Brothers, in Aston township, Pa., has been sold at private sale to John H. Parvin, of Philadelphia, for \$90,000. This sale takes in several hundred dwellings. The mill was sold over a month ago by the receiver, but Judge Johnson refused to confirm the sale. The sale to Mr. Parvin was confirmed at once.

O'Brien Bros., builders and owners, 5624 Chew street, Germantown, will erect an operation of 16 two-story brick dwellings measuring 14x20 feet, and two stores, 15x50 feet, on east side of Beechwood street between Church Lane and Nedro street. They will have slag roof and contain all modern improvements. This operation will cost about \$24,000.

A. N. Brindle, builder, of Carlisle, Pa., has been awarded the contract for the erection of the new \$35,000 dormitory building to be built for Mercersburg College. It will be three stories high, of the Tudor Gothic style of architecture, and will be built of rough brick with Indiana limestone trimmings, with slate roof. Plans by Joseph Huston, architect, Witjesspoon Building.

PHILADELPHIA, WED'Y, AUG. 19, 1903

A \$150 TAX RATE ENOUGH

To show that City Councils would not be justified in fixing the tax rate at more than \$1.50, which is the figure Mayor Weaver recommends, an expert authority, Thomas L. Hicks, formerly chairman of City Councils' Finance Committee, replied to questions yesterday, as follows:

The more I read the more certain I am that the entire subject is very much misunderstood—even by those who give it some thought. To sum up the case in the shortest possible manner I can think of will be to answer a few direct questions.

First: Was there any real justification in suggesting a change in the method of assessing property?

CHANGE WAS JUSTIFIED

My answer to this would be yes. For years it has been understood by every one who has given the matter any thought that the plan of assessments gave very wide latitude for differences, discriminations, irregularities and inequalities in assessments, with comparatively little opportunity for discovery or detection; while on the other hand the plan of assessing real estate at its full fair market value is at once simple, easy and equitable, bearing on all alike and not at all difficult in ascertaining. The selling price of a particular property, of the adjoining or adjacent properties as well as the rental values are all of record or easily ascertained.

The new law for the assessment of property for purposes of taxation, which recently went into operation in New York City appears to me to be the best plan to which my attention has ever been directed. Briefly stated the New York plan is arranged as follows: The assessments are arranged by blocks or squares, taking in one side of the street between two given points. The record shows the names of owners or occupants, description of property, size of lots, character and size of buildings, street numbers, lot numbers, and these followed by two separate assessments; one giving the value of land only and the other giving the value of the real estate as it stands. These

assessments when made and completed are published in detail in The City Record, the official daily paper published by the City of New York.

Under the operation of this new law in New York, there does not appear to me to be the slightest difficulty in any citizen ascertaining or determining where any difference or discrimination exists in the assessments.

One very important reason for desiring a revision of the assessments is the fact that there are over 200,000 properties in this city assessed at \$5,000 each or less. These small properties being assessed at from about 80 to 90 per cent. or more of their full fair market value furnish in the aggregate about one-half of the entire assessment of the city, the remaining portion of the total assessment being distributed among favored properties in a much lower ratio, being from about 60 to 70 per cent. of their value and in many cases even below the lower figure.

Just here let me remark the 200,000 or more properties above referred to are, in the main, the small properties belonging to the industrious, frugal, thrifty workmen and women, who, by hard labor and self-denial have bought homes for themselves and their families. They are the many who will derive direct relief and personal benefit from the change in assessments if City Councils fix the tax rate as they should do at the lowest figure mentioned, \$1.50 per \$100 of valuation.

THREE OR FOUR WARDS BEAR HALF

It may be further stated and emphasized that in nearly all these cases the burden of taxes, based upon the new assessment, will not be increased with the tax rate of \$1.50, \$1.55 or \$1.60, while in very many cases they will show a slight reduction, especially at the lower rate of \$1.50.

It will also be found that quite one-half of the increased assessment has been placed in three or four of the wards in the heart of the city, where most of the property for many years has been favored with a very low ratio of assessment.

Second: What was the true reason for suggesting the change? To me there appears to be but one answer—a desire to raise more money for city improvements and other expenses. The present administration came into power early in April last and, among other things handed over by the outgoing "combination" was the legacy of obligation in the shape of "professions and promises" made and unfulfilled—work undertaken and not completed—contracts upon which millions have been spent and for which many millions more will be required, and debts contracted for which no money was available.

WEAVER'S ESTIMATE THE JUST ONE

There being no money at hand—none available—what else was there to do? The plan of raising and equalizing the assessment was then brought forward, and no other plan being presented this was taken hold of as one would grab a life preserver. Those responsible for this plan now appear to be divided as to the tax rate. The Mayor and some others, very properly, want to reduce the rate to the very low-

est sum consistent with good business results, while others, not satisfied with the increased borrowing capacity afforded by the new assessment, desire to keep the tax rate so high that there can be no reduction in the tax bills of the owners of small properties, and at the same time enable them to take from the people from \$2,500,000 to \$3,000,000 of addition revenue from taxation, which will surely be the result if the rate be fixed as high as \$1.65 per \$100 valuation.

The all-important question, therefore, to be settled is which if the two parties is right—the Mayor and those who want the rate at \$1.50, or those who would fix it at \$1.65. Will the plan proposed add to the burden of taxation?

Any plan of revision will add to the burdens of those who have had an exceedingly low ratio of assessment during many years past, just in proportion as they may be increased by the revision; but these are very few in comparison to the many who will have no additional burden imposed, and the many who may find a slight reduction, particularly if the \$1.50 is decided upon.

Here let me emphasize that if there be any heavy burdens in the shape of heavy increases in the amount of taxes to be paid, the responsibility will rest upon Councils and those responsible for fixing, without reason or justification, a tax rate higher than one dollar and fifty cents.

NO DOUBT \$1.50 IS ENOUGH

Beyond doubt the rate should be \$1.50 per \$100 of valuation. This rate will, on an assessment of \$1,162,074,023, produce a tax levy of \$17,082,485 or \$400,000 more than the tax levy at \$1.85 per \$100 on assessment of \$930,000,000, under the old plan. The following table will illustrate:

Assessed value of real estate.	Years.	Tax yield at \$1.50 rate.	Average per \$100.	Taxes collected yearly.	Aver. per \$100.
\$8,12,330,700	1898	\$15,007,099	\$17.88	\$15,076,703	\$18.61

DEAR SIR:

I Will Contract

to heat your residence, however large or small, with HOT WATER, and file a Trust Company's bond for ten times the cost, the same to be forfeited if I fail in any direction.

This means that there shall be more than enough radiation at the smallest possible cost for coal. No leaks, no mistakes, no annoyances of any kind. The boiler to be of the best make.

The responsibility all mine, and the cost no greater because of good work and material.

In the above statement the figures for the years 1898 to 1903 are based upon the controller's annual report, and from these the averages have been calculated and estimates made for 1904.

CONSIDERED FROM ANY STANDPOINT

During the 16 years from 1887 to 1903 the average annual increase in the tax assessment has been \$17,704,650. In 1891 it exceeded \$25,000,000. In each of five of the 16 years it exceeded \$20,000,000. In making estimates for 1904 I have taken the assessments at \$920,573,634, and \$950,000,000, as well as at the new assessment returned by the Board of Revision at \$1,162,074,023. It will be noticed that the lowest of these estimated assessments is placed at \$17,704,650, over the assessment of 1903, just the amount of the average annual increase shown for the past 16 years.

I would call particular attention to the fact the statement also shows the actual cash collections from taxes during each year (current and delinquent), for this is really what Councils have to spend. While they fix the tax rate upon the basis of a certain formula prescribed by law, they make their appropriations and spend on the basis of cash in hand and available. Thus the cash income from taxes is always above and beyond the estimated tax levy, and it averages slightly above the face value of the tax rate.

Considered from any standpoint it will readily be seen that a tax rate of \$1.50 will be sufficient for all purposes when we remember that the new rate of assessment will make it possible for the city to borrow from \$25,000,000 to \$27,000,000. In all reason this would appear to be all that is necessary for at least some time to come.—Philadelphia Record, August 18th.

Harry Schneider, builder, 3427 Hope street, has been awarded the contract to erect the new plant for the Philadelphia Arms Company at Eighteenth and Windrim avenue. It will be a two-story factory, 131x50 feet, and a one-story office and boiler browning and hardening room. They will be built of brick and slow burning construction.

Frank S. Riggs, builder, 608 Chestnut street, will build the five-story store building at 1007 Arch street, for Mr. A. H. Mershon. It will measure 25x165 feet, and will be built of brick and stone and will contain all up-to-date improvements and will cost about \$15,000. Plans by Wesley Lesher Blithe, architect, 14 South Broad street.

Coatesville, Pa., is to have a new trolley which will run from the east to the west on the main street. At a meeting held recently by the Borough Council, the Brandywine Electric Railway and the West Chester Street Railway applied for the franchise. At the next meeting of Council they will award the franchise to one or the other of the companies.

W. R. Dougherty, builder, 1604 Sansom street, has been awarded the contract to build the new stable for Mr. Francis L. Potts, at Bryn Mawr, Pa. It will be one-and-a-half-story high, and will measure 82x65 feet, in-

cluding the courtyard, and will be built of stone (details previously noted). It will cost about \$13,000. Plans by T. Mitchell Hastings, architect, 328 Chestnut street.

Wm. G. Elliott, of Modena, Pa., builder, has been awarded the contract to build the two-and-a-half-story residence at Coatesville, Pa., for C. L. Raymond. It will be built of brick, with slate roof, and will have a porch on front. The first floor will be finished in chestnut and the balance in white pine. It will have all modern improvements and will cost about \$3,200. Plans by Pugh & Downing, architects, Lippincott Building.

J. E. & A. L. Pennock and Kendrick & Roberts, Inc., and Doyle & Doak, have plans posted for the new Atlanta Terminal Station to be built at Atlanta, Ga. It will be four stories high, 180x51 feet, and will be built of brick, stone and terra-cotta. It has an ornamental tower with tower top. Bids due September 13th. Plans by P. Shorten Marge, Washington, D. C.

H. Marion Zane, builder, Hale Building, has been awarded the contract to make alterations and additions to the residence at 2008 South College avenue, for Mr. P. A. Davis. Also will make alterations and improvements to property at 134 North Fifteenth street. New bulks will be built and general interior alterations will be made. Work will proceed at once.

Frank T. Maguire, of 1720 Sansom street, builder, has been awarded the contract to build the emergency house at 627-629 North Thirteenth street, adjoining the big power house of the company for the Philadelphia Rapid Transit Company. It will be two stories high, 32x80 feet, and will be built of brick and stone. It will cost \$11,000. Plans by W. S. Twining, chief engineer for the company.

W. J. McShane, builder, 1517 South Thirteenth street, has been awarded the contract for stone work of the foundations and excavating of the proposed new convent of the Little Sisters of the Poor, to be built at Fifty-third and Chester avenue. It will be a five-story structure, of Port Deposit stone. Contract price, twenty thousand and eighty-three dollars, plans by Rowland W. Boyle, architect, 1624 Chestnut street.

Bids have been submitted to Amos Barnes, architect, 901 Walnut street, for the proposed new chapel to be erected at Sixty-third and Grays avenue, for the Olivet Methodist Episcopal Church, according to plans prepared by him. It will be a two-story and basement structure, 47x48 feet, and will be built of stone. Builders Doyle & Doak, Machin & Brown, R. I. Whiteside & Son, William D. Mensing and S. Casals Company, have filed bids.

J. S. Cornell & Son, builders, Girard Building, have been awarded the contract to build the two-story and basement stable at Chestnut Hill, for Francis I. Gowen, Esq. It will measure 64x35 feet, and will be built of stone. Plans by Cope & Stewardson, architects, 320 Walnut street. Also will erect a dairy and cow barn, measuring 34x91 feet, with a wagon house wing, 20x40 feet, to be of frame, for Mr. Edgar Scott at Lansdowne, Pa.

J. Sims Wilson, D. W. Sperry, of this city; E. G. Ford, of Fort Washington, Pa.; J. D. Lutz, of Penlynn, Pa.; James Bartleson, and Albert Peck, of Ambler, Pa., have filed bids with Jacob Naschold, architect, 504 Walnut street, this city, for the new stable for Eugene Nice, to be built at Ambler, Pa. It will be two stories high, 35x21 feet, and will be built of frame and will contain the usual sanitary stable appointments.

TUBULAR HEATING AND VENTILATING CO.

228 Quarry St., Philada., Pa.

Gentlemen:

It affords me a pleasure to say to you that the No. 4 Forbes Furnace I purchased of you last fall and placed in my own home at Norwood, Pa., has so far been very satisfactory to me, and has done all that I have required it to do.

Very truly yours,

W. R. TAYLOR

—At Monongahela, Washington county, plans have been prepared by Architect Frank Keller, of Monongahela, for extensive alterations and remodeling of the Monongahela House. The cost will be about \$5,000.

—At Washington, Washington county, the Atlas Glass & Metal Company will erect a large warehouse on South College street. It will be well finished, provided with modern conveniences and will cost about \$50,000.

—At Gettysburg, Adams county, it is said that bids will be received about September for furnishing and erecting a windmill, pump, pipe and tank. John P. Nicholson, chairman, Gettysburg National Park Commissioners.

—At Stroudsburg, Monroe county, the Borough Council rejected all bids opened a short time since for the construction of a sewerage system. The lowest bid was for the sum of \$25,624. New bids will probably be called for.

—At Gettysburg, Adams county, a fraternal house will be erected at a cost of about \$10,000. Architect C. A. Keyworth, 47 East Market street, York, Pa., has drawn the plans and is

receiving bids for the construction of the building.

—At Charleroi, Washington county, the property between Eleventh and Twelfth streets has been bought by the Pittsburgh & Charleroi Street Railway Company. It is said that plans have been prepared for a building to cover the entire site.

—At Lancaster, Lancaster county, it is said that preliminary steps have been taken for the construction of an electric railway from Coatesville to Intercourse and to extend the line eventually to Lancaster. Mr. A. C. Baldwin is interested.

—At Gettysburg, Adams county, a sewer committee, consisting of E. P. Wisotzky, A. B. Plank and J. E. Swift, has been appointed to find out the cost of a sewerage system. J. F. Wisotzky, Secretary Borough Committee, can give information.

—At Perkasee, Bucks county, it is said that Mr. J. H. Werst and other citizens will form a company to erect a block of ten dwellings on the Werst tract of ground. Mr. John Neff, a Philadelphia architect, has been in consulta-

tion with Mr. West and will probably draw the plans for these dwellings.—St. Stephen's Reformed Church is rapidly nearing completion. The windows and the pulpit will be put in by various persons as memorials.

—At McKeesport, Allegheny county, the Finance Committee of Council has recommended to Council that bonds to the amount of \$500,000 be issued for the construction of a new city hall, a filtration plant and also for other public improvements.

—At Allegheny, Allegheny county, a new pumping station will be erected on Broadway street, in the Fifteenth ward, for the use of the Perrysville district. It will be one-story high, twenty-six by fifty-two feet, and well finished and equipped.

—At Reading, Berks county, work will soon begin on the construction of the Pottstown and Suburban Railway in Berks county. The line will be about twelve miles long. It will pass over the streets of Boyertown and join the system connecting with Reading.

—At Manheim, Lancaster county, bids will be received at once for the erection of a town hall. The proposed structure will be of brick, well finished throughout, three stories high, modern conveniences. The cost will be about \$60,000. Mr. Allen Boyd, chairman.

—At Altoona, Blair county, it is stated that bids will be received about September 1st for excavating and furnishing and building abutments for a bridge across Baker Stream at Killbuck Point. C. B. Campbell, Secretary Board of Water Commissioners.

—At Harrisburg, a fund is being raised by the residents of the Tenth ward to buy a clock for the tower of the new Camp Curtin School Building.—Plans have been prepared for additional improvements to the Union Station by the Pennsylvania Railroad Company.

—At Harrisburg the Methodist Episcopal Congregation will erect a new church.

—At Masontown, Fayette county, a Masonic Temple will be erected at a cost of about \$16,000. The plans have been prepared by Architect A. P. Cooper, of Uniontown, Pa.

—At Latrobe, Westmoreland county, the contract for the construction of two additional tracks for the Pennsylvania Railroad between Latrobe and Derry has been awarded to H. S. Kerbaugh, of Philadelphia. The estimated cost is about \$400,000.

—At Erie, Erie county, it is said that the contract for the erection of the Majestic Amusement Company has been awarded to the Henry Shenk Company, 900 Lewis Block, Pittsburg, Pa. The cost will be about \$100,000.

—At Chester, Delaware county, it is stated that the Chester Lodge of Elks will erect a building to cost about \$20,000.—The Y. M. C. A. is said to have under consideration the erection of a building to cost about \$50,000.

—At Ridley Park, Delaware county, Council has been asked to connect what is known as the Boulevard with the borough's sewer system, in which case it is said about twenty modern dwellings will be erected on that thoroughfare. Ex-Burgess H. F. Kenney can give

information. It is said there is a disposition to limit the dwellings to those of a superior kind.

—At Altoona, Blair county, it has been announced on reliable authority that the Pennsylvania Railroad Company will erect two additional steel car plants, to be located below the present plant. The estimated cost is about \$500,000. They will not be erected until next year.

—At Danville, Montour county, the Danville & Riverside Street Railway Company has been granted a charter to construct a trolley line from Danville to Riverside by the way of South Danville. It will be about three miles long. W. F. Pascoe, of Allentown, is president.

—At Lancaster, Lancaster county, Architect C. Emilen Urban, Woolworth Building, has prepared plans for a six-story stone and steel bank building to be erected at Lancaster. It will have fine interior finish, handsome fixtures, tile work and all modern conveniences. The estimated cost is about \$60,000.

—At California, Washington county, Underwood & Smith will erect a three-story business block from plans prepared by Architect A. P. Cooper, of Uniontown, Pa. The structure will be well finished throughout, sanitary plumbing, all modern conveniences. The cost will be about \$50,000.

—At Irwin, Westmoreland county, plans have been prepared by Architect Edward Hick, care of Mr. H. Lohman of McKeesport, for a brick building to be fitted up as a store and apartment house. It will be well finished, provided with modern conveniences and will cost about \$10,000. The owner is Dr. Baxter.

—At Johnstown, Cambria county, a site has been bought at Jacobs Hollow for a power house by the Johnstown & Geisstown Electric Railway Company. The right of way has been secured by the company for a trolley line from Walnut Grove to Geisstown, on the line between Johnstown and Geisstown.

—At Butler, Butler county, plans have been prepared by Architects Foster & Allen, of Butler, for a two-story and attic brick dwelling to be erected for Mr. G. L. Schenck. It will have fine interior finish, tile work, sanitary plumbing, plate and ornamental glass, all modern conveniences. The estimated cost is about \$30,000.

—At Harrisburg, at a special meeting of the Park Board a few days since, Mr. Warren H. Manning, of Manning Brothers, entered preliminary plans for a parkway drive to connect all the parks of the city. The plan calls for a parkway with grass plots on either side as far as possible along the heights at the east of the city.

—At Washington, Washington county, plans have been prepared by Architect John W. Vester for an addition to the Washington hospital. It will be three stories high, of brick and stone or terra cotta trimmings, fine interior finish, sanitary plumbing, tiling, and all modern conveniences and appliances. Work will begin as soon as possible.

—At Haverford, Montgomery county, the Haverford Township School Board, of which John R. Valentine, master of bounds of the Radnor Hunt Club, is president, has awarded the contract for a new school building to be erected near Ardmore, just across the Montgomery county line. —At Norristown, Montgomery county, the County Commissioners, at a meeting held recently, adopted plans for a new county bridge in Lower Merion township, near Righter's Mill, to replace the present structure.—A new bridge will also be erected at Oreland, Pa., over the tracks of the Reading Railway to replace the bridge at that point, which has been condemned as unsafe. Both bridges will be of steel. County Engineer Dager will be in charge. Bids will be called for.

—At Harrisburg, the contract for the erection of the new cold storage plant and warehouse at the State Lunatic Hospital, has been let to Coder & Miller, of Harrisburg, for \$15,542. The structure will be of red brick and will adjoin the new kitchen on the south, the communication between the two being by an inclined runway. The storage rooms and cold storage plant will be the structure which will be 40x118 feet. Architect Addison Hutton, of Philadelphia, drew the plans.

—At Allentown, Lehigh county, the Court has appointed viewers to confer with the officials of the railroad in regard to the construction of a bridge to connect the Sixth and Tenth wards. Two sites are now under consideration, one at Allen street and the other at Tighman street. The cost of a bridge at the first-mentioned site is estimated at \$40,000, and the cost of a bridge at Tighman street, is estimated at \$120,000. It is said that the railroad officials are in favor of the Tighman street site.

—At Jeannette, it is stated that work will begin in the near future on a trolley line from Jeannette to Adamsburg, Madison, Arona and other towns to West Newton. The road will be built by Jeannette capital. The length of the line will be about fourteen miles. It is stated that the new line will be part of the Pittsburg, McKeesport and Connellsville line and will ultimately connect with the Greensburg & Southern Company's line at Ludwick. Mr. W. A. Cribbs, of Jeannette, is interested.

—At Linglestown, Dauphin county, the contract for the completion of the Linglestown and Blue Mountain Electric Railway from Shoops Church to Linglestown has been awarded to Daniel Smith, of Linglestown. Work of construction will begin at once. The line is about completed to Progress from Shoops Church and will be extended beyond Progress through a beautiful farm country. There is a fine park site along the route, which will be improved.

—At Altoona, Blair county, the foundations of the new St. Mary's Convent have been finished and work will proceed on the superstructure.—Mr. H. H. Detrich is erecting a double dwelling at Third avenue and Eleventh street. Each side will contain eight rooms and a bath. It will be well finished throughout and provided with modern conveniences.
